LANCASTER COUNTY BOARD OF COMMISSIONERS  
THURSDAY, JUNE 25, 2020  
COUNTY-CITY BUILDING  
ROOM 112 – CITY/COUNTY CHAMBERS  
8:30 A.M.**

Commissioners Present: Sean Flowerday, Chair; Rick Vest, Vice Chair; Roma Amundson, Deb Schorr and Christa Yoakum

Others Present: Kerry Eagan and Dave Derbin, Chief Administrative Officers; Ann Ames, Deputy Chief Administrative Officer; and Leslie Brestel, County Clerk's Office

*Advance public notice of the Board of Commissioners Staff Meeting was posted on the County-City Building bulletin board and the Lancaster County, Nebraska web site and provided to the media on June 24, 2020.*

The Chair noted the location of the Open Meetings Act and opened the meeting at 8:32 a.m.

**AGENDA ITEM**

**1. APPROVAL OF STAFF MEETING MINUTES FOR JUNE 18, 2020**

**MOTION:** Vest moved and Amundson seconded approval of the June 18, 2020 Staff Meeting minutes. Amundson, Schorr, Yoakum, Vest and Flowerday voted yes. Motion carried 5-0.

**2. LEGISLATIVE UPDATE – Joe Kohout and Brennen Miller, Kissel, Kohout, ES Associates LLC**

Kohout reviewed the weekly legislative report (Exhibit 1). He noted there is discussion regarding the possibility of reserving some of the CARES Act funding for vaccines. He suggested further discussion with the Board at a later date.

Additionally, the Legislative Speaker's procedural changes memorandum was distributed (Exhibit 2).

Kohout said the Tri-County Breakfast is scheduled for Monday, January 11, 2021 from 8:00 am-10:00 a.m. He will work with the Chief Administrative Officer to set a date for the Lancaster 101 meeting.

When asked about possible change in requirements to help alleviate overcrowding at the jail, Kohout stated there are bill packages in 2021.

**3. DEPARTMENT BUDGET HEARING** – Dennis Meyer, Budget and Fiscal Officer

**A. Aging Partners** – Randy Jones, Aging Partners Director

Jones gave a presentation (Exhibit 3). He said there is an increase in the number of senior citizens being victimized by scams.

When asked about pop-up health and wellness clinics, Jones stated all areas of the county will be considered for these clinics.

**4. BUDGET UPDATE** – Dennis Meyer, Budget and Fiscal Officer

Meyer reviewed the budget update (Exhibit 4) stating last year's fund balances were down \$1,400,000 and that the \$2,000,000 contingency fund has been depleted. The draft budget will include a proposed \$2,000,000 for the cash reserve. The General Fund increase expenditures will start between \$6,500,000-\$7,000,000, with approximately 50% due to salaries and benefits. He said he currently feels the contingency fund should not be dropped below \$2,000,000. Additionally, the County Engineer's budget request is \$1,800,000 more than last fiscal year's dispersed amount. He noted the Building Fund has funds for some of the Facilities Study priorities, but not all requests will be able to be funded.

Regarding CARES Act reimbursement for COVID-19 expenses, Meyer said the reimbursement forms are not available until July. An email has been sent to department heads stating all expenses and supporting documentation needs to be sent to him by July 3.

Meyer noted the Southeast Nebraska Development District (SEND) program public comments are due by June 26. SEND program applications will be available in mid-July.

**5. BOARD GOALS FOR DIVERSITY TRAINING** – Doug McDaniel, Director, and Daisy Brayton, Human Resources Coordinator, Lincoln-Lancaster County Human Resources

McDaniel reported there are trainings scheduled on September 23 and January 31 regarding bias and diversity. He inquired what types of diversity trainings the Board has in mind.

Schorr asked if employees are required to have diversity training. McDaniel answered no, the only training required is sexual harassment retaliation. All other trainings are available for those who are interested. He added the County does not have an electronic learning management system, though a module could be purchased.

Yoakum stated she feels diversity training should be an ongoing training, not just when an employee is first hired.

Brad Johnson, Corrections Director, stated each employee at the jail has to go through an academy training center which has interactive training sessions on bias and inclusivity. Staff

has been very receptive to the trainings. He added holding training sessions for a 24/7 staffing situation is difficult, so advanced planning and notice is necessary.

Regarding computer-based training at the jail, Johnson said an internal system has been developed, but there is nothing formal. Many trainings are conducted during staff briefings.

When asked what other departments are currently doing for diversity training, McDaniel answered some are using third-party groups to conduct trainings. Daisy Brayton, Human Resources Coordinator, added she is part of The Lincoln Circle, which offers diversity trainings in various formats. Yoakum added Inclusive Communities in Omaha is another organization that offers such trainings.

Rob Ogden, County Assessor/Register of Deeds, stated his office uses LinkedIn Learning for both hard-skill and soft-skill teachings. His team has had a great response with this program.

## **6. COVID-19 UPDATE AND RESPONSE**

Eagan noted there was an editorial in the Lincoln Journal Star regarding the option for face mask requirements for the public.

## **7. CHIEF ADMINISTRATIVE OFFICER REPORT**

### **A. Legislative Retreat Location and Date**

Derbin noted the Legislative retreat will be held August 20 at the Lancaster County Sheriff's Office (LSO) training rooms A and B. If necessary, additional dates will be explored to accommodate Commissioner availability.

### **B. Mayor's Nomination of Pablo Cervantes to the Lincoln-Lancaster County Planning Commission to fulfill Sham Al-Badry's unexpired term, which concludes August 24, 2025**

Derbin reviewed the nomination (see agenda packet) which will be on the July 7 agenda. He added the Board has the ability to ask for additional nominations.

### **C. Reappointment of Jim Cada to the Lancaster County Veterans Service committee for a term from July 1, 2020 through June 30, 2025**

Derbin reviewed Cada's reappointment (see agenda packet). This item will be on the next Tuesday agenda for Board action.

## **D. Pension Review Committee Membership**

Derbin stated he wants to formalize the Pension Review Committee and create bylaws to be able to keep track of the committee members (see agenda packet). Eagan added there are general guidelines with the investment policy. These committees can be held fiduciarily responsible if there are lawsuits.

Flowerday said Pam Dingman, County Engineer, has expressed interest in serving on the committee.

Schorr added the committee should have a retiree as a member.

## **8. DEPUTY CHIEF ADMINISTRATIVE OFFICER REPORT**

### **A. Lancaster County 2020 Priorities**

Regarding the Stepping Up Initiative, Schorr said Lancaster County was selected by a national organization to be interviewed for the program's current outcome.

Flowerday stated the Planning Commission passed the solar energy text amendment. This will come to the Board in July.

## **9. DISCUSSION OF BOARD MEMBER MEETINGS ATTENDED**

### **A. NACO Board of Directors Meeting – Amundson / Schorr**

The report was given at the June 18 staff meeting.

### **B. Lancaster County Fairgrounds Joint Public Agency (JPA) – Amundson / Vest**

Amundson reported there was no meeting. She noted the State Fair will have a show-and-go with the animals. Additionally, many of the static displays will be held by Zoom.

### **C. New Americans Task Force – Yoakum**

Yoakum stated the refugee resettlement coordinator is retiring. Additionally, a survey was completed in relation to developing career pathways for individuals with non-USA recognized educational degrees. This will be presented at the July 2 staff meeting.

## **OTHER MEETINGS**

### **City-County Common Meeting**

The next Common meeting will be held in Room 112 unless another location can be found.

### **LES Zoom**

Schorr reported Lincoln Electric System (LES) is going to resume disconnections and collections of electric bills not paid due to the pandemic.

## **10. SCHEDULE OF BOARD MEMBER MEETINGS**

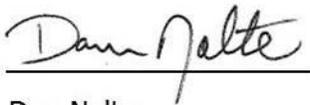

Informational only.

## **11. EMERGENCY ITEMS**

There were no emergency items.

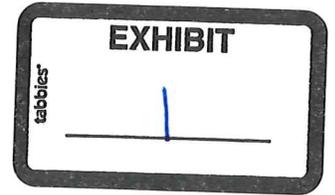

## **12. ADJOURNMENT**

**MOTION:** Schorr moved and Vest seconded to adjourn the meeting at 10:36 a.m. Schorr, Amundson, Yoakum, Vest and Flowerday voted yes. Motion carried 5-0.

**LEGISLATIVE MEMORANDUM**

TO: Lancaster County Board of Commissioners  
FROM: Joseph D. Kohout  
Brennen L. Miller  
DATE: June 24, 2020  
RE: Weekly Report

---

Good Morning. Please accept this as your weekly report for the 2020 session of the Legislature for the date noted above. Since the last report on June 18, 2020, the Legislature has remained in recess due to COVID-19 concerns. However, Speaker Scheer has announced that the Legislature will reconvene on July 20<sup>th</sup> and will adjourn Sine Die on August 13<sup>th</sup>.

Further, the Speaker has published a memorandum which outlines how the Legislature will reconvene. Among other things, the memorandum states that Senators wishing to speak with lobbyists must exit the Chamber through the back north door and re-enter through the back south door. Further, it states that Senators will want to utilize text messaging, their cell-phone (in a phone booth), and their intercom for communication with persons outside the Chamber. The memorandum was sent via email yesterday and reattached with this update.

**SEN. SUZANNE GEIST REQUEST**

Yesterday, we received a request from Senator Suzanne Geists office for some information on who in the county was the appropriate contact for a constituent interested in obtaining a Federal Firearms License for their business. We received the appropriate contact back from Mr. Derbin and the answer was routed to Senator Geists office.

**SCHEDULING**

Brennen has been working with Mr. Derbin and Mr. Eagan on the scheduling of the Tri-County Breakfast during the 2021 session. We have scheduled Monday, January 11, 2021 from 8-10am at NACO's offices. Both Sean Kelley and Tim Gay will be notified for invitations to go out from their respective clients.

We would recommend that we start looking at a date for Lancaster County 101 for the fall. Historically, we have set this meeting for after Thanksgiving for introduction of new Senators to

Lancaster County and our priorities. I would recommend that we look at either the Monday or Tuesday within two weeks after the elections for a possible meeting – ideally falling on one of the following:

November 9, 2020  
November 10, 2020  
November 16, 2020  
November 17, 2020  
November 18, 2020

Please let us know how you would like to proceed.

### **INTERIM STUDIES**

We have mentioned in previous reports that we should pull together ideas for interim studies. Here is what has been received:

1. 24/7 Sobriety;
2. Review of fees and fines;
3. LR183 follow up;
4. Move the cost of housing HHS Offices back to the state; and
5. Minimizing barriers for individuals being released from the County Jail to obtain a state ID

We attached draft versions of the interim studies to reports in weeks past. We encourage you to review the reports for action.

As we have previously mentioned, we will need to be cognizant of is how much time we have post-adjournalment to do interim studies. With session adjourning on August 13, 2020 and elections in November, the window for interim studies will be abbreviated.

### **CARES ACT FUNDING**

On May 27, 2020, during his daily press conference, Governor Ricketts announced how he intends the state to spend the federal CARES Act dollars distributed to Nebraska. Please note that below is a general outline of what was announced, and the PowerPoint utilized by the Governor was attached to the email that contained the May 28, 2020 report. Here is how he intends to distribute the funds:

#### **GOVERNMENTS: \$180 MILLION**

*State Government - \$80 Million; Local Governments - \$100 Million*

Dollars will be for reimbursement of direct costs associated with COVID including PPE, overtime, sanitizing spaces, dedicated payroll for COVID public safety employees.

Counties, in order to be eligible, must have 'business as usual' by June 8th (open public offices and services). Subsequent to this report, NACO has indicated that the Governor has agreed to push this back one week to June 15, 2020.

#### **COMMUNITY CARES PROGRAM: \$85 MILLION**

*Behavioral Health Regions - \$5 Million; Community Collaboratives - \$20 Million; Providers and/or Non-Profits demonstrating increased demand and lower donations \$40 Million; Shelters and/or Housing - \$20 Million*

Specifics of this program are being established by the Nebraska Department of Health and Human Services. We are aware that the Division of Behavioral Health does not have a clear road on how to spend the \$5 Million in additional funds.

**SMALL BUSINESSES/LIVESTOCK STABILIZATION: \$392 MILLION**

*Small businesses between 5-49 employees; Livestock operations between 1-10 employees*

The funds will be distributed in \$12,000 grants to all qualified. The Governor hosted Press Conference which focused on this component on Friday, June 12, 2020. Those who joined him at the podium included Director of Economic Development Tony Goins and Director of Agriculture Steve Wellman. There were many, many questions and the applications became active this week.

**REMOTE ACCESS, WORKFORCE RETRAINING, GALLUP: \$62 MILLION**

*Rural broadband development - \$40 Million; Workforce Retraining - \$16 Million; Gallup Training - \$1 Million*

Rural broadband development with Impacting 26,285 households in 41 communities of 1,000-5,000 in population and workforce retraining will include \$1,100 grants for students (up to 12,000 total) and Career Coaches, administration and faculty at a total of \$2.4 Million. The Department of Economic Development has hosted two meetings for parties interested in the \$40 Million being deployed for broadband coverage the last two Fridays.

**UNEMPLOYMENT TRUST FUND: \$427 MILLION**

This concludes our report for this week.

To: Colleagues, Staff, and Interested Persons  
From: Speaker Jim Scheer   
Date: June 23, 2020  
RE: Procedural Modifications for the remainder of the 2020 Session

I have been working with Senator Hilgers, Clerk Patrick O'Donnell, Legislative Services Coordinator Chuck Hubka, and other key staff to make modifications to the Chamber and to our procedures to provide us with a safer environment upon our return. These modifications are based upon the recommendations of Pat Lopez, Acting Director of the Lincoln/Lancaster County Public Health Department, and her staff who met with us in the Chamber to provide us with their public health guidance. The Floor practices implemented for the 3 days we met in March will be continued, along with additional physical and procedural practices. My goal is to cut down on the number of people on the floor at any one time and to provide a modicum of social distancing between members and staff on the floor. We will not be operating as usual when session reconvenes on July 20<sup>th</sup>, and it is important that you and your staff familiarize yourselves with the following practices. If you have questions, please feel free to contact me or Laurie in my office.

## Norris Legislative Chamber Access

- Who will be permitted to come into the Chamber will be restricted. The list of persons who will have access to the Chamber will be limited to members of the Legislature, the Clerk and his floor staff which will include the Sgt. at Arms and a limited number of pages, the State Patrol, Legislative Services Coordinator, Executive Board Legal Counsel, my Procedural Advisor, and Legislative Technology staff when needed.
- Legislative staff permitted on the floor, other than those identified earlier, will be contingent upon each bill under consideration. When a specific bill is being heard, the following staff will be allowed in the Chamber: the Legislative Aide of the Principal Introducer,

the appropriate Committee Legal Counsel, and the Director of the Legislative Fiscal Office and one additional analyst when warranted. Legislative staff will be expected to wear a face mask while in the Chamber.

- Senators proposing amendments will not be allowed to have their staff on the Floor during debate of his or her amendment. Additionally, staff will not be allowed on the Floor for delivering items to or retrieving items from his or her senator (see delivery practices below).

- Media normally allowed access to the Floor will be allowed to observe the Legislature in session from the north balcony. Media representatives working out of the north balcony will be required to wear a face mask and to practice social distancing while in the balcony.

- The Chamber glass doors to the Rotunda will not be in use during session. For safety reasons, these doors will not be locked, but they will be roped off and unavailable except in an emergency. Additionally, the entrance into the foyer between the Chamber and the Rotunda will be roped off to the public given the area does not provide enough space for social distancing with normal use.

- All persons will enter and exit the Chamber through the back hallway. The door on the south side will be the single entrance to the Chamber and the door on the north side will be the single exit. Signage will be used to clearly identify exit and entrance doors.

- Leaving the floor to access the Women's Lounge or the cloak room will require a full exit to the hallway and then re-entrance to the Chamber through the south side door.

- All persons entering the Chamber will have their temperature taken prior to admittance. Anyone whose temperature registers at 100.4 or above will be asked to wait outside of the Chamber for 10 minutes at which time his or her temperature will be rechecked. Staff whose temperature again registers at 100.4 or above will not be allowed in the Chamber. Members whose temperature again registers at 100.4 or above, or who exhibit other symptoms of COVID-19, will be asked to not enter the Chamber but will be allowed to participate in debate from the east balcony. A microphone has been installed there to allow these members to engage in the debate.

- The south balcony will be reserved for any member of the Legislature who wishes to observe the session in person but also remove themselves from the floor where complete social distancing is impossible. However, this balcony has not been equipped with a microphone. Senators in the south balcony will not be able to participate in debate unless they return to the floor. Members choosing to sit in the south balcony are encouraged to wear a mask.

- Lobbyists and members of the public will not be permitted in the balconies.

- The Doctor of the Day program will be suspended, along with the Visiting Chaplain program. The opening prayer will be delivered by a senator each morning.

- Legislative Technology staff will not be sitting on the floor each day. For technology assistance, senators will need to notify Dick Brown or another member of the Clerk's floor staff who will contact someone from the Technology office to assist the senator.

#### Delivery of Items to and from Senators on the Floor

- Staff will not be allowed on the Floor to deliver items to or to retrieve items from their senator. A couple of pages will be located in the front office of the Clerk's Office (Room 2018) who will serve as couriers between senators and their staff. Senators' staff may deliver items to the Clerk's Office for delivery by a page to their senator on the Floor. Likewise, senators may give items to one of the few pages on the Floor for pickup by the senator's staff in the Clerk's Office.

- Pages will not be delivering posters from desk to desk in the Chamber for signatures as has been the practice in the last few days of prior sessions.

#### Interaction with the Public, Lobbyists, and Staff

- Sgt. at Arms will not be delivering messages from or to persons in the Rotunda.
- Senators wishing to speak to the public, a lobbyist, or their staff will need to exit the Chamber by the back north door and then re-enter the Chamber through the back south door once they have spoken to the person outside of the back hallway. Senators will want to utilize text messaging, their cell phone (in a phone booth) and their intercom for communication with persons outside of the Chamber.

#### Access to the Hallway behind the Chamber

- Members of the public and lobbyists will not be allowed to cross the secured, roped off hallway behind the Chamber (hallway situated between the west stairs and the Clerk's Office).
- Legislative Staff not allowed on the Floor will be able to use this hallway to travel to the other side as long as they are wearing a mask and wait until the hallway is not congested.

#### Coffee, Tea, Water and Sponsored Food

- Pages will not be utilized for getting coffee, tea, and water for members. We will be operating under a self-serve protocol for refreshments.
- Pages will be routinely sanitizing the coffee and hot water handles and the general refreshments area. Additionally, wipes will be available for senators to use in this area.
- Food sponsored by groups or senators will not be distributed to members of the Legislature in the Chamber or to their offices.
- Senators are asked to eliminate sharing candy or other food items from their desk.

### Modifications to Voting Procedures

- Call in votes will be allowed in lieu of a machine vote from members with assigned seating at a side table, or members sitting in the east or south balconies, as long as the senator is standing and visible to the Clerk.

### Speaking Queue

- In order to prevent congestion at the Presiding Officer's desk, a laptop will be positioned at the front of the Chamber on the south side front desk and one on the north side back row of the Chamber for members to check who is in the speaking queue.

- The Presiding Officer will be announcing the senator recognized to speak in addition to the next two members in the speaking queue in order to minimize senators needing to check one of the two laptops for the speaking queue list.

- Senators sitting in the east and south balconies will be provided with a method to add their name to the speaking queue. Senators in the east balcony will be allowed to participate in debate from the balcony. Senators in the south balcony will need to return to the floor in time to address the body in their speaking queue order.

### Legislative Chamber Social Distancing and Cleaning Practices

- Senators' desks and the front staff desks have been modified to provide a Plexiglas barrier in front of each row.

- The tables on each side of the Chamber (along with the addition of two small extra tables on each side) have been repurposed as temporary members' desks. I am asking the senators who sit on the outside aisle of both the north and south sides of the Chamber, in each row of three members, to utilize the side table next to their row as their Chamber desk. These senators will be able to return to their row for addressing the body and for a machine vote. While the request is made of the members sitting on the outside aisle, the three members in each row may agree to identify a different member for relocation to a side table.

- Two chairs on each side of the Chamber (two in the front and two in the back) have been situated for temporary seating for the senator and committee staff persons allowed in the Chamber during the debate of a bill. (The Legislative Aide of the Principal Introducer whose bill is being debated and the appropriate Committee Legal Counsel.) When not speaking to their senator, these chairs are available for the staff allowed on the floor. Two additional locations at the back of the Chamber under the north balcony are reserved for the Director of the Fiscal Office and one additional Fiscal Analyst when their presence is warranted.

- Senators are encouraged to wear a mask while on the floor when interacting with others.

- The Legislature has hired an outside cleaning crew to sanitize the Chamber, the Senators' Lounge and the balconies each evening. To that end, each member will need to clear off their desk (including side tables used as temporary work stations) of all items, including papers, to allow for proper cleaning. Pages will be tasked with clearing off any member's desk for those members who fail to remember to do so before leaving that evening.

- Each member will have hand sanitizer available at their Chamber desk, including temporary desks, and hand sanitizer will be available at each microphone and in the phone booths.

- Hand sanitizing wipes will be available at each microphone for use on the mic stem.

#### Cloak room

- We are advising only 3 people in the Cloak room (refreshment and exit area behind the Chamber) at one time.

#### Senators' Lounge

- We are advising only 10 people in the Senators' Lounge at one time and that 6 feet of social distancing be maintained.

#### Confirmation Hearings and Executive Sessions

- During the final days of the 2020 Session, only one hearing room will be in use for Committees which need to conduct confirmation hearings. Room 1525 has been modified to allow social distancing between senators on the committee and between the audience members. The public capacity for the room is 27 audience members which should not pose a problem for the remaining confirmation hearings. Currently, five committees will need to hold confirmation hearings (Education, General Affairs, Health and Human Services, Natural Resources, and the Transportation and Telecommunications Committees). Given the availability of only one hearing room for this purpose, Chairs and Committee Clerks will need to plan ahead and be flexible.

- During the final days of the 2020 Session, only two hearing rooms will be in use for Committees which desire to hold an executive session. The first option will be room 1113 which has been set up to allow social distancing between members. If this room is in use, a second option will be room 1524, also which has been arranged to allow social distancing. Again, pre-planning and flexibility on the part of Chairs will be appreciated.

- Each hearing room used during the remainder of this session (other than room 1113) will have one door identified as the single entrance and one door identified as the single exit from the room.

### Test Nebraska

• Testing for COVID-19 is now available through Test Nebraska ([www.testnebraska.com](http://www.testnebraska.com)) to anyone wishing to be tested. You do not need to be exhibiting symptoms in order to get tested. While I am recommending everyone be tested the week prior to our reconvening on July 20<sup>th</sup>, one needs to keep in mind that the test results only indicate that one does or does not have the virus *at that point in time*.

### CDC and Public Health Department Guidelines Recommended Throughout the Legislature

• All senators, staff, lobbyists, and members of the public interacting with the Legislature are encouraged to wear a mask. This includes when you are walking in the hallways, standing in the Rotunda, and when speaking to others either in your own office or when visiting another office.

• Wash your hands often with soap and water for at least 20 seconds. Additionally, use hand sanitizer frequently in between washing your hands.

• Avoid touching your eyes, nose, and mouth with unwashed hands.

• Avoid shaking hands.

• Cover your nose and mouth with a tissue when you cough or sneeze and then throw the tissue in the trash.

### Senator Offices

• Senators are encouraged to implement social distancing in their offices between staff and with members of the public visiting their office.

• If desired, staff will be able to have their temperature taken each day at the back of the Chamber. However, we ask staff to avoid the start of session each day and when the Legislature reconvenes in the afternoon since the hallway will be heavily traveled with members entering the Chamber.

Aging Partners  
Department of Aging  
Presentation to  
Lancaster County Board

June 2020

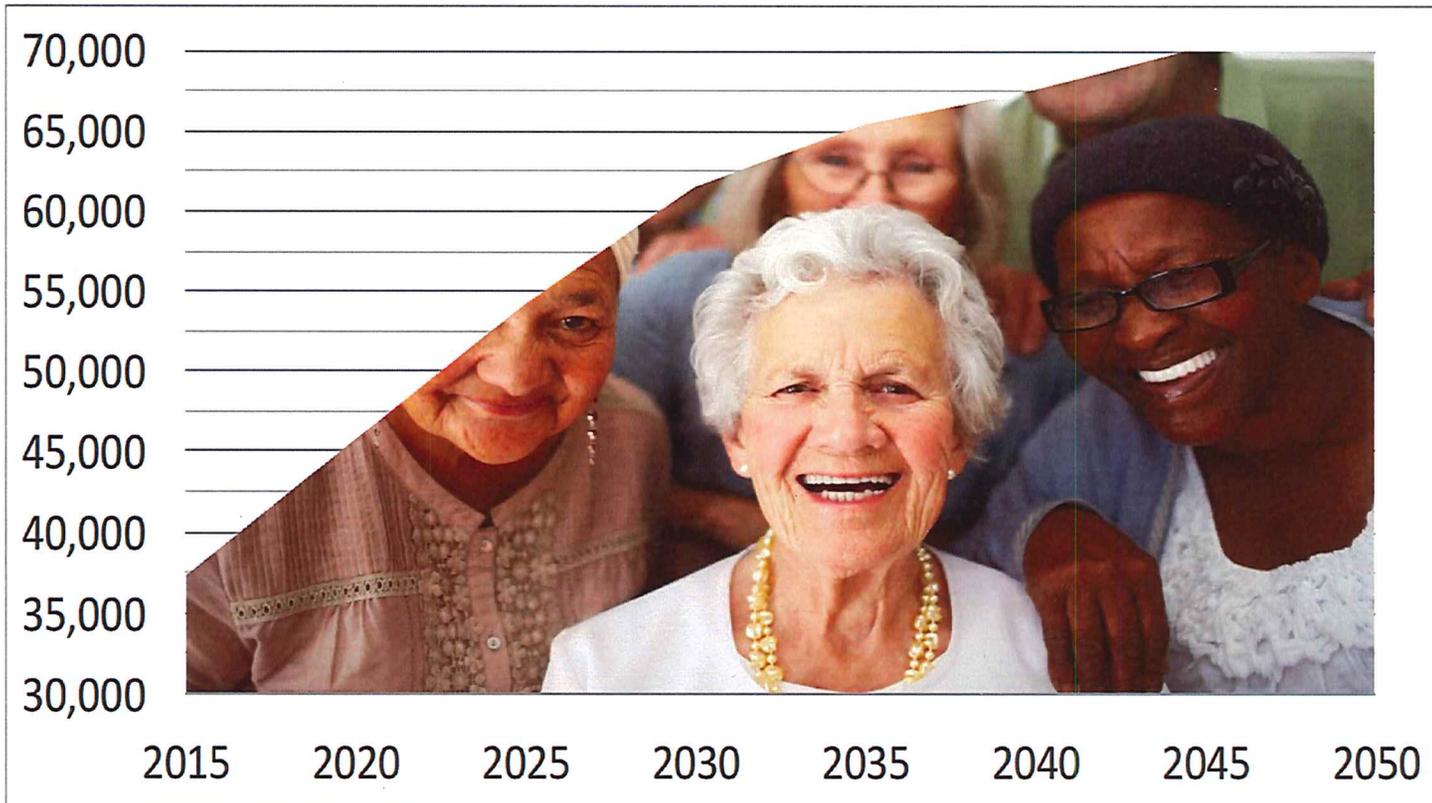

# Pandemic Response

- Increased outreach to most vulnerable clients to ensure needs were met
- Developed and implemented new NeighborLNK program to connect community volunteers with senior “neighbors”
- Enhanced food services by changing from congregate services to home-delivered
- Financial Counseling, legal services, information & referral all continued telephonically.
- Distribution of supplies and nutritional items.
- Social isolation strategies
- Center Openings will follow prescribed LLCHD guidance

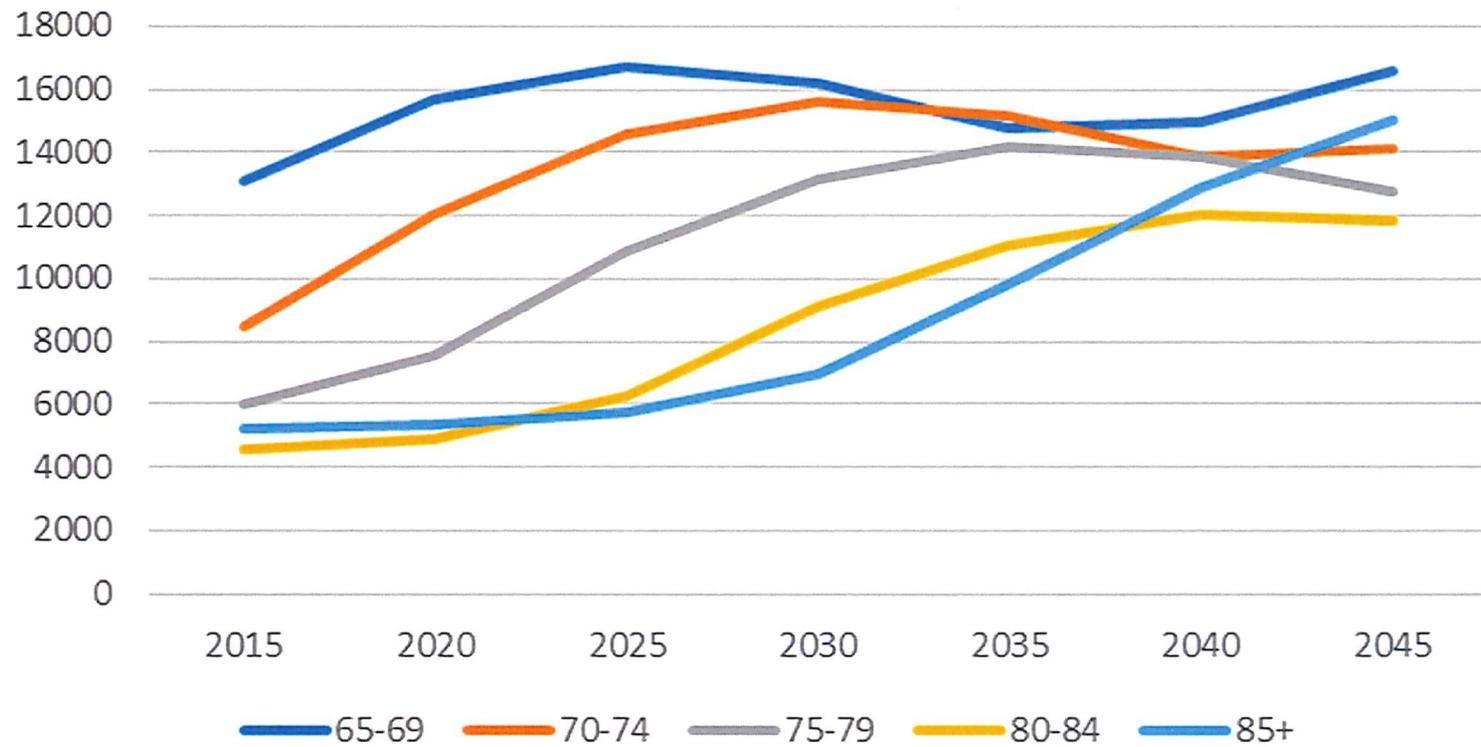

Creatively found ways to brighten days: Sunshine kids, puzzles, notes delivered to seniors in their homes. Phone calls and meal deliveries. Health & Fitness programming enhanced using televised programming.

# Future Growth of Seniors

## Future Growth of Seniors by Age Group

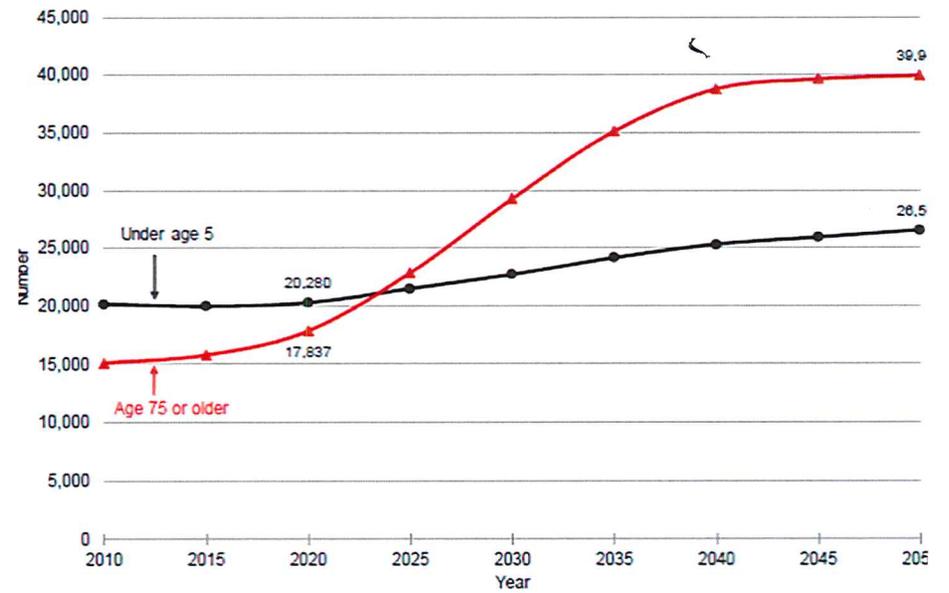

• Source:

City/County Planning Dept

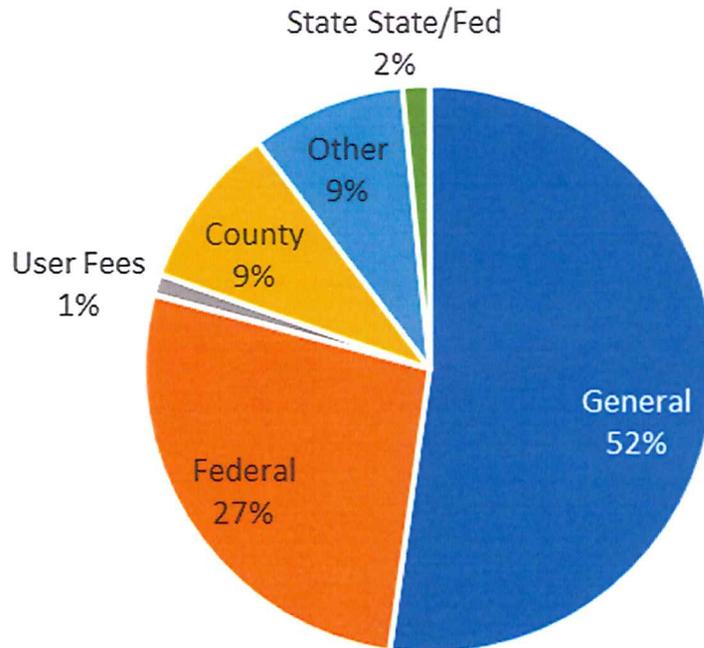

UNO Public Research Center

Aspects of aging will lead to situations not experienced in the past such as elders outnumbering children, implying relatively more need for elder care versus child care

## City Funded Programs Revenue Sources

■ General ■ Federal ■ User Fees ■ County ■ Other ■ State State/Fed

### Dynamics:

- Federal funds dropping 1% per year.
- Expect increased reductions moving forward.
- When City funds are reduced – so do County funds.
- Other programs not in the budget include Medicaid Waiver. \$ 2.7M. All auditable overhead costs passed onto Waiver. Entirely State Funded.

## **Department of Aging (Aging Partners):**

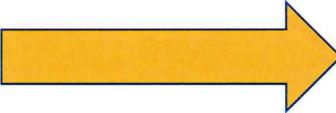

**Reaching 6,799 consumers with 358,472 services last year.**

- Provides food and programs that reduce social isolation
- Delivering food to the homebound
- Provide “in-home” services for safe and healthy living
- Provide information for senior specific benefits and how to navigate decisions during this live cycle.
- Promote healthy lifestyles in seniors for improved quality of life and health management

**New Americans Task Force  
Immigrant and Refugee Survey Report**

## Executive Summary

In 2019, the Lincoln New Americans Task Force (NATF) conducted a first-of-its-kind survey of Lincoln's immigrant and refugee community regarding health and wellness, civic engagement, housing, education/English, economic development and community social spaces. Over 20 partner agencies and institutions affiliated with NATF participated in the survey creation and distribution in the Lincoln community. More than 500 immigrants and refugees living in Lincoln completed the survey, which was administered both on paper and online in English, Vietnamese, Arabic, Spanish and Karen.

Overall, the findings affirm that many immigrants and refugees value living in Lincoln and trust many of the city's key institutions. They are eager to learn English, and many bring professional credentials and related skills from their work abroad. However, Lincoln's immigrant and refugee community also faces significant economic and social barriers related to income, housing, access to effective healthcare and employment.

### In particular, the 2019 Lincoln NATF Immigrant and Refugee Survey finds:

- **Respondents value and trust components of Lincoln's public infrastructure**
  - 70% of respondents indicate they have trust in Lincoln's schools
  - 74% of respondents attend events that celebrate their own culture
  - 68% report indicate they have trust in police
  - 50% of respondents indicate they utilize and feel part of City parks
- **English acquisition is important to immigrants and refugees and for their long-term goals**
  - Nearly all respondents, 99.8%, agreed or strongly agreed that English is important in their everyday lives
  - 99% of respondents indicated English is important to their long-term goals
- **A majority of respondents have educational and professional experience they are not currently utilizing**
  - 64% of respondents came to the U.S. with a high school degree or higher—of those, 30% have post-secondary education but are not employed in their field of training
  - Nearly 60% of respondents said they do not currently work in and want to return to their professional field of study/expertise
- **Respondents experience barriers that prevent them from self sufficiency and economic mobility**
  - 52% of respondents indicated they cannot always pay their monthly expenses
  - 20% of respondents indicated their housing is either unsafe or uncomfortable; health and family obligations are the two largest barriers to workforce participation for respondents
  - 30% of respondents stated they are unable to understand and communicate comfortably with their health care providers

## Introduction

NATF is a network of nearly 70 public and private organizations and community members, dedicated to supporting Lincoln’s immigrant and refugee community members. NATF members strive to welcome all newcomers, assisting them in building the lives they seek through the removal of barriers and the provision of culturally competent support services.

To foster our community’s potential as we move forward, NATF is developing an Immigrant and Refugee Integration Plan that will be presented to and utilized by the City of Lincoln, as well as other NATF collaborating agencies, that emphasizes components of health, civic and social engagement, education, employment, social housing. To better understand the demographics, life experiences and engagement of our valued immigrant and refugee population, NATF conducted a survey to collect information and feedback directly from immigrant and refugee community members in Lincoln.

## Methodology

The survey is a convenience sample of 505 self-identified immigrants and refugees in the Lincoln community collected from February 2019 through June 2019. NATF member agencies requested that their clients complete the survey, as well as self-identifying immigrant and refugee friends and family members. The survey was presented in both online and paper formats and translated from English into commonly spoken languages in Lincoln, including Arabic, Spanish, Karen and Vietnamese. Volunteers from NATF agencies translated the non-English survey responses and compiled the information into a data set. Data analysis includes descriptive statistics and ANOVA analysis (analysis of variance, a commonly used statistical modeling technique) to understand differences between groups. To view the survey, please refer to Appendix A. While the survey results are not a representative sample, the data collected offers significant insight into the experiences, successes and challenges faced by many immigrants and refugees who call Lincoln home.

# NEW AMERICANS TASK FORCE

# Results

## Immigration Status

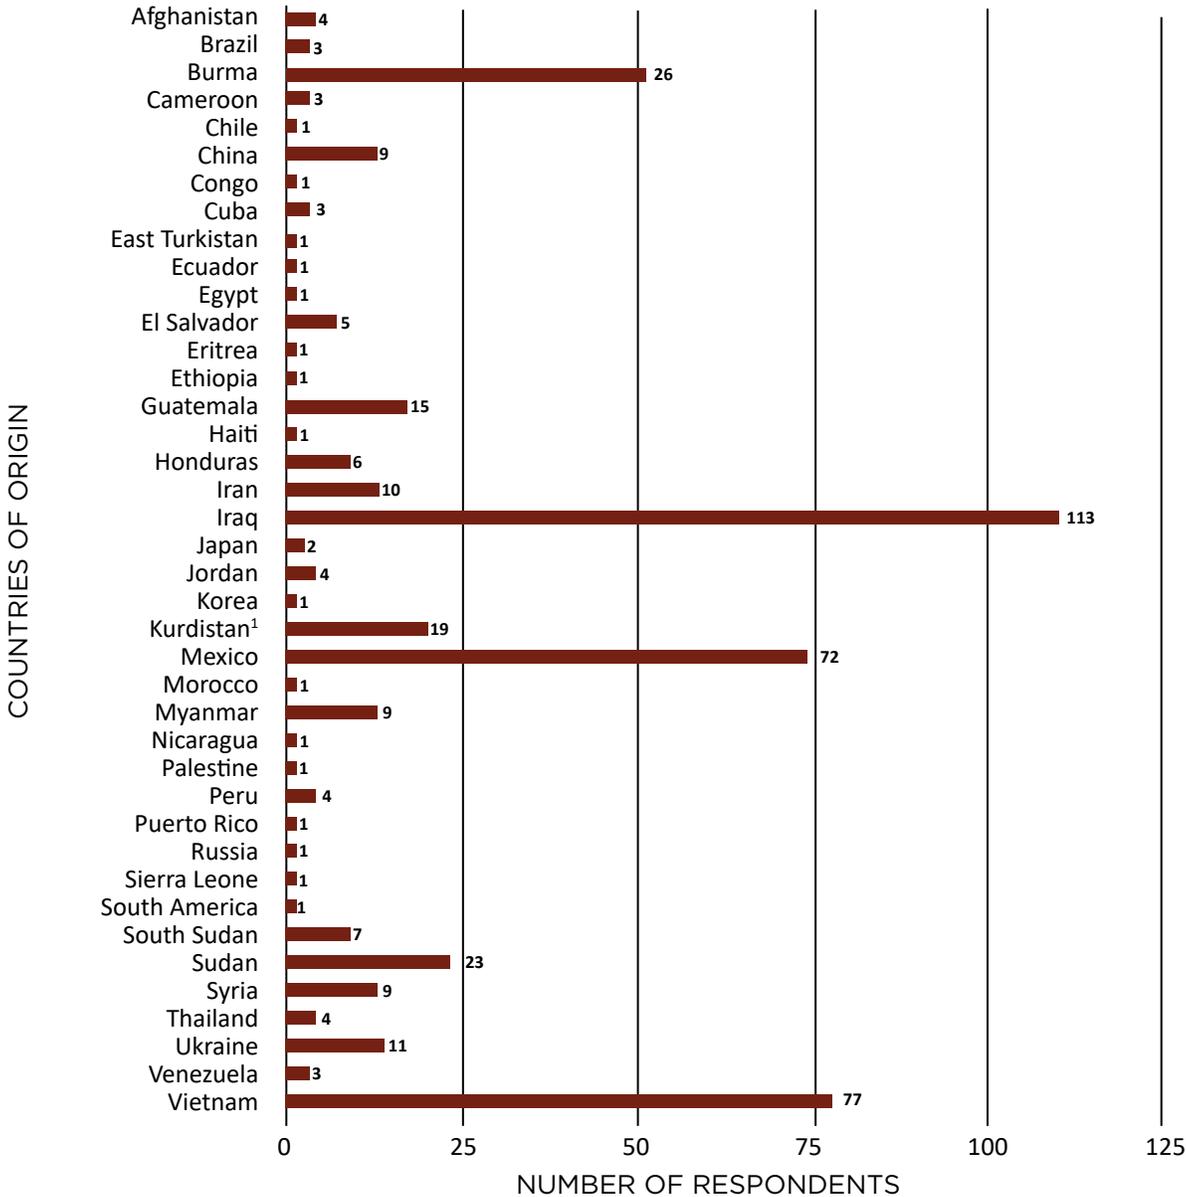

All 505 respondents self-identified and reported that they are an immigrant or refugee.

## Country of Origin

Lincoln, Nebraska is home to over 30,000 immigrants and refugees from approximately 150 different countries. Nebraska has a long history of resettling refugees and, in 2016, Nebraska resettled more refugees per capita than any other state in the United States.

While survey results are not representative of the population of Lincoln as a whole, respondents represented a significant number of nationalities and/or countries of origin from around the world. Respondents noted Iraq, Vietnam, Mexico, Myanmar, Sudan, Kurdistan and Guatemala as the most common countries of origin in the survey. Respondents also report many other countries of origin, illustrating Lincoln’s growing diversity.

FIGURE 1  
(N=457)

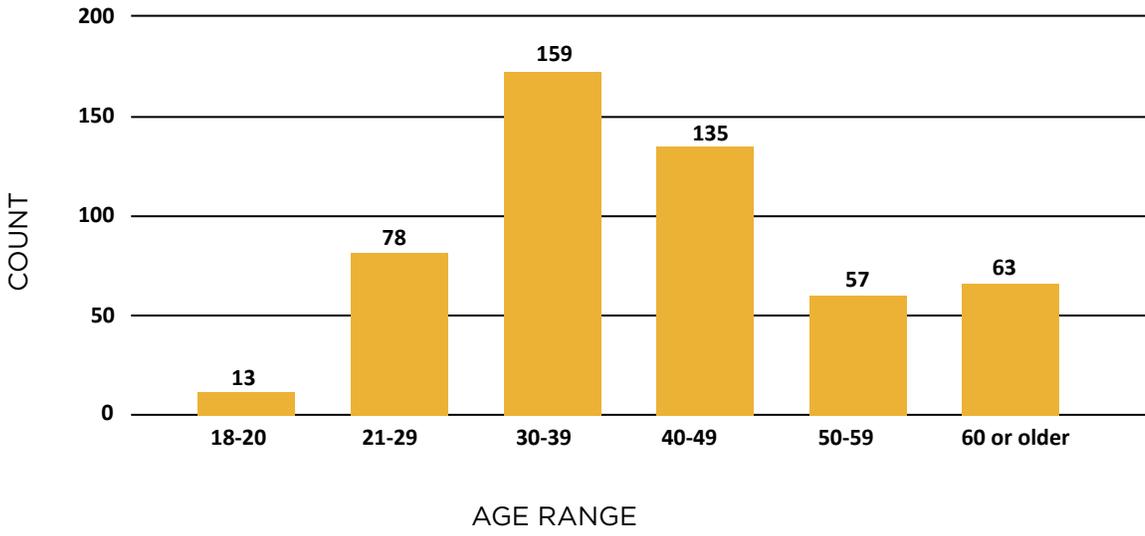

<sup>1</sup>Respondents self-reported their country of origin and their responses are indicated in Figure 1; however, it is important to note that Kurdistan is an autonomous province of Iraq and most people from this area consider it an independent nation—for this reason, it is considered separately in this report. Additionally, Burma was renamed Myanmar in 1989 by military leadership; however, not all recognize the name change—and for this reason, they were reported differently. And, although South America was listed as an individual response, several countries in South America and Central America were represented in the survey responses.

## Age

Of all survey respondents, the most common age represented was 30-39 years old. After the 30-39 group, 40-49, 21-29, 60 or older, 50-59 and 18-20 follow in descending order. Most of the data collection occurred at NATF partner agencies, a factor that reflects the adult age majority of data results. In the future, an additional survey of college-age students at Southeast Community College, area four-year colleges, and/or Lincoln Public Schools could improve the level of data from the youngest age group.

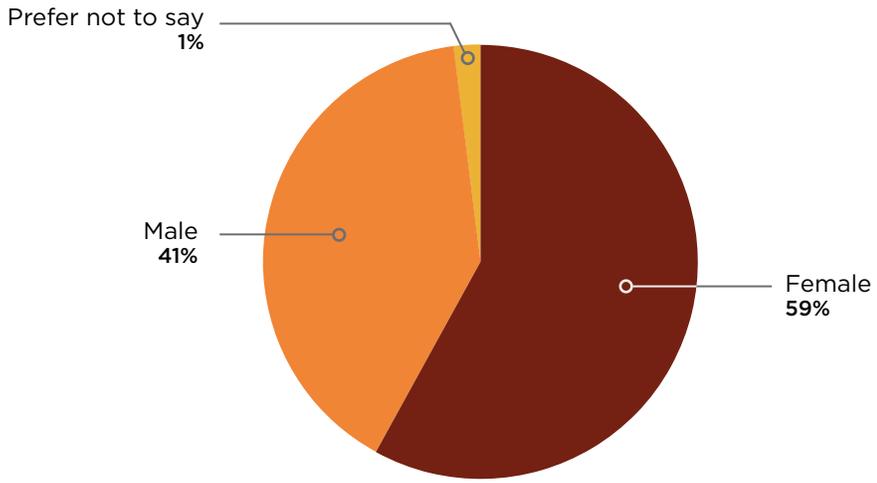

FIGURE 2  
(N=505)

## Gender

Most respondents identified as female (59%), while 41% identified as male. One respondent did not indicate a binary gender.

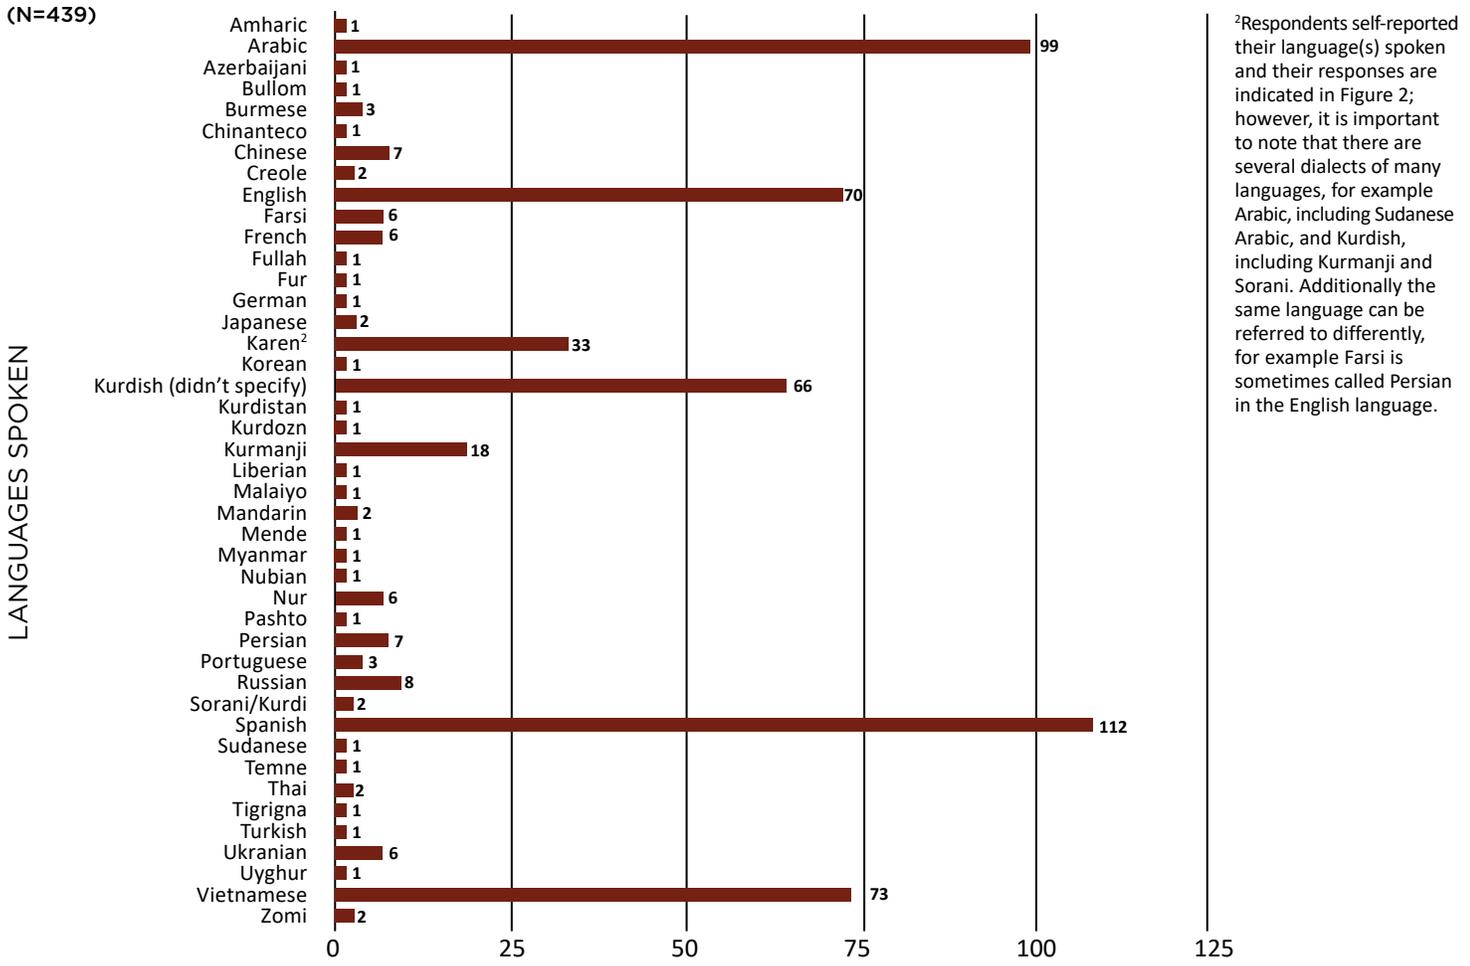

FIGURE 3  
(N=494)

## Languages Spoken

Survey participants had the option of reporting one or more languages spoken, based on personal preference. Many refugees and immigrants that responded to the survey reported more than one language spoken. The graph below illustrates the diversity of languages spoken among respondents. The most common languages included Spanish, Arabic, Kurdish, Vietnamese, English and Karen.

FIGURE 4  
(N=439)

## Length of Time in Lincoln

Survey respondents indicated the duration of time that they have been living in Lincoln. More than one-third (35%) of immigrated refugees that responded to the survey have lived in Lincoln less than three years. This represents the largest group, followed by those of 15 or more years, 3-5 years, 5-10 years, and 10-15 years.

FIGURE 5

Number of Years Living in Lincoln	Percentage
0-3	35%
3-5	18%
5-10	15%

## Importance of English in Everyday Life

Nearly all respondents, over 99%, indicated they agreed or strongly agreed that English is important in their everyday lives.

Strongly agree	84%
Agree	16%
Disagree	0%
Strongly disagree	0%

## English Importance in Everyday Life in Relation to Gender

ANOVA analysis indicates that males report English importance in everyday life at a higher rate than females. This trend is likely the result of a number of factors. Still, both females and males reported English as important for their everyday life.

FIGURE 7  
(N=492)

English is important in my everyday life (ex: shopping, doctor's appointment, functioning at work, communicating with school)	Mean (4=Strongly Agree, 3=Agree, 2=Disagree, 1=Strongly Disagree)
Female	3.78 (n=291)
Male	3.88 (n=201)
Total	3.82 (n=492)

## Importance of English for Long-Term Goals

Nearly all respondents, over 99%, agreed or strongly agreed that English is important to their long-term goals including citizenship, higher education and career advancement.

FIGURE 8

### Importance of English for Long-Term Goals by Number of Years in Lincoln

The longer people had lived in Lincoln, the more likely they were to respond that English was important to their long-term goals. It is likely that this is because individuals who have recently arrived in the U.S. are more preoccupied with the challenge of navigating short-term survival. Results indicate that settling in a certain place is likely connected to investment in developing and attaining goals and developing English skills. All groups emphasized the high importance of English with Agree or Strongly Agree responses.

FIGURE 9

10-15 years	3.82 (n=50)
15 or more years	3.94 (n=110)

### Participation in English Class

Lincoln’s immigrant and refugee community is already voting with their actions in demonstrating their belief in the value of English classes, with a majority of survey respondents (nearly 85%) reported having taken an English class. Results also indicate that more than 15% of immigrants and refugees have not taken an English class, which is an opportunity for improvement with community partners.

FIGURE 10  
(N=494)

Have you taken English classes?

### Participation in English Classes by Age

Across all age groups, most respondents report participating in English classes. However, two groups were slightly less likely to have participated in English classes: those who are ages 21-29 and those ages 60 or older. The results indicate possible value in conducting outreach to the lower reporting groups to ensure that they know English classes are available or to identify barriers they may be facing in accessing classes.

### Participation in Cultural Events

Nearly three-fourths of respondents, 74%, reported participating in an event celebrating cultures and traditions of their countries of origin. The results indicate that families are aware of and have access to the ability to celebrate culture and connect with members of their particular communities. Significance testing revealed no difference between age, gender, years in Lincoln and years in the U.S. on participation in cultural events.

FIGURE 12  
(N=492)

## How People Learn About Community Events

If respondents answered that they participated in cultural events, they were asked about how they learned of them. Most respondents learned about cultural events through friends and family. In addition, respondents cited social media, community and cultural centers and places of worship as places where they receive information about cultural community events.

## Where Immigrants and Refugees Feel Like They Belong

A newcomer’s sense of belonging is a critical component of both integration into a community and long-term positive economic and social outcomes. Respondents provided responses on public places where they feel they belong in the community. Respondents also provided several write-in responses and could select multiple answers.

FIGURE 17

## Educational Attainment

Many immigrants and refugees move to the U.S. after completing education or other significant professional experiences in their countries of origin. Due to professional license or educational requirements for professions in the U.S., many foreign-educated immigrants and refugees are unable to utilize their credentials to continue work in their careers. Immigrants and refugees facing this challenge may opt to enter into another career path, complete another educational degree in a U.S. institution, or work to re-enter their careers in an alternative, informed way. Data collection regarding both foreign education and U.S. education is an important tool to inform community involvement in breaking down barriers for foreign-trained immigrants and refugees.

### Educational Attainment in Country of Origin

Because many of Lincoln’s immigrants and refugees came to the U.S. as adults, they often completed education abroad. Nearly 1 in 5 (19%) report having a bachelor’s degree or higher. In particular, respondents provided information on their highest level of education completed in their home country. Thirty-seven percent have less than a high school diploma, 33% have a high school diploma or equivalent, 6% attended trade school, 5% received an associate degree, 12% received a bachelor’s degree or equivalent and 7% received a graduate degree or equivalent. No significant differences were found between education received abroad and age, country of origin, gender or years in Lincoln or years in the U.S.

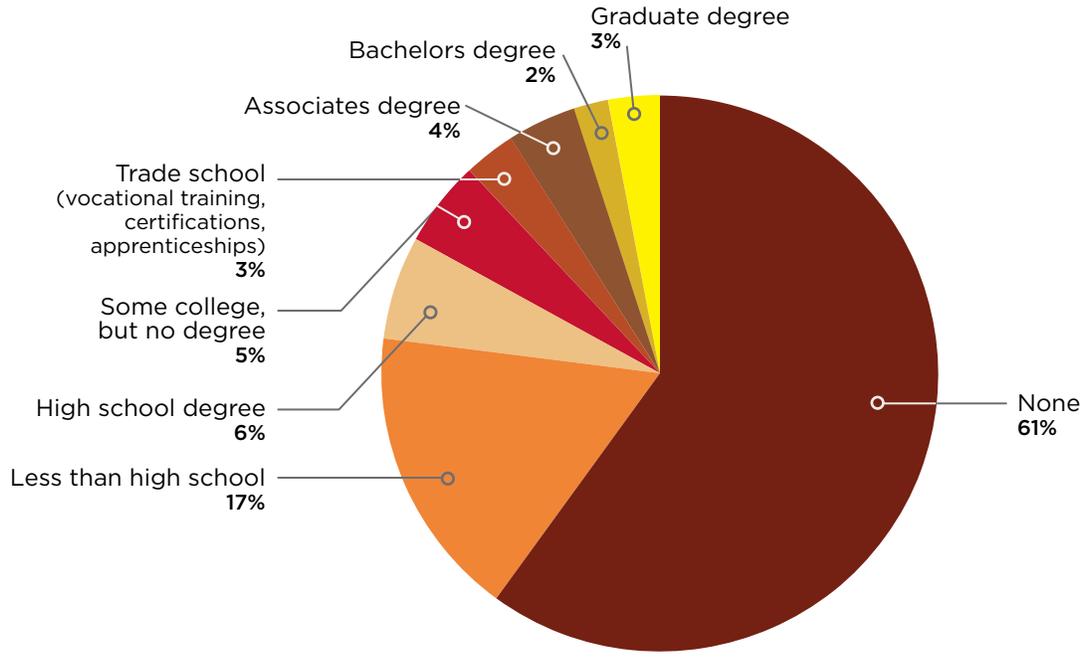

FIGURE 19  
(N=481)

## Education Attainment after Arriving in the U.S.

Respondents provided information on their highest level of education completed in the U.S.

FIGURE 20  
(N=448)

Of respondents, 61% have not yet achieved a credential in the U.S., 17% have not yet earned their high school diploma, 6% have earned their high school diploma, 5% have attended some college but not yet graduated, 4% have earned their associate degree, 3% have earned a graduate degree and 3% have earned a trade school degree.

## United States Educational Attainment in Relation to Number of Years Living in the U.S.

When looking at U. S. educational attainment and age, country of origin, gender, and years in Lincoln, no significant differences were found. A positive, significant difference was found between U.S. educational attainment and years in the U.S. Not surprisingly, results indicate that the longer immigrants and refugees are living in the United States, the greater quantity of education that they will complete in the U.S.

FIGURE 21  
(N=154)

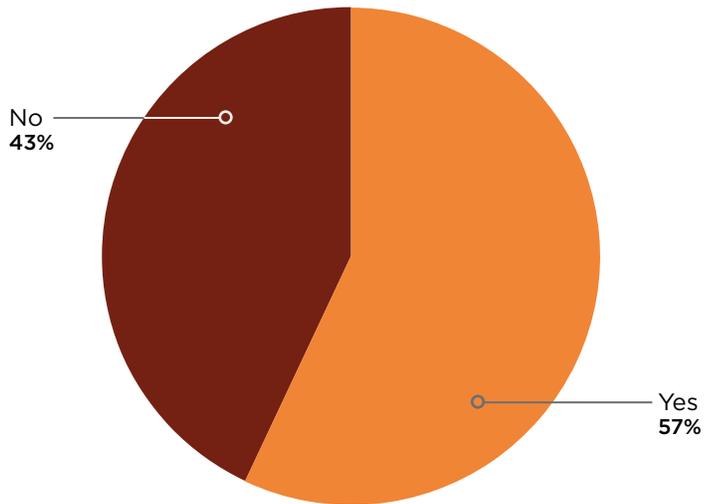

U.S. Educational Attainment	Mean (1 - 0-3 years; 2 - 3-5 years; 3 - 5-10 years; 4 - 10-15 years; 5 - 15 or more years)

### Current Paid Employment

Respondents reported whether they are currently working for pay. Responses indicate that 57% are working for pay, while 43% are not. Results collected in this survey are somewhat lower than statistically significant data collected by the U.S. Census Bureau’s American Community Survey, which indicated that 72% of foreign-born adults living in Nebraska were employed in 2017, at least three points higher than the employment rate of U.S.– born Nebraskans. No significant differences were found comparing paid employment by age, country of origin, gender, years in Lincoln or years in the U.S.

FIGURE 22  
(N=487)

Are you employed (for pay)?

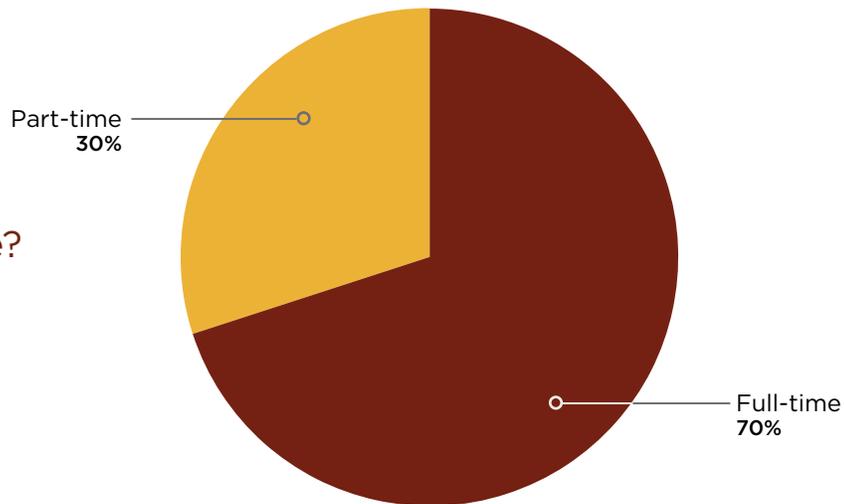

### Current Part-Time or Full-Time Work Schedule

Among respondents who were employed, two-thirds (70%) reported working full-time, with the remainder working part-time. No significant differences were found comparing part-time or full-time work schedules to age, country of origin, gender, or years in Lincoln. A significant difference was found when comparing to years lived in the U.S. The results indicate that people who work full-time report being in the U.S. longer than people who are employed part-time.

### Ability to Pay Monthly Expenses

Respondents described whether or not they are able to pay for their monthly needs with 225 (47%) reporting that they are always able to pay their monthly expenses, 105 (22%) reporting often, 116 (24%) reporting sometimes, and 36 (8%) reporting never. **No significant differences were found when comparing ability to pay expenses to age, country of origin, gender, years in Lincoln or years in the U.S.** The results indicate the continued need to remove barriers immigrants and refugees face in achieving career and financial stability.

FIGURE 24  
(N=482)

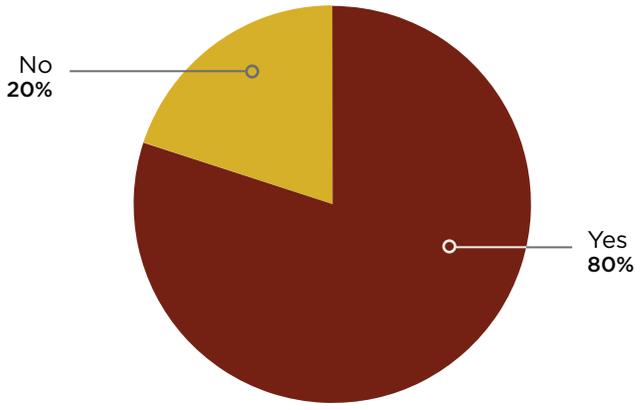

### Underemployment Among Immigrants and Refugees

Among people who are working, under-employment can be a significant challenge. Underemployment takes many forms, including involuntary part-time status. Respondents included 80% who reported that they currently work part-time and would like to work full-time. Only 20% of respondents stated that they do not want to work full-time. Some common reasons for voluntary part-time work is to accommodate family obligations, which often includes providing care for school-age children.

FIGURE 25  
(N=379)

If you do not work full-time now, would you like to in the future?

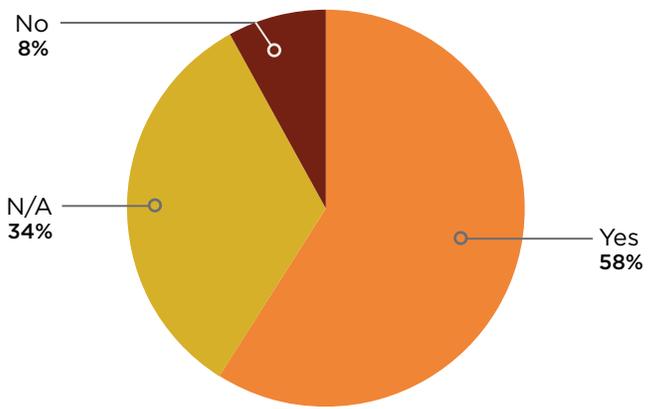

No significant differences were found when comparing desire to work full-time by country of origin or gender. A marginal difference was found according to years lived in Lincoln. Results indicate that people who have been in Lincoln longer than people who have just arrived have a higher likelihood of wanting to work full-time. A significant difference was also found between desire to work full-time and age. Respondents who indicated that they want to work full-time are in a younger age-range category than those that said they do not want to work full-time.

### Educational Displacement

Despite the international credentials and professional experience that many immigrants bring to Lincoln, a different type of underemployment is also common. This is the “educational displacement” in which they are not working in fields that draw on their education and expertise. Respondents reported whether or not they currently work in their field of training/experience. Nearly 60% of respondents, (58%), reported that they do not work in their field of training/experience and would like to do so, while 34% did not have training/expertise and 8% reported that they do not want to work in their original field of training/expertise.

FIGURE 26  
(N=449)

If you do not work in your field of training/education, would you like to in the future?

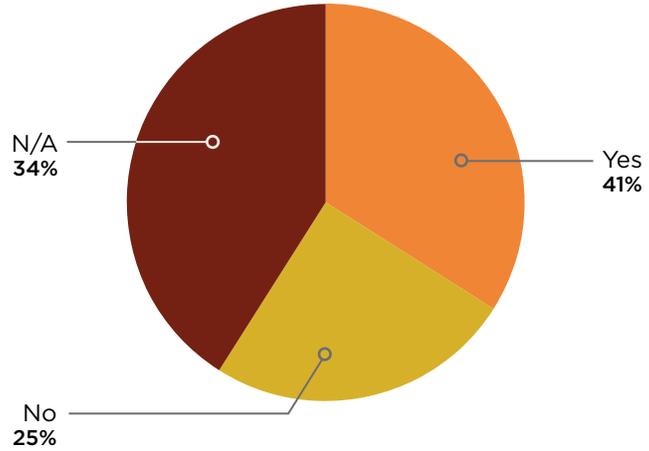

No significant relationships were found when comparing desire to work in the respondents’ prior fields of training in relation to country of origin, gender, years in Lincoln and years in the United States. A statistically significant relationship was found when comparing age and desire to work in prior field of training/experience, with younger respondents maintaining a higher frequency of reporting that they wanted to work full-time in their field.

### Barriers to Working in Former Careers

For many immigrants and refugees seeking to re-enter their former careers, several potential barriers pose a challenge to working in their original fields. In Lincoln, of survey respondents who indicated having a prior field of training, 41% reported that there are barriers that prevent working in their field of training.

FIGURE 27  
(N=450)

Are there barriers that prevent you from working in your field of training (ex. your degree doesn’t transfer to the US)?

### Health

Respondents reported whether or not they regularly see a primary care provider and/or doctor. Seventy-nine percent of respondents reported that they regularly see a primary care provider and/or doctor and 21% report that they do not.

FIGURE 29  
(N=490)

Do you have a primary care provider or doctor that you see on a regular basis?

No significant differences were found when comparing the likelihood of having a primary care provider and country of origin, gender, years in Lincoln or years in the U.S. People who are older report having a primary care provider more often than younger people.

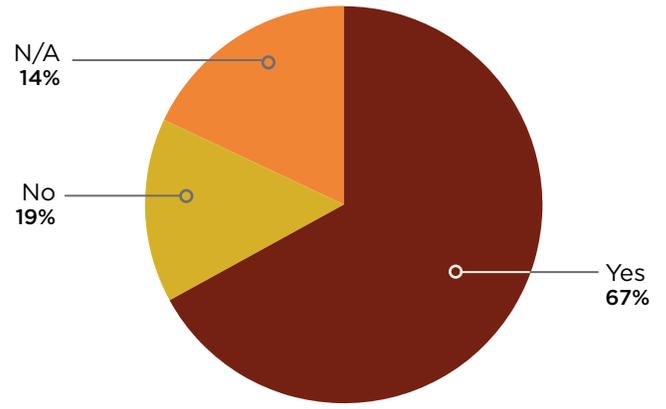

### Health Interpretation Availability

Respondents reported on the availability of language interpretation for health services. Sixty-seven percent of respondents reported that language interpretation services are available, 19% stated that they are not available, and 14% indicated they did not need interpretation services. With one-fifth of respondents reporting that interpretation services are not available, there is an opportunity for improvement to provide additional information and resources regarding health interpretation in the Lincoln community.

No significant differences were found when comparing health interpretation availability in relation to age, country of origin, gender or years in Lincoln. A marginal difference was found between health interpretation availability and years in the U.S. People who have been in the U.S. longer reported that health interpretation services were marginally less available than people who have been in the U.S. for a shorter amount of time.

FIGURE 30  
(N=476)

Are in-person interpreters provided to you when access health care services?

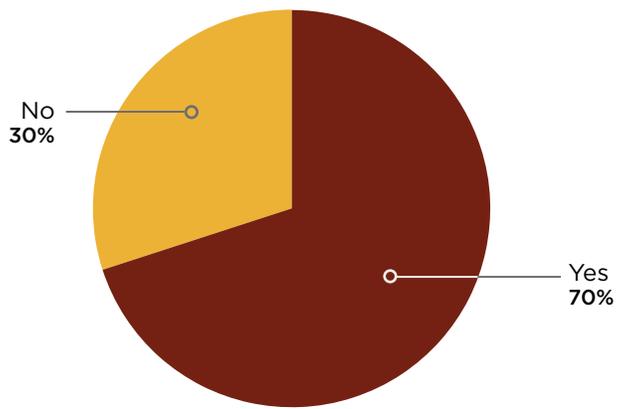

### Communication with Doctors

Just over two-thirds (70%) of respondents stated that they are able to understand and communicate comfortably with their doctor(s). This means that 30% reported that they could not communicate comfortably, and this is an opportunity to improve services in the health care setting. No significant difference was found when comparing communication with doctors by age, country of origin or gender. A significant relationship was found regarding comfort in communication with a doctor and years in Lincoln. People who report that they are comfortable with their doctor are more likely to have been in Lincoln for less time than people who report that they are not comfortable in communication with their doctor. This may be due in part to additional support available to certain demographics of immigrants and refugees who have recently arrived in the U.S., such as the support of a caseworker or in-person interpreter from a similar cultural background.

FIGURE 31  
(N=478)

Are able to understand and communicate comfortably with your doctor(s)?

### Transportation for Health Appointments

Nearly 90% of respondents reported using their car to attend doctor appointments. Twenty percent of respondents reported riding with a family/friend, 6% utilized the bus, 2% received transportation from a caseworker, 1% utilized IntelliRide,<sup>4</sup> and one each utilized a taxi or Uber/Lyft. Respondents were able to select multiple answers.

### Support for Emotional Challenges

Respondents reported on the availability of a person that they could talk with if they needed emotional support. This question provides insight into both actual and perceived social isolation in the immigrant and refugee community. A significant barrier both personally and economically, isolation can not only prevent community members from putting down roots and investing in their ties to the community, but it can also have tremendous costs regarding mental health, professional development and resilience.

Eighty-four percent of immigrants and refugees reported having someone to talk to if they are sad compared to 16% who reported that they do not.

FIGURE 33  
(N=479)

<sup>4</sup>IntelliRide is a medical appointment transportation service provider, see <http://www.iridenow.com/Home/Nebraska.aspx>.

## Who Respondents to Talk to for Emotional Support

When asked about the people that they talk with when in need of emotional support, respondents cited friends or family members in the US, friends or family members in their countries of origin, faith/religious leaders, community leaders, medical providers and/or support groups. Respondents were able to select multiple answers for this question.

FIGURE 34  
(N=408)

If yes, who do you talk to? (Respondents were able to select multiple answers)	Percentage
Friend or family member in the US	63%
Friend or family member in home country	37%
Faith/religious leader	12%
Medical provider	7%
Community leader	7%
Support group	4%
Write-in answers: Family member, support group, spouse, caseworker, prayer	1%

No significant differences were found when comparing the likelihood of having someone to talk to for emotional support when compared to age, country of origin or years in Lincoln.

Significant differences were found when comparing results to gender and years in the U.S. Fifty-seven percent of females reported having someone to talk to when they are sad compared to 43% of males. The difference is significant (.054). This finding is complementary to results found in U.S.-born adults, indicating that women are more likely to have social networks and support systems than men.<sup>5</sup>

When comparing the number of years in the U.S. to the likelihood of having someone to talk to, people were more likely to report that they have someone to talk to if they have lived in the U.S. for a shorter time than those that have been in the U.S. for longer. The mean result, 3.35 (n=75), who said that they do not have someone to talk to, have been in the U.S. for 5-10 years. This outcome is concerning and suggests the need for further studies and investigation. Further, these results also indicate the need for additional outreach to immigrants and refugees that have been in the U.S. for longer periods of time with the provision of referrals for resources for counseling and other support available in the community.

## Housing Quality

Nearly 80% of respondents reported that the quality of their housing is safe and comfortable or very safe and very comfortable, 11% reported that their housing was safe but not comfortable and 6% reported that their housing is somewhat unsafe. Fourteen respondents, or 6%, reported that their housing is very unsafe. No significant differences were found comparing housing quality by age, gender, country of origin or time in Lincoln or the U.S.

- 61% My housing is safe and comfortable
- 11% My housing is safe but not comfortable (too small, dirty, etc.)
- 20% My housing is great! It's very safe and very comfortable
- 3% My housing is very unsafe (ex. gas leaks, rodent and insect infestations, dangerous neighbors). I fear for the health and safety of myself and my family
- 6% My housing is somewhat unsafe.

## Housing Information Requested

Respondents indicated what information about housing that they would like to know more about, including: home ownership, RentWise<sup>6</sup> classes, tenant rights, financial information and fire/home safety. Respondents were able to select multiple options.

FIGURE 36  
(N=395)

Home ownership	52%
Fire/home safety	37%
Financial information	35%
RentWise classes	29%
Tenant rights	32%
None	<1%

In addition, several respondents provided answers in the comments section including: How to build credit – I need to a buy a home in the future; yard care; please print pamphlet that teaches about housing; rent methods; home buying information in native language; information on building homes; home interior architecture; and real estate in general.

<sup>6</sup>Nebraska RentWise is a program to help renters obtain and keep rental housing and to be successful renters through education, see [rentwise.org](http://rentwise.org).

## Resolving a Housing Problem

Respondents provided information on who they would talk with in order to resolve a housing problem. Respondents were able to check multiple options for this question. Fifty-five percent of respondents indicated that they would talk to their landlord/housing provider, followed by 41% that would talk with a friend or family member. This could be indicative of a cultural or language preference where the tenant enlists a friend or family member to translate or provide support.

## How Immigrants and Refugees Receive News

Respondents provided information on how they receive news in the community. Most commonly, immigrants and refugees receive their news from family/friends, social media, and television. Respondents were able to select multiple options for this question.

FIGURE 38  
(N=473)

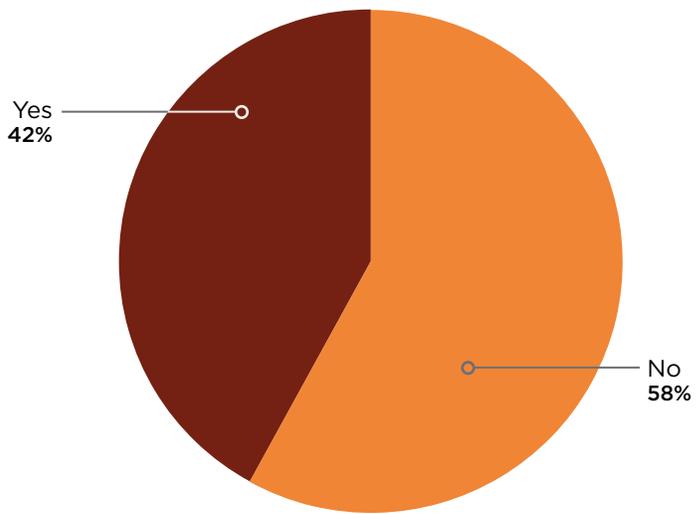

How do you receive news? (Respondents were able to select multiple answers)	Percentage
Family/friend	61%

## Volunteer Experience

Of respondents, 42% of immigrants and refugees reported having volunteered or provided voluntary community service for no pay compared to 58% who stated that they have not volunteered. This is an opportunity to increase awareness of and connection to volunteer opportunities at the neighborhood and community levels. Volunteering and community engagement is one critical method to build social capital, the networks of social relationships maintained by an individual. In particular, “bonding social capital is within a group or community whereas bridging social capital is between social groups, social class, race, religion or other important socio demographic or socioeconomic characteristics.”<sup>7</sup> Volunteering and community engagement creates opportunities for community members to bridge social capital and develop relationships with other groups, an important component of integration within a community.

## Where Respondents Volunteer

Of those that reported volunteering (n=214), the most common places for volunteering activities were civic or community organizations involved in health or social services and religious groups.

## Expressing Opinion in the Community

Respondents reported their experiences of sharing their opinion in the community through media and with elected officials. Forty immigrants and refugees indicated that they had not contacted anyone to share their opinion while 39 reported contacting television, 32 reported contacting local government, 29 reported contacting radio and 27 contacting reported newspaper.

## Voting History

Respondents who self-identified as being a registered voter or being eligible to register to vote were asked to respond to additional questions regarding voting behavior in Lincoln and the U.S. as a whole. Respondents who self-identified as being unable to vote or being unsure if they were able to vote were not asked these questions and were not invited to complete the remainder of the survey questions.

Respondents indicated whether or not they are currently eligible to vote. In total, 36% of respondents indicated that they are eligible and are either currently registered or not currently registered. Sixty-four percent of respondents indicated that they are either not eligible to vote or did not know if they were eligible. The results indicate an opportunity for work to be done educating immigrants and refugees about their right to vote, how to register and educating people on issues.

FIGURE 42: CURRENT ELIGIBILITY TO VOTE  
(N=505)

Statistically significant differences were found when comparing voter registration eligibility and age, gender, years in Lincoln and years in the U.S. Older respondents reported a higher rate of voting at their current address than younger people.

## Gender and Voting Knowledge

There were notable differences among men and women when it came to their awareness of voting eligibility and their current voter registration status. Statistical analysis of voter registration eligibility and gender shows a discrepancy between male and female voter registration. Nearly 22% of females who responded to the questions said they were currently registered to vote, while 28% of males said they were currently registered. Respondents also indicated a significant difference in voting eligibility awareness and current registration. More than one-fifth, 20%, of females said they did not know if they were eligible compared to only 11% of men who said that they did not know if they were eligible to vote. This survey did not delve into the reasons behind these discrepancies, which could be driven by differences in English language ability or other factors that are correlated with characteristics such as U.S. citizenship or voting behavior.

## Years in U.S. and Voting

There is a significant relationship between the number of years living in the U.S. and whether an immigrant or refugee is registered to vote. People who have lived in the U.S. longer are more likely to be registered to vote.

FIGURE 43  
(N=505)

### Voting in Lincoln

Respondents were asked whether they had voted in an election since coming to live in Lincoln, with 52% of respondents reporting voting in Lincoln and 48% reporting not voting.

FIGURE 44  
(N=178)

Have you ever voted since living in Lincoln?

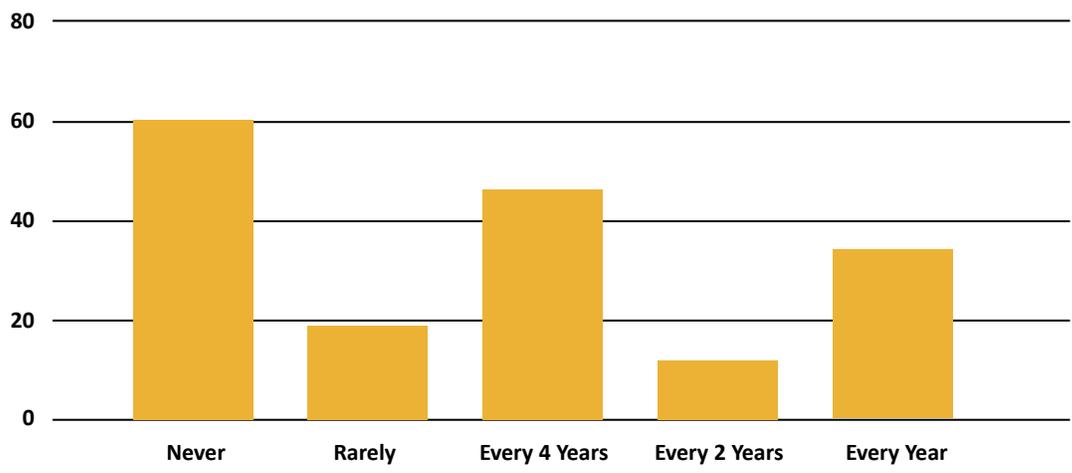

Significant differences were found comparing voting in Lincoln by age but no differences were found compared to gender or years in Lincoln. Older refugees and immigrants reported voting significantly more than younger refugees and immigrants.

### Voting Frequency

When asked how often they vote in elections, immigrants and refugees provided a mixed response. The highest number of respondents reported never voting followed by voting every four years. Only 35 people voted every year.<sup>8</sup>

FIGURE 45  
(N=174)

### Voting Frequency in Relation to Age

When looking at age, young respondents vote significantly less than older immigrants and refugees that completed the survey. This trend is consistent with data collected from voting rates of U.S.-born residents.<sup>9</sup>

FIGURE 46  
(N=174)

How often do you vote?	Mean (Years in US: 1 - 0-3 years; 2 - 3-5 years; 3 - 5-10 years; 4 - 10-15 years; 5 - 15 or more years)

Every two years	4.13 (n=15)
Every year	5.03 (n=35)
TOTAL	4.15 (n=174)

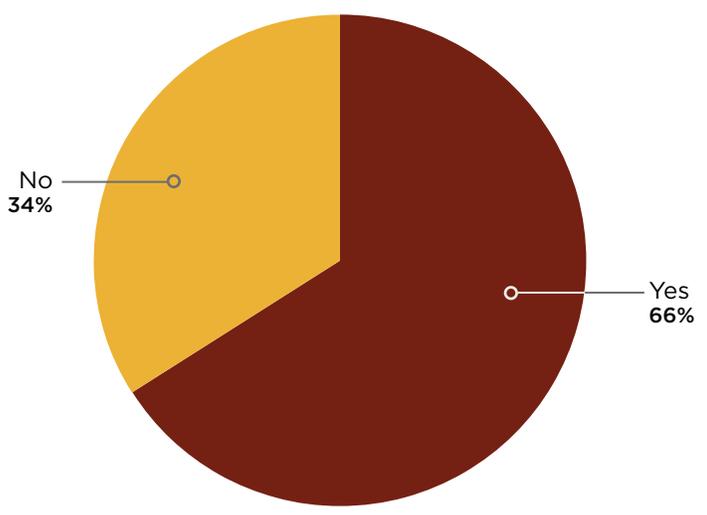

No significant differences were found comparing voting and country of origin.

### Information about Voting

Respondents feel confident that they have the information needed to vote in federal, state, and local elections as 66% of respondents reported confidence in their information needed to vote. Younger respondents reported having less information about voting compared to older respondents.

FIGURE 47

Feel like you have information you need to vote	Years in U.S. (1 - 0-3 years; 2 - 3-5 years; 3 - 5-10 years; 4 - 10-15 years; 5-15 or more years)
No	3.83 (n=59)
Yes	4.24 (n=113)
TOTAL	4.10 (n=172)

### Confidence Navigating U.S. Voting Processes

Respondents were also asked about their confidence in their own civic knowledge on topics such as registering to vote, understanding elections and voting by mail. Only 27% of respondents reported confidence in registering to vote. Twenty-two percent expressed confidence in going to their polling station and only 15% reported confidence in voting by mail. In terms of information, 7% expressed confidence in accessing and understanding ballot issues and 11% expressed confidence in accessing and understanding candidate information. Only 8% expressed confidence in an understanding of elected officials' positions on issues. This data suggests a need for the Lincoln community to invest in additional resources and information for immigrant and refugee community members to engage confidently with elections and voting.

## Conclusion

### Leading the Pack? Lincoln's Findings in Light of its Competitors

Lincoln stacks up well next to many cities with comparable characteristics, but several are making headway on immigration and related economic and social inclusion issues. Most notably, Salt Lake City (and its associated County) have funded a staff position dedicated to immigrant and refugee issues. Des Moines was a fellow winner (alongside Lincoln) of the WES Skilled Immigrant Integration Program and has moved ambitiously to pull together diverse civic and government partners under the leadership of its Chamber of Commerce. Madison, which like Lincoln is a state capital, college town and mid-sized city, has made robust investments in its Human Rights workforce.

### Lincoln/Lancaster County can take the lead by investing in proven models that address issues identified in its 2019 New Americans Task Force Immigrant and Refugee Survey by:

- Ensuring sustainable funding and institutionalized policies will endure across administrations.
- Investing in the implementation of a My City Academy program, which will capitalize on immigrant and refugee community members' trust in civic institutions to build a corps of ambassadors who can educate and connect advocates within their cultural communities.
- Supporting a Professional Connector program can help foster support networks for immigrant and refugees and tackle issues of under-employment.

## The following organizations invested in the creation of the survey:

- Asian Community & Cultural Center
- Catholic Social Services
- Lutheran Family Services
- LPS Bilingual Liaisons
- Nebraska Appleseed
- Civic Nebraska
- El Centro de las Américas
- Yazidi Cultural Center

## The following individuals completed data analysis or supported creation of the report:

- Dr. Janell Walther, University of Nebraska Public Policy Center
- Heather Engdahl, Nebraska Appleseed
- Jeannie Mutum, Lincoln Partnership for Economic Development
- Amanda Bergson-Shilcock, National Skills Coalition

## Sponsorship - agencies that provided leadership and/or financial support

- Asian Community & Cultural Center - Lee Kreimer and Sheila Dorsey Vinton
- Lancaster County - Sara Hoyle
- City of Lincoln - Adelle Burke, Mindy Rush Chipman, Francisca Beltran
- Lincoln Partnership for Economic Development - Bryan Seck
- Civic Nebraska - José Lemus
- Nebraska Appleseed - Christa Yoakum
- Lutheran Family Services - Marni Newell, Bashar Karim and Haefaa Hasan
- Catholic Social Services - Katie Patrick, Carmen Lopez and Drew Miller

### Lincoln New Americans Task Force Strategic Plan Survey

The goal of this survey is to collect feedback from immigrants and refugees regarding their experiences navigating housing, health, education, civic engagement, economic development, and social spaces in Lincoln. The responses that we collect from this survey will provide your input on the following:

- Creating a strategic plan for Lincoln's refugee resettlement agencies regarding the resettlement of newly arrived refugees.
- Provide the City of Lincoln with greater information about your experiences and information about ways the Lincoln community can be more inclusive and provide better services for you.
- Provide NATF partner agencies like El Centro, the Asian Center, the Good Neighbor Center, the Center for People in Need, Lincoln Public Schools, Lutheran Family Services, Catholic Social Services, and much more with valuable information that can be used to provide information about how to improve services and opportunities for you in the future.

Immigrant and Refugee Survey Report

# Survey Results

# Finding 1: Respondents trust and value Lincoln's public infrastructure

- 70% indicate a trust in Lincoln's schools
- 74% attend community events that celebrate their own culture
- 68% indicate a trust in police
- 50% utilize and feel welcome at city parks

# Finding 2: English acquisition is important to immigrants and refugees and their long-term goals

- Nearly all respondents, 99.8%, agreed or strongly agreed that English is important to their everyday lives
- 99% of respondents indicated English is important to their long-term goals

## **Finding 3: A majority of respondents have educational and professional experience they are not currently utilizing**

- 64% of respondents came to the U.S. with a high school degree or higher. Of those, 30% have post secondary education but are not employed in their field of training.
- Nearly 60% of respondents said they do not currently work in and want to return to their professional field of study/expertise.

# Finding 4: Respondents experience barriers that prevent them from self sufficiency and economic mobility

- 52% of respondents indicated they cannot always pay their monthly expenses
- 20% of respondents indicated their housing is either unsafe or uncomfortable
- 30% of respondents stated they are unable to understand and communicate comfortably with their healthcare providers

# Next Steps

- Lincoln/Lancaster County can take the lead by investing in models that address barriers presented in the NATF survey, ensuring:
  - Sustainable funding and institutionalized policies will endure across administrations. Implementation of long-term goals through the development of an integration plan can provide a road map.
  - Continued support of NATF's CareerLadder, which seeks to provide tools for skilled immigrant professionals to re-enter their former careers.
  - Investment in the social capital of immigrants through MyCity Academy, which will build upon New Americans' trust in local institutions to build a corps of ambassadors who can educate and connect advocates within their cultural communities.

### **Re: Late Fees Submitted to Lancaster County Juvenile Court**

To the Lancaster County Board of Commissioners:

I want to thank you for the opportunity to provide you with additional information prior to your public meeting. I am also available to answer any questions that might arise based on the additional information.

First and foremost, I would like the Board to know that I take full responsibility for filing the fees late. No matter what else is happening, at the end of the day it is my responsibility to oversee all aspects in my firm and to follow-up on items which must be completed, such as the filing of court appointed fees. Although I am not making excuses, I do think it is important for the Board to know what has occurred since May 2018 that has contributed to the delay.

In way of a brief background, Brennan, Nielsen, & Wooster Law is small firm, totaling five people in the office – three attorneys and two support staff. The three attorneys work on an office sharing arrangement, which basically means we split almost all expenses equally between the three of us, and the remainder of the income is the individual attorney's profit for the month. There are no shared profits. So, each attorney is responsible for his or her own caseload and fees.

The first contributing factor is that we lost our office manager/paralegal. In May 2018, when two of three attorneys were out on an extended vacation, our office manager/paralegal of eleven years provided her two-week notice. During that time, I had to handle my caseload, hire a replacement, and also attempt to get caught up in all areas of the firm and my cases prior the departure of our office manager. This included filing all fees prior to the end of the two weeks. Unfortunately, I was unable to find and hire a replacement prior to the office manager's departure. Our new office manager/paralegal was hired about a month after the previous office manager left, so training was left to myself and our law clerk. One of the duties of the office manager is to make sure our calendars reflect due dates to file court appointed fees. However, with training left to myself and to our law clerk who had started only a few weeks prior to the departure of our office manager, I know that many items were missed. With prior Juvenile filings occurring in May 2018, then that meant that the next round would be filed between August

and November 2018. Some of the oldest fees are from October and November 2018. I take responsibility for not ensuring that the next filing dates were noticed or for following up on those dates. Per our office policy at that time, a reminder to file the fees would have been set in the office manager's calendar, but unfortunately no one else's. The deadline for filing the fees was obviously missed and continued to be missed.

Second, the office manager/paralegal that was hired in July 2018, was ultimately let go due to job performance. As a small law firm, the human resource duties fell to one of the attorneys, specifically me. It began to be apparent that duties were missed or neglected, and that absences from work became excessive. The firm attempted to work with this individual for multiple reasons, but after 46 missed working days in an eleven-month period, the newly hired paralegal/office manager was let go in early July 2019. While the office manager was out for practically two and a half months, the additional duties of that role fell on the other attorneys. This includes clerical duties, such as letters to clients, opening files, calls to clients, and also financial duties, such as paying bills, taking payments, and handling court appointed fees, just to name a few. Our office manager works full-time, and that work load had to be picked up by the rest of us. So, I was tasked with handling my work load, and the office manager's work load.

Third, our senior law partner had a stroke in May 2019, at the height of our problems with our newly hired office manager. As a small firm, we are family and this greatly affected us not only as business partners, but as friends. Luckily, the senior partner has fully recovered, but it took time to get there. On top of managing my own case load, I also oversaw the cases belonging to the senior partner, and the work of the office manager. Our law clerk assisted as much as she could, but she was still in law school and also took summer school courses.

During all this time, the cases do not slow down or hit pause. New cases still came in and current cases had to be maintained. The areas of priority became the immediate needs of the cases, which varied from reviewing discovery, preparing for trial, preparing for various dispositions of the cases, gathering evidence, etc. The court appointed fees continued to be pushed aside to be reviewed later in an effort to prepare for hearings. Many nights were spent completing work. Although I continued to attentively and actively represent my clients and see to their needs and the needs of their case, other areas of my practice were pushed down the priority to-do list, such as ensuring fees were timely filed.

At the very end of September 2019, a new office manager/paralegal was hired, and she has been a tremendous support. We have done our best to provide her with training and hopefully learned from prior mistakes, but training takes time. It is hard to devote time to full-time training while also trying to manage a large caseload of 60-80 cases at a time. In November 2019, I had a two week long federal trial. My time was devoted solely to that trial during the entire two weeks, and much time was spent preparing prior to the start of trial. It took me about two months to catch up due to all the lost time spent on my other cases during the trial. It is astonishing how long it can take to catch up from just a few days or a few weeks spent focusing on one case or one task. This also explains those gaps in time in between the listed events. Much time was spent playing catch up in effort to make up for lost time spent training, hiring, or conducting other management duties.

While the foregoing events were occurring in the office, my personal life continued on its own busy path. In September 2019, after multiple doctor visits and tests, my then two-year-old son was diagnosed with chronic kidney disease, which means a kidney transplant will be necessary in his future, and his kidney function has to be constantly monitored. All of those tests and visits occur during the week day and some have occurred at Children's

Hospital in Omaha, which requires about a half day out of the office. Additionally, in October 2019, my uncle passed away, which required a trip back to Illinois for the funeral.

Again, I want to point out that throughout all the time the foregoing events were occurring, I understand it was my responsibility to keep up on everything that had to be done, but regretfully I failed to do so. All the work listed on the fees, I did. I put my clients and their needs sometimes to a fault ahead of my own needs. In effort to prevent this from happening again, my office has reviewed all of my cases and fees to make sure all cases are currently up-to-date. Calendar reminders have been put in our calendars for not only my office manager, but also myself. I have a second paper calendar, that is considered our back-up calendar, which also now marks the filing fee deadlines, and it will continue to be updated.

Thank you, again, for the opportunity to provide you with this additional background information. I do ask that the late fees be approved with the knowledge that provisions have been put in place to prevent my appearance before you again. Please let me know if you have any questions. Thank you for your time and attention to this matter.

Sincerely,

Candice Wooster  
Attorney at law
