County Treasurer Offers Drop-Off / Pick-Up Registration Option at 46th and R Street DMV

Andy Stebbing, Lancaster County Treasurer, announced today that a secure drop-off box has been installed at the main DMV facility. The box will serve a variety of functions. First we hope citizens will utilize the box as another convenient option to renew their vehicle registrations. Simply complete the form located next to the box and leave your vehicle information, a check, and proof of insurance in a provided envelope.

Another use will be to accept property tax payments.

“Paying taxes needs to be as simple and easy as possible,” Stebbing said. “We want to be the very best and will continue to strive for our goal.”
