**4. GREENBELT VALUATION – Rob Ogden, County Assessor; Scott Gaines, Chief Administrative Deputy, and Derrick Niederklein, Chief Field Deputy, County Assessor's Office**

Flowerday exited the meeting at 9:17 a.m.

Niederklein reviewed the Greenbelt valuation process (see agenda packet), which allows owners to receive special value on land that is used commercially for agriculture or horticultural use that does not include increased value for development. This is the only class of property that can be valued at something other than its market value.

Flowerday returned to the meeting at 9:20 a.m.

The special status stays with the land even if the ownership changes. To qualify for Greenbelt status, the land must meet the agricultural definition, cannot be within city limits, and those properties that

are less than five acres must provide an Internal Revenue Service Schedule F. The special valuation does not apply to improvements and associated lands. The Assessor/Register of Deeds Office does review these parcels annually. Currently, Lancaster County has approximately 7,000 parcels receiving special valuation.

Ogden reiterated the commercial agricultural use of the property is crucial for the special valuation.

**5. RFP 21-078 ONLINE PAYMENT AND POINT OF SALE PROCESSING** – Rachel Garver, County Treasurer, and Kristen Anderson, Chief Deputy County Treasurer

Garver reported the electronic payment system contract with Lexis Nexis will be expiring at the end of the year. A Request for Proposal (RFP) was released with 10 proposals submitted. The Grant Street proposal was chosen. This contract will be on the next Tuesday agenda. The new system will be live in January 2022.

There are 12 other departments who use the system and have been notified of the upcoming change. There will be an implementation team for the new system.

Garver noted she will put out a press release in December about the system change. There will be changes in the rates. The current \$5 debit maximum fee will not carry forward. Additionally, debit cards that are used in person will have a maximum \$2 fee.

**6. BUDGET UPDATE** – Dennis Meyer, Budget and Fiscal Officer

Meyer stated property valuations came in \$833,605 higher than expected. The County budget hearing will be held Tuesday, August 24 and the budget will be adopted at the following BOC meeting. He requested Board input on how to handle the additional \$833,605.

Amundson noted the County Engineer could use \$335,000 for plans for engineering projects. Flowerday said the County Engineer's budget will be increased \$3,650,000 from last year.

RE: Final Report

---

Good morning! Please accept this as your Final Report for the 2021 session.

The true genesis of the old Chinese curse "May you live in interesting times" may be unknown, but it does clearly apply the 2021 session of the Nebraska Unicameral Legislature.

In the end, after a grueling 18-month process spanning two sessions, senators have adjourned *sine die* - returning to their districts to take a much-needed break from these 'interesting times'. In January, a tired and cranky legislature returned to the snow-capped capitol building. In front of them lay a rugged policy and political terrain of a new biennium, requiring passage of a state budget while balancing calls for tax reform and a wide array of spending initiatives – many of which had been waiting for a time when the Legislature had resources available. The heavy workload of the new biennium came on the heels of an extended 2020 session, which due to COVID was suspended from March until late July and August. When the body finally completed its work, there was little time before the engines of the 2021 session fired to life. Added to the mix were continued safety measures such as all-day committee hearings in January and February, social distancing, and limited access to the public and lobbyists. The mix of these precautions and long hours provided difficulty to many of the new senators in building relationships early in the session with their new colleagues. Instead, these new members arrived on the floor after committee hearings and had to navigate 49 different personalities and priorities. Tensions, sometimes boiling over into personal slights, pushed into every nook and cranny during the 84 days of the session. Through these tensions though, policy achievements were found, and the landscape of the upcoming 2022 session began to be formed.

One of the major accomplishments of the 2021 session was certainly the successful adoption of the biennial budget for Nebraska with no vetoes by Governor Ricketts. The budget contains \$9.7 billion in spending over 2 years, while maintaining around a 2.1% or less spending increase, as well as being balanced as is required by the state constitution. Major new spending included a 2% per year increase to provider rates across the board, as well as an additional cash infusion to the Property Tax Credit Fund. This fund to direct property tax relief over the two-year budget increased by \$63 million now devotes \$1.45 billion in that same period. In addition, the package increases the state's rainy-day fund, which is estimated to be over \$808 million by 2023.

Too, taxpayers saw a victory when it comes to both personal and corporate income tax rates. Seniors relying upon social security income will start to see their tax liability to the state of Nebraska begin to come down next year to zero within in 10 years. Veterans tax liability will also come down as their pension benefits become less taxed by the state of Nebraska. Corporations will see a reduction in their rate to 7.25% in the next two years with intent language to bring it to 6.83% in the following biennium.

Some major initiatives were passed by the Legislature as well including a compromise to update training requirements for law enforcement; to provide for use of general funds and American Rescue Plan Act of 2021 for injection into the Nebraska economy for shovel-ready projects; modernization of Nebraska's Liquor Control Act with allowance for "to go" and "drive through" purchase of alcoholic beverages as well as providing for a definition of and tax rate similar to states around Nebraska for canned cocktails; an appropriation of \$20 Million per year for the next four years for the deployment of broadband to unserved and underserved areas of the state; a statutory construct to implement casino gaming at horse tracks throughout Nebraska; a bill that will rival Wyoming in attracting cryptocurrency institutions to the state; adoption of crisis standards of care for health care institutions across the state while providing for safe harbor for those businesses who acted in conformity with CDC guidelines during the pandemic; finally, a commitment to provide funding to the University of Nebraska system for maintenance of their facilities for over 40 years.

Even with this level of property and income tax relief, many senators argue that enough has not been done, and promising 2022 will see proposals for major overhauls to the entirety of Nebraska's tax system. Taking center stage will be reduction in property taxes through expected plans that amend school financing, sales tax exemptions, existing tax rates, and state spending. Following the failure of a consumption tax measure in the body in 2021 a petition drive to place measure before voters on the 2022 ballot is also expected. This measure as previously proposed would impose a 10.64% on all consumption of goods and services, while eliminating income, sales, inheritance, and property taxes.

Senators are expected to return in September for a special session focusing strictly on redistricting of the legislature's districts, as well as Nebraska's three congressional districts prior to the 2022 elections. The 2022 races will see a new governor, as well as 12 open seats in the legislature. Additionally, another 12 members will be eligible to seek a second term. It is expected that the third congressional district, comprising, geographically, most of the state's area, will lose several seats during this process due to continued population loss. This shift has already created a tense situation, seen during the hearing on the redistricting committee's hearing on the process they will follow when agricultural and rural interest groups opposed the procedure arguing that it will negatively impact their power within the body.

Like all sessions, the 2021 Nebraska Legislature took steps forward. Unlike those that came before however, the members of this legislature will have a place in history not because of what they passed necessarily, but instead because of the circumstances that they had to operate. Those who have been part of it will forever remember the total upheaval in the traditional way the legislature operates, with hopes that it will never have to be that way again. Now, views point towards a long quiet, where senators will spend time with their families, friends, and jobs in their districts before their gaze moves to 2022. With Speaker Hilgers' call for members to rest in order "to take big swings in 2022", the question is now is how these interesting times will amend the normal times of the future.

## LANCASTER COUNTY PRIORITIES

Defeat Inheritance Tax Repeal. Three bills have been introduced which would repeal or amend the inheritance tax:

**LB133 (Erdman) Adopt the Nebraska EPIC Consumption Tax Act and eliminate certain other taxes. OPPOSE.** *The bill remains held in committee.*

**LR11CA (Erdman) Constitutional amendment to require enactment of a consumption tax and prohibit certain other forms of taxation. OPPOSE.** *Senator Erdman declared LR11CA to be his priority for this session. The Revenue Committee did advance LR11CA. The resolution was debated for approximately 6 hours on Wednesday, May 5, 2021. The bill failed to advance to Select File. Those members of the delegation and how they voted are noted here: YES (Against our position): Geist, Hilgers. NO/NOT VOTING (With our Position): Bostar, M. Hansen, Pansing-Brooks, Wishart, Brandt, Dorn, Morfeld. The bill remains alive for re-prioritization and debate in 2022.*

**LB310 (Clements) Change inheritance tax rates and exemption amount. OPPOSE** *The bill would fundamentally change the amounts collected under the inheritance tax and almost phase it out. We have already touched base with NACO and with Douglas County regarding work on this issue this interim. We think it very important to begin to collect data on the potential impact to counties over the interim. The bill remains alive for re-prioritization and debate in 2022.*

Defeat Legislation Limiting Growth. One constitutional amendment and one legislative bill were introduced this year that deal with this. Only LB408 has emerged from committee:

**LB408 (Briese) Adopt the Property Tax Request Act.** *This bill would adopt the Property Tax Request Act. Definitions are included for approved bonds, political subdivision, property tax request, and real growth value. A political subdivision's property tax request for any year would not exceed its property tax request in the prior year by more than 3%, except as otherwise provided in this section. A political subdivision would be able to exceed the limit provided in this section by an amount approved by a majority of registered voters voting on the issue in a primary, general, or special election at which the issue is placed before the registered voters. The limit in this section would not apply to that portion of a political subdivision's property tax request that is needed to pay the principal and interest on approved bonds and that will be derived from the real growth value for the political subdivision.*

*The debate occurred Thursday, April 22, 2021 and after 8 hours of debate, the bill failed on a cloture motion. Those members of the delegation and how they voted are noted here: YES (Against our position) Brandt, Dorn, Geist, Hilgers. NO/NOT VOTING (With our Position) Bostar, Matt Hansen, Morfeld, Pansing-Brooks, Wishart. The bill remains alive for re-prioritization and debate in 2022.*

Statewide 24/7 Sobriety.

**LB271 (Morfeld) Adopt the 24/7 Sobriety Program Act. SUPPORT.** *On Wednesday, May 19, 2021, the Legislature passed LB271 on a vote of 36-11-2. The entire delegation voted to pass the bill. On Tuesday, May 25, 2021 we received word from Senator Morfeld that the Governor had signed the bill*

Sharing of Mental Health Information.

**LB663 (Geist) Require the Nebraska Commission on Law Enforcement and Criminal Justice to create a mental health indicator in a criminal justice information system to alert emergency dispatch operators.** *This legislation is our version of sharing of mental health information. Senator Geist made some changes to the draft in the last hours before introduction that limited the scope of the bill. The bill remains alive for re-prioritization and debate in 2022.*

Infrastructure Funding.

**LB242 (Brandt) Provide for county bridges under the Political Subdivisions Construction Alternatives Act. SUPPORT.** *This bill would allow for a longer payment period and for design-build for bridges. As noted in reports throughout the session, we sent over a re-worked version of the amendment that incorporated some of the language from LB414 this year. Senator Brandt indicated that he wanted this bill to be held over for the 2022 session. The bill is currently 14<sup>th</sup> in worksheet order to come up next session. The bill remains alive for re-prioritization and debate in 2022.*

Gaming Revenue.

**LB73 (Geist) Direct a portion of the proceeds from the Nebraska Racetrack Gaming Act to county agricultural societies. SUPPORT.** *For the Nebraska Racetrack Gaming Act, 25% of the tax is already remitted to the county treasurer of the county in which the licensed racetrack enclosure is located. 10% of the distribution remitted would be distributed to the county agricultural society in the county in which the licensed racetrack enclosure is located if such county agricultural society has been formed in the county under the County Agricultural Society Act. Following any distribution to a county agricultural society, the remaining funds would be distributed by the county treasurer. The General Affairs Committee advanced LB73 on Tuesday, April 13, 2021 on a vote of 6 to 2 (Yes: Wayne, Lowe, Briese, Brewer, Brandt, Arch No: J. Cavanaugh, Groene). The bill remains alive for re-prioritization and debate in 2022.*

**BILLS IDENTIFIED BY COMMISSIONERS/DEPARTMENT HEADS**

**Commissioner Flowerday – LB444 (Hansen, M.) Change provisions relating to credit against jail terms.** *If a person is arrested on one charge and prosecuted on another charge growing out of conduct which occurred prior to such person's arrest, credit against the term of any sentence resulting from such prosecution would be given for all time spent in custody under the former charge which has not been credited*

against another sentence. The bill has been advanced by the Judiciary Committee and placed on General File on a 7-0-1 vote. The bill remains alive for re-prioritization and debate in 2022.

**David Derbin – LB83 (Flood) Change the Open Meetings Act to provide for virtual conferencing.** The bill passed on a vote of 43-0 on Thursday, April 15, 2021 and was signed by the Governor. The bill is now in effect.

**Brad Johnson - LB111 (Albrecht) Change provisions relating to various offenses involving public safety. SUPPORT.** Relating to public safety crimes and offenses, criminal mischief or unauthorized application of graffiti would be a Class IV felony if the property involved in the offense belongs to a peace officer, active-duty member in the armed services of the US, judge, or elected or appointed government official and the offense was committed with the intent to harass or intimidate such person because of such person's status. The bill remains alive for re-prioritization and debate in 2022.

**Cori R. Beattie - LB291 (Friesen) Change provisions relating to property tax protests.** Relating to property tax protests, each protest would be made on a form prescribed by the Tax Commissioner, signed, and filed with the county clerk of the county where the property is assessed. The protest would contain or have attached a statement of the reason or reasons why the requested change should be made, including the requested valuation. The board discussed this bill at the staff meeting on April 8, 2021. At the meeting on April 15, 2021, Dan Nolte informed the board that Douglas and Sarpy County Clerks were meeting with Senator Friesen. On Tuesday, the bill was debated, and Senator Friesen offered an amendment that was the fruit of those discussions that would allow a county to use their own system if it captured the same information as the state form. The bill was amended and advanced to Select File.

On Tuesday, April 27, 2021, the bill was debated again on Select File and Senator Steve Erdman pushed back on the bill. The bill passed Final Reading on May 19, 2019 and was signed by the Governor on May 21, 2021.

**Cori R. Beattie - LB557 (M. Hansen) Change provisions relating to public records and include body-worn camera recordings in certain circumstances.** This bill contains multiple provisions including what is noted in the one liner that would require recordings on body cameras to be open records and required to provide them to the media. The bill also bifurcates a request made by a Nebraska resident for public records to allow for up to 8 hours of research to be done on the same; but it also makes it possible to bill non-resident requesters for a percentage of the researcher's salary. The hearing on this bill was held on February 25, 2021. The bill was advanced by the Government, Military and Veterans Affairs Committee on an 8-0 vote that would eliminates all provisions of the bill as introduced except the material relating to recordings from body-worn cameras that "depict or record circumstances in which a person died while being apprehended by" law enforcement or "while in the custody of" law enforcement or detention personnel. With AM 1021, these records would be subject to disclosure upon request, but only after the conclusion of related grand jury proceedings. The bill remains alive for re-prioritization and debate in 2022.

**Pam Dingman - LB339 (Bostelman) Require a utility coordination plan for certain highway and bridge contracts.** Introduced by Senator Bostelman at the

request of the Associated General Contractors, the bill would require any contract exceeding \$50,000 for the construction, reconstruction, improvement, maintenance, or repair of a road, street, highway, bridge, or other related structure to which the Department of Transportation or any city of the metropolitan class, any city of the primary or first class, or any county with more than 25,000 inhabitants is a party would require a utility coordination plan. The bill remains alive for re-prioritization and debate in 2022.

**David Derbin - LB657 (Vargas) Require the office of Legislative Research to prepare racial impact statements for legislative bills. SUPPORT.** Beginning in the second session of the 107th Legislature, the office of Legislative Research would prepare and provide racial impact statements for designated bills or resolutions as determined by the Executive Board of the Legislative Council. A racial impact statement would clearly summarize the estimated impact of a bill on racial populations in the state and the estimated impact of the bill on racial disparities in the state. The bill remains alive for re-prioritization and debate in 2022.

## **BILLS OF NOTE**

**LB201 (Pansing-Brooks) Change provisions relating to jurisdiction over juveniles. Douglas County Support.** Relating to juveniles, the accused would be able to be arraigned in county court or district court if the alleged offense is a traffic offense and the accused was 11 years of age or older at the time the alleged traffic offense was committed, or if the accused were 16 or 17 years of age when an alleged offense was committed, following a transfer from juvenile court. The juvenile court would have exclusive original jurisdiction as to any juvenile who was under 18 years (no longer 16) of age at the time the alleged offense was committed, except those proceedings initiated under this subdivision would be able to be transferred to county court or district court if the juvenile was 14, 15, 16, or 17 years of age at the time the alleged offense was committed. The hearing for LB201 was held on January 28<sup>th</sup>, 2021 by the Judiciary Committee. Proponent testimony was presented by the Juvenile Division of the Lancaster County Public Defender's Office and the Administrator of Juvenile Reform Efforts. In opposition was the Nebraska County Attorneys Association. The bill remains alive for re-prioritization and debate in 2022.

**LB419 (Cavanaugh, J.) Require appointment of counsel in eviction proceedings and provide for a filing fee. NEUTRAL. Douglas County Bill of Concern.** This bill was heard in the Judiciary Committee on February 4<sup>th</sup>. Proponents of the bill came from various housing advocacy groups throughout the state. Opposition to the bill came from property owners and landlords. Our neutral testimony was dropped for the hearing. The only question that came up regarding our fiscal note was about Douglas County being able to do the program for \$1 Million and Lancaster at \$2 Million. The bill remains held in committee. The bill remains alive for re-prioritization and debate in 2022.

**LB414 (Wishart) Change provisions of the Political Subdivisions Construction Alternatives Act.** The hearing on this bill was right before our LB242. The bill was advanced by the Government, Military & Veterans Affairs Committee. The bill was added to Tuesday, April 6<sup>th</sup>'s consent calendar and the bill advanced to Select File. The bill was debated on April 12, 2021 and advanced to Final Reading. The bill

passed on Final Reading on April 20, 2021 on a vote of 47-0-2 and was approved by the Governor on April 23, 2021.

**LB525 (Wishart) Provide duties and requirements for transitional housing facilities and change powers of the Office of Inspector General of the Nebraska Correctional System. MONITOR.** *The bill was advanced to General File by the Judiciary Committee with AM602 which was attached for your review to our report on April 1, 2021. This bill will be held over for the 2022 session.*

**LB644 (Hansen, B) Adopt the Property Tax Request Act. OPPOSE.** *We worked actively with NACO, the League of Nebraska Municipalities, the Nebraska Association of School Boards, and the Community Colleges. The amendment that all these parties agreed to was adopted on April 28, 2021 and advanced to Final Reading. The bill passed on Final Reading on May 19, 2021 and signed by the Governor on May 24, 2021.*

**LB2 (Briese) Change the valuation of agricultural land and horticultural land for certain school district taxes. OPPOSE.** *The bill was advanced by the Revenue Committee with an amendment that raises the percentage from 30% to 50% and incorporates the provisions of LB79 which would change the minimum amount of relief provided under the Property Tax Credit Act at the base amount plus 3% each year. The bill was debated on Tuesday, April 20 and Wednesday, April 21 with Senators raising a significant number of concerns on the bill on General File. The bill advanced to Select File on a vote of 38-4. On April 28, 2021, the Legislature took the bill up on Select File and advanced it to Final Reading. The bill passed on Final Reading on May 19, 2021 and signed by the Governor on May 24, 2021.*

**LB165 (Erdman) Change provisions relating to the assessment of real property that suffers significant property damage. OPPOSE.** *Relating to property taxes, damaged real property would replace the term destroyed real property. Any events causing significant property damage that occurs with enough frequency in this state would be made to grant property tax relief to owners of real property adversely affected by such events. Significant property damage would no longer include damage exceeding 20% of the property's assessed value in the current tax year as determined by the county assessor. The county assessor would also inspect and review all properties for which a report has been filed under this section and would submit a comprehensive report of all such properties to the county board of equalization on or before July 20 of the current assessment year. The bill remains held in committee. However, Senator Erdman did attempt to attach the provisions of this bill to LB595. We worked in cooperation with NACO to defeat the amendment. How our delegation voted: AGAINST/NOT VOTING ON AM1140 (with county position): Bostar, Geist, M. Hansen, Morfeld, Pansing-Brooks, Wishart. SUPPORT AM1140 (against county position): Brandt, Dorn, Hilgers. On May 7, 2021, Senator Erdman received an Attorney General's opinion on LB165. The opinion concludes that the bill does not plainly violate the uniformity clause. This bill will be held over for the 2022 session. The bill remains alive for re-prioritization and debate in 2022.*

**LB236 (Brewer) Permit counties to authorize carrying concealed weapons as prescribed.** *Counties would have the power to authorize the permit-less carrying of concealed weapons for all persons not otherwise prohibited from possessing or carrying such weapons under state or federal law. On Friday, May 7, 2021, Senator Brewer received an opinion from Attorney General Doug Peterson that I have attached. The opinion concluded that the bill was unconstitutional. As such, Senator Tom Brewer has filed an amendment, AM1388 that would strike all provisions of the bill and insert the provisions of the following bills that are summarized - LB85, LB244, LB173*

(as amended). LB85 would require Nebraska State Patrol to provide notice of expiration of concealed handgun permits. At least 4 months before expiration of a permit to carry a concealed handgun, the Nebraska State Patrol would send to the permit holder by US mail or electronically notice of expiration of the permit. LB244 states that the renewal would be able to be applied for no earlier than 4 months before expiration of the permit and no later than 30 business days after the date of expiration of the concealed carry permit. LB173 is a bill relating to firearms, the offense of carrying a concealed weapon would not apply to possessing, carrying, transporting, shipping, or receiving a firearm for any lawful purpose to or from any place where such firearm may be lawfully possessed or carried by a person if such firearm is unloaded and stored in a case and such person is not otherwise prohibited by state or federal law from possessing, carrying, transporting, shipping, or receiving a firearm. Senator Ben Hansen offered, and the Legislature adopted an amendment that updated Nebraska's schedule of controlled substances. The bill was moved to Final Reading on May 18, 2021. The bill passed on Final Reading on May 21, 2021 and signed by the Governor on May 26, 2021.

### **BUDGET ITEMS OF NOTE**

**LB462 (Dorn) Appropriate funds to the Department of Health and Human Services. SUPPORT. The provisions of this bill and the requested amount were not included the mainline budget. However, all providers are receiving a 2% increase which equals an \$83.5 Million increase over the next two years. This amount remains intact in the budget. The budget was sent to the Governor on Tuesday, April 19, 2021. The Governor returned the budget with no line-item reductions so this funding will go into effect on July 1, 2021.

**LB585 (Vargas) Appropriate funds for local public health departments. Appropriate funds for local public health departments. SUPPORT Douglas County Support.** There would be appropriated \$5 million from the General Fund to Agency No. 25, Program No. 502, for FY 2021-22. Such funds would be provided for local public health departments. Included in the appropriation in this section would be \$75,000 for critical health services aid to be allocated to each of the 18 public health departments and \$3.65 million for proportional health services aid to be distributed proportionally based on population among the 18 public health departments.

The provisions of this bill and the requested amount were included the mainline budget in the following amounts - \$1.5 Million in FY2021-22 and \$1.5 Million in FY2022-23 with an additional \$1.5 Million to be distributed based on population. This amount remains intact in the budget. Senator Groene did attempt to remove this increase on Select File but he was not successful. The budget was sent to the Governor on Tuesday, April 19, 2021. The Governor returned the budget with no line-item reductions so this funding will go into effect on July 1, 2021.

**LB192 (Wishart) State intent regarding appropriations for law enforcement training and certification. The provisions of this bill and the requested amount were included the mainline budget. This amount remains intact in the budget. The budget was sent to the Governor on Tuesday, April 19, 2021. The Governor returned the budget with no line-item reductions so this funding will go into effect on July 1, 2021.*

**LB193 (Wishart) State intent regarding appropriations for law enforcement training. SUPPORT.** *This bill would state that the intent of the Legislature to appropriate \$800,000 from the General Fund to the Nebraska Commission on Law Enforcement and Criminal Justice for FY 2021-22 for the purchase of 2 law enforcement training systems and software to simulate real life encounters of law enforcement officers. It would also be their intent that the systems and software be designed for law enforcement officers to train on the use of nondeadly force and that the Nebraska Police Standards Advisory Council direct the location of such systems so that they are not located where similar systems are in place for law enforcement officers. The provisions of this bill and the requested amount were not included the mainline budget.*

**LB304 (Hansen, M) Appropriate funds to the Nebraska Commission on Law Enforcement and Criminal Justice. SUPPORT.** *This bill would appropriate \$172,000 from the General Fund for FY 2021-22 to the Nebraska Commission on Law Enforcement and Criminal Justice to be used by the Nebraska Law Enforcement Training Center to enforce sections 81-1456 (employment of law enforcement officer; submit personnel change in status form; record; contents; report of termination or resignation in lieu of termination) and 81-1457 (employment of law enforcement officer; waiver to prospective employer; contents; form; former employer; duties) relating to revocation of law enforcement officer certification.*

*The provisions of this bill and the requested amount were included the mainline budget and split into each year of the biennium. This amount remains intact in the budget. The budget was sent to the Governor on Tuesday, April 19, 2021. The Governor returned the budget with no line-item reductions so this funding will go into effect on July 1, 2021.*

This concludes our report. We appreciated the opportunity to represent you this year and hope we will continue to do so that, together, we can “swing for the fences” in 2022!

LB2	Briese	Quiet Opposition	Revenue 02/10/2021	Approved by Governor 05/26/2021 Briese Priority Bill	Change the valuation of agricultural land and horticultural land for certain school district taxes

Regarding valuation of agricultural land and horticultural land for purposes of certain school district taxes, this bill creates an exception allowing lower percentage of actual value "for school district taxes levied to pay the principal and interest on bonds that are issued on or after the operative date of this act." Where the normal valuation rate is 75% of its actual value, the exception rate would be 30%. Where the normal valuation rate range is 69-75% of actual value, the exception rate would be 24-30%.

AM638 was adopted by the Committee and does the following: Amends the annual increase in the Property Tax Credit Fund. Instead of the prior year amount plus the allowable growth percentage in section 77-6702 it will be prior year amount plus 3%. LB79 as amended was amended into LB2. The amendment changes the amount of agricultural and horticultural land that may be levied against to pay principal and interest on school district bonds from 30% of actual value to 50%; it replaces the acceptable range for assessment of such land it changes to 44%-50%.

Introduced at the request of the League of Nebraska Municipalities. Minimum imprisonment for a person convicted of Class IC or ID felony under 21 years of age would not be a mandatory minimum but a minimum term only. The death penalty or life imprisonment would not be imposed on anyone younger than 21 years old (as opposed to 18 years old). For someone younger than 21 years old, the penalty for a conviction of Class IA (IB) felony would be a maximum sentence of not greater than 80 (60) years imprisonment and a minimum of not greater than 40 (20) years imprisonment. If the defendant was under 21 years old at the time the crime was committed, the court would consider mitigating factors prior to sentencing.

<a href="#">LB125</a>	McCollister	Monitor	Government, Military and Veterans Affairs 02/18/2021	In Committee 01/11/2021	Provide for ranked-choice voting for certain elections

Regarding the Election Act, this bill would allow for ranked-choice voting for certain elections. Ranked-choice voting means an election voting system in which a voter uses a ranked ballot to indicate the voter’s preference between candidates and the results are determined using the ranked-choice voting count. The Secretary of State would provide for the proper and efficient administration of elections determined by ranked-choice voting. This method would be different from the traditional “fill-in-the-one-oval” method, as each candidate would have to be ranked. The specific process is described.

<a href="#">LB133</a>	Erdman	Oppose	Revenue 02/03/2021	In Committee 01/11/2021	Adopt the Nebraska EPIC Consumption Tax Act and eliminate certain other taxes
-----------------------	--------	--------	-----------------------	----------------------------	---

This bill would adopt the Nebraska EPIC Consumption Tax Act and eliminate certain other taxes. EPIC stands for the elimination of property (imposed pursuant to Chapter 77), income (state income and state sales and use tax imposed pursuant to the Nebraska Revenue Act of 1967), and corporate taxes. The inheritance tax imposed pursuant to sections 77-2001 to 77-2040 would also be repealed. This would become effective 12/31/2024. The Nebraska Taxpayer’s Bill of Rights would also be established, stating that citizens of Nebraska are entitled to a fair and just tax system. Beginning on 1/1/2024, there would be a tax imposed on the use or consumption in the State of Nebraska of taxable property or services. The rate would be 10.64%. Land, purchase of fuel, taxable property or service purchased for a business purpose in a trade or business, investment purpose, educational purpose, and used property among other listed items would not be subject to the consumption tax.

The formula for consumption tax monthly allowance is provided as the product of the consumption tax rate and the monthly poverty level for a family of the size of the qualified family. The process related to qualified families is provided in detail. The Consumption Tax Transition Fund would be created in order to pay the consumption tax monthly allowance to the heads of households of qualified families. It would be a destination principle tax. The process related to registered sellers is provided in detail. There would be a penalty of \$500 for anyone who is required to register under this but fails to do so. This would not limit the ability of counties, cities, or villages from imposing a separate consumption tax within their limits. Beginning 1/1/2024, the primary source of funding for all public and elementary schools and for all educational service units would be the taxes collected under this Act.

The State Treasurer would transfer \$240 million from the Cash Reserve Fund to the Consumption Tax Transition Fund on or before 12/31/2023. The Community College Aid Act would apply until 1/1/2024. After this, community colleges would be funded as provided under this Act.

**CHAMBER SUMMARY:** "LB133 eliminates all state income, sales and use taxes, property taxes and inheritance taxes. Refer to LR 11 CA for the related Constitutional Amendment. Beginning January 1, 2024, there is hereby imposed a tax on the use or consumption in the State of Nebraska of taxable property or services. The rate of the consumption tax shall be ten and sixty-four hundredths percent (10.64%). The person purchasing taxable property or services in the State of Nebraska shall be liable for the tax. The bill creates numerous exemptions for purchases such as fuel, used property, property or service purchased for a business purpose in a trade or business, property or service used for educational purposes, etc.

Funding for schools would be through a collective request through the Department of Education. Funding for other political subdivision would go through the local county. All local political subdivisions would have to work with the county within their jurisdiction to have the county submit a total budget request to the Legislature."

Committee amendment AM 1293 is a white copy amendment that includes an amended version of LB 139 and LB 53. The amendment provides new definitions for "Covid-19", "Federal public health guidance" and "person" that includes various types of business organizations, the State and political subdivisions, and schools and universities. Person also includes officers and employees as well as agents and volunteers of the covered organizations. The amendment prohibits civil actions after the effective date if the alleged act or omission was in substantial compliance with federal health guidance. The amendment maintains the provisions in section 7 of the original proposal that provide that the Act does not create or recognize a cause of action, affect worker's compensation actions, change common law immunities or limitations of liability, or constitute a waiver of sovereign immunity. AM 1293 also includes an amended version of LB 53 that establishes the Health Care Crisis Protocol Act. The committee amendment requires the Department of Health and Human Services to establish a health care crisis protocol containing listed criteria. The amendment also creates an advisory committee under the Department of Health and Human Services to advise and make recommendations on the protocol.

During General File consideration, AM1375 was offered by Senator Lathrop that re-wrote sections 5 to 9 and renamed the act as the Health Care Crisis Protocol Act and cited to the protocol that was prepared by the Nebraska Medical Emergency Operations Center dated May 10, 2021.

Counties would have the power to authorize the carrying of concealed weapons for all persons not otherwise prohibited from possessing or carrying such weapons under state or federal law.

The committee amendment would require that counties consult with their sheriff before passing the sort of ordinance contemplated by LB 236. It would also require persons engaged in the lawful permitless carrying of a concealed weapon to immediately inform any emergency responder in the event of an official contact. Finally, the amendment limits the power to pass a permitless carry ordinance to those counties that do not contain a city of the metropolitan or primary class. Senator Brewer filed AM874 that would revise the limitation on which counties could enact an ordinance to only those counties with less than 100,000 people.

On May 10, 2021, the Attorney General issued an opinion indicating that LB236 is unconstitutional. As such, Senator Tom Brewer has filed an amendment, AM1388 that would strike all provisions of the bill and insert the provisions of the following bills that are summarized - LB85, LB244, LB173 (as amended). LB85 would require Nebraska State Patrol to provide notice of expiration of concealed handgun permits. At least 4 months before expiration of a permit to carry a concealed handgun, the Nebraska State Patrol would send to the permit holder by US mail or electronically notice of expiration of the permit. LB244 states that the renewal would be able to be applied for no earlier than 4 months before expiration of the permit and no later than 30 business days after the date of expiration of the concealed carry permit. LB173 is a bill relating to firearms, the offense of carrying a concealed weapon would not apply to possessing, carrying, transporting, shipping, or receiving a firearm for any lawful purpose to or from any place where such firearm may be lawfully possessed or carried by a person if such firearm is unloaded and stored in a case and such person is not otherwise prohibited by state or federal law from possessing, carrying, transporting, shipping, or receiving a firearm.

LB271	Morfeld	Support	Judiciary 02/17/2021	Approved by Governor 05/26/2021 Speaker Priority Bill	Adopt the 24/7 Sobriety Program Act

This bill would adopt the 24/7 Sobriety Program Act. Each county, through its county sheriff, would be able to participate in a 24/7 sobriety program. If a sheriff is unwilling or unable to participate in a 24/7 sobriety program, the sheriff would be able to designate an entity willing to provide the service. This program would meet at least the following minimum requirements: (a) testing would occur either twice a day or every day at a testing location or locations established by the county sheriff or a designated entity or continuously with a continuous alcohol monitoring device or similar technology, (b) participants would enter into a participation agreement with the sheriff or designated entity, and (c) participants would not consume alcohol or any drug not prescribed by a physician. Sanctions for violations of the program would be according to best practices. If a person is enrolled in a 24/7 sobriety program under this Act and has not violated any program conditions for drugs or alcohol after 30 consecutive days of testing, such person would be able to apply for a 24/7 sobriety program permit as a condition of bail under the 24/7 Sobriety Program Act. Such permit would expire at the same time as the later of any administrative license revocation being served.

AM490 would add new language to Sections 5, 8, and 11. Section 5 would be amended to clarify that a 24/7 sobriety program permit could only be issued if the person's been revoked pursuant to an administrative license revocation and the person is not otherwise ineligible; Section 8 would be amended to clarify that the state pretrial diversion plan for minor traffic violations does not apply to DUI offenses. This section would also be amended to provide that DUI offenses are dismissed twelve months after completion of pretrial diversion; Section 11 would be amended to clarify that only a person subject to administrative license revocation may apply for a 24/7 sobriety program permit.

AM1002 adopted on Select File clarified that being in a 24/7 program shall be ordered by court; that a court has the opportunity to use any technology to detect the use or presence of alcohol or methods of supervision; finally, the amendment ensures that the level of penalty mirrors violation of an interlock.

-----------------------	--------	--------	-----------------------	---	------------------------------------

This bill would adopt the Property Tax Request Act and is the statutory equivalent of LR22CA. Definitions are included for approved bonds, political subdivision, property tax request, and real growth value. A political subdivision's property tax request for any year would not exceed its property tax request in the prior year by more than 3%, except as otherwise provided in this section. A political subdivision would be able to exceed the limit provided in this section by an amount approved by a majority of registered voters voting on the issue in a primary, general, or special election at which the issue is placed before the registered voters. The limit in this section would not apply to that portion of a political subdivision's property tax request that is needed to pay the principal and interest on approved bonds and that will be derived from the real growth value for the political subdivision.

The Committee Amendment becomes the bill. The changes from LB408, as introduced are noted below. All other provisions from LB408 are included in the Committee Amendment. Section 4 (Page 4, Lines 19-31 through Page 6, Lines 1-14) that a political subdivision's property tax request in any year shall not exceed its request authority. Request authority shall be equal to the political subdivision's tax request from the prior year multiplied by 103%.

By a majority vote of a political subdivision's governing board, the political subdivision may exceed the 3% limit for no more than 2 consecutive years. If this situation occurs, the property tax request of the political subdivision shall be reduced to ensure the increase in the property tax request does not exceed 9% over a 3-year period. The 3-year period will be measured using the year when the political subdivision exceeds the 3% limit as the first year. If the vote to exceed the 3% limit is for 2 consecutive years, the 3-year period shall be measured twice using each of the 2 consecutive years as the first year of the applicable 3-year period. The 3% limit shall not apply to a political subdivision's property tax request that will be derived from the real growth value of the political subdivision.

A political subdivision that chooses not to increase its property tax request by the full 3% may carry forward one-half of its unused request authority to future years as carryover request authority. Carryover request authority may be used in future years to increase the political subdivision's tax request above the 3% limit. The 3% limit shall apply to property tax requests set in 2022 through 2027. The 3% limit shall not longer apply to property tax request set in 2028 and thereafter. Section 13-506 is amended to require the presentation required at a budget hearing shall also include information showing the political subdivision is in compliance with the Property Tax Request Act.

----------	---------	----------	-----------	--------	-------------

LB 570 changes certain Department of Health and Human Services model pilot project evaluation periods and are included in section 2 of AM 566. Section 2 would require the Legislature to complete an evaluation of the States privatization of child welfare case management services in the Eastern Service Area by December 31, 2021. The bill would authorize the Legislature to hire a consultant to assist in completing the evaluation. The emergency clause applies to section 2 to facilitate the completion of the study by the end-of-year deadline.

LB 425 requires the Department of Health and Human Services to complete a needs assessment and cost analysis for an inpatient adolescent psychiatric unit and are included in section 4 of AM 566. Section 4 would require the Department of Health and Human Services [DHHS] to contract for the completion of a needs assessment and cost analysis for the establishment of an inpatient adolescent psychiatric unit housed within the Lincoln Regional Center. Under section 83-106 as currently enacted, the completion of such a study is permissive. Section 4 strikes the permissive language in subsection [1] of section 83-106 and inserts language requiring DHHS to contract with an outside consultant with expertise in needs assessment and cost analysis of health care facilities, within 60 days of the effective date, for the completion of the needs assessment and cost analysis. The department is required to submit a report with the results of the study to the Health and Human Services Committee and the Clerk of the Legislature on or before December 15, 2021. The report shall contain: [1] A needs assessment, including the number of adolescents expected to use such inpatient adolescent psychiatric unit; [2] The cost of opening an existing facility at the Lincoln Regional Center for use as an inpatient adolescent psychiatric unit; [3] The cost of reopening the facility at the Lincoln Regional Center, including the costs for necessary construction, upgrades, or repairs; [4] Annual operating costs of such unit, including, but not limited to, any federal funds available to operate the unit in addition to General Fund appropriations; and [5] Cost savings realized by moving adolescents from out-of-state institutions back to Nebraska for treatment at such unit. The emergency clause applies to section 4 to facilitate the completion of the needs assessment and cost analysis by the December 15 deadline.

LB 427 states intent that substance abuse and behavioral health treatment for juveniles by the Department of Health and Human Services not be delayed and are included in section 5 of AM 566. Section 5 inserts new language in section 83-107.01, the section of statute which lists of the official names of institutions under the supervision of the Department of Health and Human Services and states certain requirements. The new language states the Legislatures intent that that no such institution at which DHHS provides inpatient or subacute substance abuse or behavioral health residential treatment for juveniles under the jurisdiction of a juvenile court shall delay such treatment to a juvenile when such treatment has been determined necessary after placement at a youth rehabilitation and treatment center [under subsection [2] of section 43-407] or has been ordered by a juvenile court.

During Select File consideration of the bill, AM1315 was offered by Senator John Arch and adopted by the Legislature. It clarified some reporting requirements and provided specific dates for said reports.

-----------------------	------------	---------------	-----------------------	---	---

This bill would adopt the Property Tax Request Act. A political subdivision would be able to set its property tax request at an amount that exceeds its property tax request in the prior year if (a) a public hearing is held and notice of such hearing is provided in compliance with any rules in this section, and (b) the governing body of such political subdivision passes a resolution or an ordinance that complies with this section. Each political subdivision within a county that seeks to set its property tax request at an amount that exceeds its property tax request in the prior year would participate in a joint public hearing. The hearing process is described in detail. Any resolution or ordinance setting a property tax request under this section would be certified and forwarded to the county clerk on or before October 15th of the year for which the tax request is to apply.

The Committee advanced the bill with AM755. The amendment changes the political subdivisions that are affected by this bill to be: a county, city, school district, or community college. If the political subdivision includes area in more than one county, the county in which the principal headquarters are located will be the location of the joint public hearing. The information required to be published on the postcard that is mailed to all affected property taxpayers found in Section 4 will now require the date, time and location for the joint public hearing, a listing of each political subdivision that will be participating in the joint public hearing, a telephone number for each political subdivision and the amount of each participating political subdivision's property tax request. Additional information on the postcard will be the name of the county that will be holding the joint public hearing, the parcel number and the name and address of the property owner, the prior year and the current year assessed valuation, the amount of property taxes due in the prior year and the amount of property taxes due for the current year and the change in the amount of property taxes due. The due date for filing the budget with the Auditor of Public Accounts for all political subdivisions is moved to September 27. The operative date remains as January 1, 2022.

Between General and Select File, parties negotiated an agreement on the bill. That compromise was embodied in AM1019. The amendment provides that if a county, city, school district, or community college decides to increase its property tax request by more than the allowable growth percentage, those political subdivisions need to hold a joint public hearing. Allowable growth percentage is defined as a percentage equal to the sum of 2% plus the political subdivision's real growth percentage.

Document	Senator	Position	Committee	Status	Description
					<p>Real growth percentage means the percentage obtained by dividing the political subdivision's real growth value by the political subdivision's total real property valuation from the prior year. Real growth value includes the increase in a political subdivision's real property valuation from the prior year to the current year due to: improvements to real property because of new construction and additions to existing buildings, any other improvements to real property which increase the value of such property, annexation of real property by the political subdivision, and a change in the use of real property; and the annual increase in the excess value for any tax increment financing project. Excess value means an amount equal to the assessed value of the real property included in a TIF project minus the redevelopment project valuation. This includes both inflationary growth and the increase in the valuation because of the improvements. The amendment also defines the terms property tax request, redevelopment project valuation and tax increment financing project.</p> <p>The amendment clarifies that only counties with a population of greater than 25,000 inhabitants are required to post notice of the joint public hearing on their website. The amendment provides an outline on the process for the county to collect the information to be included on the postcard and mail the postcard 7 calendar days before the joint public hearing. The cost of creating and mailing the postcards, including staff time, materials, and postage will be divided among the political subdivisions participating in the joint public hearing.</p> <p>The timeline for the joint public hearing and the filing of the budget is also changed. The joint public hearing is required to be held on or after September 17th and prior to September 29th. The date to file the budget is changed to September 30th. The deadline for the county board of equalization to levy necessary taxes is changed to "on or before October 20th." Clarifying changes suggested by the State Auditor's office are also made regarding the levy requests to the county board of equalization.</p> <p>The amendment clarifies that each political subdivision will designate one representative to attend the joint public hearing on behalf of the political subdivision. Also clarified is that the joint public hearing will be held after 6 p.m. local time. The amendment provides that any member of the public will be allowed to speak at the joint public hearing and will be given a reasonable amount of time to do so. This language is consistent with language regarding the public speaking at the hearing on the proposed budget statement. The amendment adds language that an inadvertent failure to comply with the Property Tax Request Act shall not invalidate the property tax request or constitute an unauthorized levy. Also, the failure of a taxpayer to receive a postcard shall not invalidate the property tax request or constitute an unauthorized levy.</p> <p>Finally, the amendment requires the county clerk or his or her designee to prepare a report of the joint public hearing that includes the names of the representatives from the political subdivisions and the names and addresses of each person who speaks at the joint public hearing and the name of any organization they represent. The report needs to be delivered to the political subdivisions participating in the joint public hearing within 10 days after the hearing.</p> <p>Nebraska Association of School Boards position: Oppose Nebraska State Chamber position: Support Nebraska Association of County Officials position: Oppose Greater Nebraska Schools Association position: Oppose - Testify League of Nebraska Municipalities position: Oppose</p>

					<p><b>Comments</b></p> <p><b>2021 Standing</b></p> <p>Placed on Final Reading as Senator Briese's personal priority bill, LB2 overcame considerable opposition during it's first consideration on General File, eventually having cloture invoked with 40 senators supporting the motion. As amended through a Revenue Committee amendment and personal amendment by Senator Briese, LB2 also included provisions of LB79 by Senator Briese, which sets the minimum amount of relief under the Property Tax Credit Act for 2024 and after as the amount of relief from the prior year plus the allowable growth percentage. The bill was approved by the governor on May 24th after passing the legislature on a vote of 36-6-7.</p> <p>Though agriculture and livestock associations championed these changes, the opposition from counties, Open Sky, and the Chamber of Commerce was strong enough for Revenue to revise them with AM638, changing the reduction from 24% to 30% to 44%-50% and reforming the fund's growth percentage to 3% a year. The Legislature then adopted the Committee's language with a repeal of Section 2 (AM1063) on April 21, despite efforts to bracket the bill until June.</p>

Virtual conferencing means conducting or participating in a meeting electronically or telephonically with interaction among the participants. No more than one-half of the meetings of the state entities, advisory committees, boards, councils, organizations, or governing bodies would be able to be held by virtual conferencing in a calendar year (except for organizations created under the Interlocal Cooperation Act or Municipal Cooperative Financing Act). The amendment also adds metropolitan utility districts and regional metropolitan transit authorities to the list of political subdivisions that may utilize virtual conferencing for their public meetings. For entities holding virtual meetings with multiple locations for public participation, the amendment adds a requirement that each meeting site be attended by at least one member of the public entity or their designee. There is also a revision clarifying that the documents that must be made available at each meeting site are those documents "being considered at" the meeting. The amendment would require an emergency declaration by the Governor under section 81-829.39 to trigger emergency meeting procedures under the bill. Finally, the amendment provides an exception to an address publication requirement in instances where that address requirement may endanger a person's security.</b></p> <p><b>Douglas County position: Support</b> <b>Nebraska Association of School Boards position: Support</b> <b>ESU Coordinating Council position: Support</b> <b>Nebraska Council of School Administrators position: Support</b></p>				<p>Approved by Governor on April 21, 2021 Blood explanation of vote Day explanation of vote Presented to Governor on April 15, 2021 President/Speaker signed Dispensing of reading at large approved Passed on Final Reading with Emergency Clause 43-0-6 Placed on Final Reading with ST7 Enrollment and Review ER23 adopted Flood AM750 adopted Advanced to Enrollment and Review for Engrossment Flood AM750 filed Placed on Select File with ER23 Enrollment and Review ER23 filed Government, Military and Veterans Affairs AM127 adopted Advanced to Enrollment and Review Initial Government, Military and Veterans Affairs priority bill Hansen, M. name added Government, Military and Veterans Affairs AM127 filed Placed on General File with AM127 Cavanaugh, M. name added Brandt name added Notice of hearing for January 27, 2021 Blood name added Hunt name added</p>

2021 Standing:

This bill provides the legal and monetary framework for the Department of Motor Vehicles to modernize its issuance system. During the Transportation and Telecommunications hearing on January 25, the Department and the National Association of County Officials testified as a proponent, and the Committee sent it to General File unanimously on February 2. Then, despite Senator B. Hansen's three attempts to amend it, the bill passed Final Reading with a vote of 36-4-9 on April 1. The Governor approved the bill with an emergency clause on April 7.

LB107	(McCollister) Adopt the Redistricting Act		Executive Board	02/17/2021	In Committee 01/11/2021
	<p>This bill would adopt the Redistricting Act. The purpose of this Act would be to establish procedures to divide the State of Nebraska into districts by designating boundary lines based on population for the election or appointment of representatives from the State of Nebraska to the US House of Representatives, judges of the Supreme Court, and members of the Legislature, the Board of Regents of the University of Nebraska, the Public Service Commission, and the State Board of Education. The districts would be established by maps incorporated by reference into legislation enacted by the Legislature. The chairperson and vice-chairperson of the committee would be elected by an affirmative vote of at least two-thirds of the members of the committee. The maps drawn under this Act would be drawn using politically neutral criteria. The committee would conduct at least one public hearing in each congressional district to receive public comment on the maps.</p> <p>No changes other than corrective amendments would be allowed to the initial version of the maps to be established under this Act or the legislative bills incorporating the maps. If the Legislature would fail in providing district boundaries prior to the adjournment of the legislative session, the Governor would call a special session within 30 days after the adjournment sine die of the session and the director and committee would begin with a new initial version of the map during the special session and otherwise comply with the Act.</p>				<p>Notice of hearing for February 17, 2021 Hunt name added Referred to Executive Board Date of introduction</p>

This bill would adopt the Nebraska EPIC Consumption Tax Act and eliminate certain other taxes. EPIC stands for the elimination of property (imposed pursuant to Chapter 77), income (state income and state sales and use tax imposed pursuant to the Nebraska Revenue Act of 1967), and corporate taxes. The inheritance tax imposed pursuant to sections 77-2001 to 77-2040 would also be repealed. This would become effective 12/31/2024. The Nebraska Taxpayer's Bill of Rights would also be established, stating that citizens of Nebraska are entitled to a fair and just tax system. Beginning on 1/1/2024, there would be a tax imposed on the use or consumption in the State of Nebraska of taxable property or services. The rate would be 10.64%. Land, purchase of fuel, taxable property or service purchased for a business purpose in a trade or business, investment purpose, educational purpose, and used property among other listed items would not be subject to the consumption tax.

Notice of hearing for February 03, 2021  
Referred to Revenue Committee  
Date of introduction

The formula for consumption tax monthly allowance is provided as the product of the consumption tax rate and the monthly poverty level for a family of the size of the qualified family. The process related to qualified families is provided in detail. The Consumption Tax Transition Fund would be created in order to pay the consumption tax monthly allowance to the heads of households of qualified families. It would be a destination principle tax. The process related to registered sellers is provided in detail. There would be a penalty of \$500 for anyone who is required to register under this but fails to do so. This would not limit the ability of counties, cities, or villages from imposing a separate consumption tax within their limits. Beginning 1/1/2024, the primary source of funding for all public and elementary schools and for all educational service units would be the taxes collected under this Act.

The State Treasurer would transfer \$240 million from the Cash Reserve Fund to the Consumption Tax Transition Fund on or before 12/31/2023. The Community College Aid Act would apply until 1/1/2024. After this, community colleges would be funded as provided under this Act.

**CHAMBER SUMMARY:** "LB133 eliminates all state income, sales and use taxes, property taxes and inheritance taxes. Refer to LR 11 CA for the related Constitutional Amendment. Beginning January 1, 2024, there is hereby imposed a tax on the use or consumption in the State of Nebraska of taxable property or services. The rate of the consumption tax shall be ten and sixty-four hundredths percent (10.64%). The person purchasing taxable property or services in the State of Nebraska shall be liable for the tax. The bill creates numerous exemptions for purchases such as fuel, used property, property or service purchased for a business purpose in a trade or business, property or service used for educational purposes, etc.

Funding for schools would be through a collective request through the Department of Education. Funding for other political subdivision would go through the local county. All local political subdivisions would have to work with the county within their jurisdiction to have the county submit a total budget request to the Legislature."

	Adopt the In the Line of Duty Compensation Act If a first responder is killed in the line of duty, this bill authorizes a one-time compensation to the designee. Counties, first-responders, firefighters, and police officers supported this bill during the hearing, and the Business and Labor Committee advanced it unanimously on February 10. Then, during Select File, Senator Flood introduced AM680, which adds state correctional officers to the occupations that qualify for this compensation and tasks the Risk Manager with executing intestate succession laws if there isn't an appropriate designee. The legislature adopted this language with Senator M. Hansen's approval and two nay votes (Albrecht, Clements), and the bill went to Final Reading on March 24.

2021 Standing

Change provisions relating to good cause for voluntarily leaving employment under the Employment Security Law  
LB260 states that it is good cause for voluntarily leaving employment when an individual tries to preserve their work but leaves to care for a family member’s serious health condition. AARP and ACLU supported this bill during the Business and Labor Committee hearing on January 25, and the Committee advanced the legislation with three abstaining votes (Gragert, Halloran, and B. Hansen). Once in the Select file, Senator Moser attempted to cap the benefits, but it failed, and the body placed onto Final reading on April 29.

	<p>This bill would adopt the 24/7 Sobriety Program Act. Each county, through its county sheriff, would be able to participate in a 24/7 sobriety program. If a sheriff is unwilling or unable to participate in a 24/7 sobriety program, the sheriff would be able to designate an entity willing to provide the service. This program would meet at least the following minimum requirements: (a) testing would occur either twice a day or every day at a testing location or locations established by the county sheriff or a designated entity or continuously with a continuous alcohol monitoring device or similar technology, (b) participants would enter into a participation agreement with the sheriff or designated entity, and (c) participants would not consume alcohol or any drug not prescribed by a physician. Sanctions for violations of the program would be according to best practices. If a person is enrolled in a 24/7 sobriety program under this Act and has not violated any program conditions for drugs or alcohol after 30 consecutive days of testing, such person would be able to apply for a 24/7 sobriety program permit as a condition of bail under the 24/7 Sobriety Program Act. Such permit would expire at the same time as the later of any administrative license revocation being served.</p> <p>AM490 would add new language to Sections 5, 8, and 11. Section 5 would be amended to clarify that a 24/7 sobriety program permit could only be issued if the person's been revoked pursuant to an administrative license revocation and the person is not otherwise ineligible; Section 8 would be amended to clarify that the state pretrial diversion plan for minor traffic violations does not apply to DUI offenses. This section would also be amended to provide that DUI offenses are dismissed twelve months after completion of pretrial diversion; Section 11 would be amended to clarify that only a person subject to administrative license revocation may apply for a 24/7 sobriety program permit.</p> <p>AM1002 adopted on Select File clarified that being in a 24/7 program shall be ordered by court; that a court has the opportunity to use any technology to detect the use or presence of alcohol or methods of supervision; finally, the amendment ensures that the level of penalty mirrors violation of an interlock.</p> <p>Nebraska County Attorneys Association Position: Support Nebraska Association of County Officials position: Support Letter</p>				<p>Approved by Governor on May 24, 2021 Presented to Governor on May 19, 2021 President/Speaker signed Passed on Final Reading 36-11-2 Dispensing of reading at large approved Placed on Final Reading Advanced to Enrollment and Review for Engrossment Morfeld AM1002 adopted Enrollment and Review ER59 adopted Morfeld AM1002 filed Enrollment and Review ER59 filed Placed on Select File with ER59 Advanced to Enrollment and Review Initial Morfeld AM853 pending Judiciary AM490 pending Judiciary AM490 adopted Morfeld AM853 adopted Morfeld AM853 filed Hansen, M. name added Speaker priority bill Placed on General File with AM490 Judiciary AM490 filed Notice of hearing for February 17, 2021 Referred to Judiciary Committee Date of introduction</p>

Subsequently, the Judiciary Committee advanced it to General File with AM490. This language clarifies the bill's scope and consequences, limiting it to administrative license revocations and stating that DUI offenses are dismissed twelve months after pretrial diversion. Once the body adopted AM490 and Senator Morefeld's amendments on BAC testing and funding, the Legislature placed it on Final Reading April 29 where it was passed on a vote of 36-11-2 on May 19th, and was approved by the Governor on May 24th.</p>

Section 3 and 4 would amend Sec. 43-407 and Sec. 43-408 and replace Section 2 of the original bill. Rather than allow OJS to transfer juveniles without court involvement, these sections would create a new process for an emergency hearing. The existing process for transferring a juvenile to an inpatient or subacute residential treatment facility or to another YRTC would stay in place. These sections would authorize OJS to file a motion for emergency change that must be heard by a court within 24 hours and allow the court to grant the temporary change pending the full hearing when it is in the best interests of the juvenile. After the January 28 hearing, where DHHS and FOP88 supported it, and the National Criminal Defense Attorneys Association opposed it, the Judiciary Committee advanced the legislation with AM600. This Amendment replaced the bill. Other than replacing specific references, AM600 does two things. First, it authorizes the office of Public Counsel to conduct an annual review of these facilities. Second, it creates a new process for an emergency hearing when the existing transfers do not involve the courts. The Legislature adopted these changes on March 29, and once they approved Senator Lowe's clarifications to the motions process, the body placed it onto Final Reading May 4.</p>

	<p>The General Affairs Committee advanced LB274 with COMAM427 which included two additional bills, as amended by the Committee: LB72 and LB578. LB72 was amended by AM14 and amended into LB 274 by Committee Amendment AM427. LB72 is a bill brought by Senator Geist to allow the sale of mixed drinks or cocktails for consumption off the premises, as is currently allowed by Executive Order 20-09. This bill would make this policy permanent for those holding a Class C or a Class I liquor license. These pre-made cocktails and other alcoholic beverages must be sold in a sealed, tamper-evident container, and not partially consumed, for consumption off the premises of the liquor license holder, meaning to-go or take-out. AM14 provides Farm Winery licenses be included with the bill to afford these license holders the same options to sell to-go drinks in sealed containers as the other two licenses listed in the original bill.</p>				
	<p>LB 578 was amended by AM 314 and amended into LB 274 by Committee Amendment AM427. LB 578 creates a new statutory category of alcoholic beverage, the ready-to-drink cocktail. The definition of ready-to-drink cocktail means a beverage containing spirits in an original package which contains twelve and one-half percent or less alcohol by volume. Currently, Nebraska taxes these as distilled spirits, at a rate of \$3.75 per gallon. LB 578 proposes to tax ready-to-drink cocktails at thirty-one cents (\$0.31) per gallon, separating them from the distilled spirits category and tax rate. AM 314 replaces LB 578 and sets the excise tax rate on ready-to-drink cocktails at ninety-five cents (\$0.95) per gallon. It adds the term "confection" to the definition of ready-to-drink cocktails, and it also provides authority for the Liquor Control Commission to adopt and promulgate rules and regulations pertaining to the production and sale of ready-to-drink cocktails as is necessary. AM427 also attaches an emergency clause in Section 18.</p>				
	<p>Several amendments to the bill were adopted on Select File. AM870 would increase the threshold for microdistillers from the current statutory limit of 10,000 gallons to 100,000 gallons. Lowes AM667 is the compromise amendment that would allow for drive through purchases of alcoholic beverages after the end of the pandemic. Geist's AM668 was a compomise amendment with Senator John Cavanaugh on those locations allowing for to-go cocktails. The retailer would have to notify the commission at time of renewal of their license.</p>				
	<p>On Final Reading, Senator John Lowe returned LB274 to Select File for AM1071 that was an agreed-to amendment that made the effective date of July 1, 2021 for the new taxation rate of ready-to-drink cocktails.</p>

	Provide for taxation of ready-to-drink cocktails, the sale of mixed alcoholic beverages by certain retailers and farm wineries, and promotional farmers market special designated licenses under the Nebraska Liquor Control Act On its own, LB274 authorizes the commission to designate farmers' market special licenses to a craft brewery, micro-distillery, or farm winery. However, after broad support from counties, brewers, wineries, and liquor whole-sellers, the General Affairs Committee advanced the bill with AM427 on March 4, including two additional bills: LB72 and LB578. LB72 allows for the sale of pre-made alcoholic drinks off the premises of a Farm Winery or liquor license holder. LB 578 creates a new statutory category for alcoholic beverages, the ready-to-drink cocktail, which separates those products from the distilled spirits tax rate. Though General Affairs clarified powers and definitions in these respective bills, many Senators filed amendments during Select File. The Legislature adopted three of them, including location specifications, an increased threshold for microdistillers, and an allowance for drive-through purchases post-pandemic. Then, after Senator Lowe codifies the operative dates of these changes with AM1071, the new LB274 went to Enrollment and Review on May 13.

	<p><b>Change provisions relating to appointment of counsel for juveniles</b>            Though juveniles can waive their right to counsel, this bill states that the court must be satisfied that the person made this choice intelligently, providing a system for kids to consult with such counsel. After the January 28 hearing, which showed support from public defenders and opposition from county officials, The Judiciary Committee advanced it 5-0-2 with AM273. This amendment deleted the requirement that prosecutors waive out-of-home placement.</p> <p>Then, after the Legislature adopted this language on April 9, the body adopted two more changes. First, Senator Geist's 1108 strikes the financial costs to counties with less than fifty thousand residents, and second, 1081 allows thirty days to transfer a case to juvenile court. Funds from the Fund would be used to provide grants to counties to help offset the cost of providing legal counsel for indigent juveniles and for the administrative costs of the commission. A county would be able to apply for a grant under the program beginning 10/15/2022. Reporting methods for this program are listed in detail. A juvenile indigent defense fee of \$1 would be assessed as costs for each case filed in each county court, separate juvenile court, and district court, including appeals, and for each appeal and original action filed in the Court of Appeals and the Supreme Court. 	<p><b>Comments</b> 2021 Standing: Introduced by Senator Clements following his interim work focusing on opposition to the tax, LB310 was advanced to General File along with committee amendment AM635. The measure was opposed by a large number of counties, while being supported only by the Platte Institute and the Clements family. AM635, which will carryover with the bill to the 2022 session changes the exemption amount from \$40,000 to \$100,000 while keeping the rate at 1%. The amendment then sets levels of beneficiaries as well as age limits for those that would be required to pay the tax. The bill was not given further consideration after not gaining a priority status and will carryover on General File. We believe that the inheritance tax will be part of the conversations by committee members as they examine the Nebraska tax structure over the 2021 interim. The tax would also be struck by Senator Erdman's consumption tax, which failed during debate in the body, after which Senator Erdman has stated that a push to possibly put the measure on the ballot could be coming in 2022.</p>

This request for exemption would only be for the current tax year. Applications would include a copy of the death certificate of the deceased spouse. 	<b>Comments</b> 2021 Standing				
	Provide, change, and eliminate provisions relating to appropriations This bill encapsulates all the spending that must pass by June 30, 2020, to preserve a balanced budget. Most of these funds involve the CARES Act, property taxes, and the cash fund, but it also involves the funding of new projects needed before June 30, 2021, specifically regarding the State Racing Commission. Initially, the Appropriations amendment passed with two abstaining votes on April 8. Then, on April 13, a motion to bracket the bill until April 15 failed, and the bill passed with an emergency clause 47-0-2. The Governor approved it on April 26.

	<p><b>Appropriate funds for the expenses of Nebraska State Government for the biennium ending June 30, 2023</b>                      Of all the components in the budget package, LB380 is where all programmatic spending goes for 2021-23. In the original budget proposal, the Appropriations Committee identified key funding areas: juvenile care, property tax relief, job training, career scholarships, and attracting a Space Force base. After transferring dollars to fund these purposes, the Committee stated it had 211 million left over for specific initiatives, and they placed it on the General file on April 1.                      Once this happened, five specific amendments were adopted, the first being an increase in General funds towards the Art Council. Despite a motion to bracket the bill until May 4, that amendment was approved on April 8. Then, on April 13, the four other amendments came to be, focusing on: Federal funds to the Department of Insurance, Cash funds to the Hemp Commission, General Funds to prison overcrowding and Capitol construction, state aid to the Department of Economic Development, and how much DHHS can accommodate child welfare services. In sum, LB380 passed its Final Reading 47-0-2 on April 20 with an emergency clause, and the governor approved it on April 26.</p>

This bill would adopt the Property Tax Request Act and is the statutory equivalent of LR22CA. Definitions are included for approved bonds, political subdivision, property tax request, and real growth value. A political subdivision's property tax request for any year would not exceed its property tax request in the prior year by more than 3%, except as otherwise provided in this section. A political subdivision would be able to exceed the limit provided in this section by an amount approved by a majority of registered voters voting on the issue in a primary, general, or special election at which the issue is placed before the registered voters. The limit in this section would not apply to that portion of a political subdivision's property tax request that is needed to pay the principal and interest on approved bonds and that will be derived from the real growth value for the political subdivision.

The Committee Amendment becomes the bill. The changes from LB408, as introduced are noted below. All other provisions from LB408 are included in the Committee Amendment. Section 4 (Page 4, Lines 19-31 through Page 6, Lines 1-14) that a political subdivision's property tax request in any year shall not exceed its request authority. Request authority shall be equal to the political subdivision's tax request from the prior year multiplied by 103%.

	<p>By a majority vote of a political subdivision's governing board, the political subdivision may exceed the 3% limit for no more than 2 consecutive years. If this situation occurs, the property tax request of the political subdivision shall be reduced to ensure the increase in the property tax request does not exceed 9% over a 3-year period. The 3-year period will be measured using the year when the political subdivision exceeds the 3% limit as the first year. If the vote to exceed the 3% limit is for 2 consecutive years, the 3-year period shall be measured twice using each of the 2 consecutive years as the first year of the applicable 3-year period. The 3% limit shall not apply to a political subdivision's property tax request that will be derived from the real growth value of the political subdivision.</p> <p>A political subdivision that chooses not to increase its property tax request by the full 3% may carry forward one-half of its unused request authority to future years as carryover request authority. Carryover request authority may be used in future years to increase the political subdivision's tax request above the 3% limit. The 3% limit shall apply to property tax requests set in 2022 through 2027. The 3% limit shall not longer apply to property tax request set in 2028 and thereafter. 	<p><b>Comments</b> 2021 Standing: Named Senator Geist's personal priority bill for the 2021 session, LB408 was debated on General File in April where it ran headlong into a filibuster. Debate was held on a challenge to the substitution of Senator Briese's amendment to the bill. The measure was debated for the full 8 hours allowed on General File, with Senator Briese attempting to invoke cloture, eventually failing, gaining only 29 votes in support of the motion. Having failed cloture, the bill was not considered further during the 2021 session. It is likely that similar measures could be one part of the overall tax structure changes that are likely to be introduced in the 2022 session.</p>

LB428	<p>(Health and Human Services) Changes provisions relating to juvenile services under the jurisdiction of the Department of Health and Human Services</p> <p>Each youth and rehabilitation center would provide an age-appropriate and developmentally appropriate education program for each juvenile that can award relevant and necessary credits toward high school graduation that will be accepted by any public school district in the state. Juveniles committed to the centers would be entitled to receive an appropriate education equivalent to educational opportunities offered within the regular settings of public school districts across the state.</p> <p>AM 566 incorporates LB 429, LB 570, LB 425, and LB 427 into LB 428. LB 429 requires notification by the Department of Health and Human Services to the Legislature prior to implementation of substantial changes to facilities and programs under the Office of Juvenile Services. The provisions of LB 429, as amended, are included in section 1 of AM 566. Section 1 inserts a new subsection [2] in section 43-404 to require the Department of Health and Human Services [DHHS] to notify the Legislature at least 120 days prior to implementing any substantial changes to the facilities and programs under the jurisdiction of the Office of Juvenile Services [OJS]. The term 'substantial changes,' for purposes of the bill, is defined as: [1] The establishment of a new youth rehabilitation and treatment center; [2] The relocation of a youth rehabilitation and treatment program to another state-operated or private facility;</p> <p>[3] The establishment of a youth rehabilitation and treatment program at another state-operated or private facility; or [4] The closure or termination of a youth rehabilitation and treatment center, program, or facility. The bill excludes emergency situations from the prior notice requirement.</p> <p>LB 570 changes certain Department of Health and Human Services model pilot project evaluation periods and are included in section 2 of AM 566. Section 2 would require the Legislature to complete an evaluation of the States privatization of child welfare case management services in the Eastern Service Area by December 31, 2021. The bill would authorize the Legislature to hire a consultant to assist in completing the evaluation. The emergency clause applies to section 2 to facilitate the completion of the study by the end-of-year deadline.</p> <p>LB 425 requires the Department of Health and Human Services to complete a needs assessment and cost analysis for an inpatient adolescent psychiatric unit and are included in section 4 of AM 566. Section 4 would require the Department of Health and Human Services [DHHS] to contract for the completion of a needs assessment and cost analysis for the establishment of an inpatient adolescent psychiatric unit housed within the Lincoln Regional Center. Under section 83-106 as currently enacted, the completion of such a study is permissive. Section 4 strikes the permissive language in subsection [1] of section 83-106 and inserts language requiring DHHS to contract with an outside consultant with expertise in needs assessment and cost analysis of health care facilities, within 60 days of the effective date, for the completion of the needs assessment and cost analysis. The department is required to submit a report with the results of the study to the Health and Human Services Committee and the Clerk of the Legislature on or before December 15, 2021. The report shall contain: [1] A needs assessment, including the number of adolescents expected to use such inpatient adolescent psychiatric unit; [2] The cost of opening an existing facility at the Lincoln Regional Center for use as an inpatient adolescent psychiatric unit; [3] The cost of reopening the facility at the Lincoln Regional Center, including the costs for necessary construction, upgrades, or repairs; [4] Annual operating costs of such unit, including, but not limited to, any federal funds available to operate the unit in addition to General Fund appropriations; and [5] Cost savings realized by moving adolescents from out-of-state institutions back to Nebraska for treatment at such unit. LB454	<p>(Friesen) Adopt the School Property Tax Stabilization Act and change the valuation of agricultural land</p> <p>This bill would adopt the School Property Tax Stabilization Act. On or before 9/15/2021, the State Department of Education would determine the total school property tax stabilization payment to be paid to each eligible school district for the 2021-22 school fiscal year. On or before 6/30/2022 and each year thereafter, the Department would do the same for the ensuing year. A school district would be eligible for a school property tax stabilization payment if the school district property tax requirement exceeds 75% for the formula need calculated for such school district for the school fiscal year for which a total school property tax stabilization payment is being calculated. The requirement for each district would equal the formula need minus the sum of the amount to be distributed pursuant to the Tax Equity and Educational Opportunities Act and other actual receipts for which a total school property tax stabilization payment is being calculated. The school property tax stabilization base would equal the amount by which the requirement exceeds the difference of 75% of the formula need minus the sum of the amount to be distributed pursuant to the Tax Equity and Educational Opportunities Act and other actual receipts for such school district. The total payment to be paid to an eligible school district would equal the school property tax stabilization base for such school district multiplied by 50%. The applicable percentage for agricultural and horticultural land to be used for school district taxation purposes would be 65 for tax year 2022 and 55 for tax years 2023 and after. The applicable percentage range for other property to be used for school district taxation purposes would be 59 to 65 for tax year 2022 and 49 to 55 for tax years 2023 and after. 	Advanced to General File as Senator Friesen's personal priority bill for the 2021 session with committee AM789, LB454 was debate on May 4th. The amendment, which became the bill passed during debate with 28 votes in support. However the underlying bill failed to advance to the second round of the debate after gaining only 23 votes in support. With work taking place over the interim and into the 2022 session examining school finance and Nebraska's tax structure, it is likely that a similar measure to LB454 could be introduced again. During the measure's hearing on February 11th it was opposed by public school organizations, while supported by FAIR Nebraska (the group seeking to pass the consumption tax concept), the Nebraska Farm Bureau, and the Nebraska Association of County Officials.

If the replacement of a utility pole is necessary pursuant to this subdivision, an electric utility shall not require reimbursement of costs associated with such pole replacement from a communications service provider beyond recovery of the electric utility's actual and reasonable costs of advancing the retirement of the existing utility pole. Such costs shall be measured by the net book value of the existing utility pole plus the incremental cost, if any, of installing a utility pole with greater capacity than the utility pole such electric utility would have installed in the normal course of its operations, and any other incremental costs proved by the electric utility, except that such incremental costs shall in no event include any costs associated with the installation of a utility pole the electric utility would have installed at the same location; complete utility pole replacement or other make-ready work within 90 days of receipt of a complete attachment request from a communications service provider; allow a communications service provider or its designee to use boxing techniques, extension arms, attachments below existing attachments where space is unavailable above existing attachments, temporary attachments, or other methods or equipment, except that such use shall comply with the National Electrical Safety Code or other applicable safety codes; not require a communications service provider to comply with utility pole attachment specifications or requirements that exceed National Electrical Safety Code specifications, applicable fire safety codes, or any building code or similar code of general applicability for the protection of public health, safety, or welfare that were adopted by the applicable local governmental jurisdiction prior to the filing of a utility pole attachment application, except that any such specifications or requirements adopted by a local governmental jurisdiction that owns or controls an electric utility shall be just, reasonable, and nondiscriminatory. Nothing in this subdivision shall be construed to expand the power of any local governmental jurisdiction; and negotiate in good faith with communications service providers to enter into pole attachment agreements consistent with the Broadband Pole Attachment Act and to conform existing pole attachment agreements to be consistent with the Broadband Pole Attachment Act. 	AM 526 is a white copy amendment that would combine four additional bills into LB 501. LB 593 that proposes to adopt the Uniform Foreign-Country Money Judgements Act, LB 470 which would adopt the Uniform Powers of Appointment Act, LB 348 changing provisions relating to succession of real property by affidavit and LB 403 addressing recovery of medical assistance from an estate are added to LB 501.				Approved by Governor on May 5, 2021 Presented to Governor on April 29, 2021 President/Speaker signed Passed on Final Reading 47-0-2 Dispensing of reading at large approved Placed on Final Reading with ST11
	LB 593 would adopt the Uniform Foreign-Country Money Judgements Recognition Act and the Uniform Registration of Canadian Money Judgements Act. These two acts are interrelated and the Canadian Money Act references portions of the Foreign-Country Money Act. The Uniform Foreign-Country Money Judgements Recognition Act establishes a process for local courts to recognize judgements from other countries and provide enforcement provisions. The Uniform Registration of Canadian Money Judgements Act establishes a registration process for Canadian judgements.				Enrollment and Review ER45 adopted Advanced to Enrollment and Review for Engrossment Enrollment and Review ER45 filed Placed on Select File with ER45 DeBoer name added Flood AM671 adopted
	LB 470 seeks to adopt the Uniform Powers of Appointment Act. Powers of Appointment are an estate planning tool (typically with trusts) that allow appointment of a person to redirect or designate another as the recipient or owner of property. This provides some flexibility as circumstances change over time. The Uniform Act provides a common framework for the structure of the appointment by outlining the creation and exercise of appointment powers rather than the current framework that is based on common law and court decisions.				Morfeld AM794 adopted Judiciary AM526 adopted Advanced to Enrollment and Review Initial Morfeld AM794 filed Flood AM671 filed Speaker priority bill Placed on General File with AM526
	LB 348 makes changes to the affidavit process in small (less than \$50 K) estate situations involving real property. The bill would allow just one successor claimant to file the affidavit and would list all other potential claimants within the affidavit. Currently all successor claimants must sign the affidavit. The bill also modifies the value of the property by adjusting the value to 100% of market value rather than the current assessed value. The proposal also would require a copy of the will (if there is one) to be attached to the affidavit.				Judiciary AM526 filed Notice of hearing for February 04, 2021 Referred to Judiciary Committee Date of introduction
	LB 403 addresses the recapture of medical assistance payments (Medicaid) from estates where the recipient had a life estate in property. The bill adds the recording of the life estate to the other dates that serve as the "look back" or statute of limitations for recapture.				

Amended Bills: LB348, LB403, LB470, LB593

**2021 Standing**

Adopt the Uniform Foreign-Country Money Judgments Recognition Act, the Uniform Registration of Canadian Money Judgments Act, the Uniform Powers of Appointment Act, and the Uniform Easement Relocation Act and change provisions relating to succession to real property and claims against the estate of a medical assistance recipient

By itself, LB501 removes the need to obtain consent from an easement holder when relocating a unilateral easement. Because this change does not apply to public utilities or conservation easements, the Judiciary Committee advanced it unanimously on March 10. However, when they did so, they added a white copy amendment that combines LB501 with four additional bills, which do one of three things:

LB403 and LB 470 specify when one can re-direct estate funds, such as when DHHS can recoup Medicaid payments from a deceased estate owner or when a third party has the authority to revise said agreements

LB 348 makes the affidavit process more user-friendly, stating that only one successor signature is needed for small estate situations. To attract more capital, LB 593 creates two Acts that establish a procedure for money judgments coming to and from the U.S.

After introducers filed two more clerical revisions to this package, the Legislature incorporated these provisions into LB501 on April 1, and the omnibus bill passed its Final Reading on April 29 with a 47-0-2 vote. The Governor later approved it on May 5.

	Regarding the Nebraska Racetrack Gaming Act, definitions would be added for collegiate sporting event, commission, designated sports wagering area, international sporting event, racing license, and sports wagering. The Act would be governed by the Commission. The Commission would additionally establish a process to allow a person to be voluntarily excluded from wagering in any game of chance under the Act, and have the authority to issue directives without having to comply with the Administrative Procedure Act relating to the adoption and promulgation of rules and regulations. Any person for a gaming operator license pursuant to this Act would be subject to fingerprinting and a check of such person's criminal history record information maintained by the Identification Division of the FBI for the purpose of determining if the Commission has the basis to deny, suspend, cancel, or revoke a license. Any person who knowingly cheats at a game of chance would be guilty of a Class I misdemeanor. Other penalties under this Act are listed in detail. If any person liable to pay any tax or fee under this Act neglects or refuses to pay such tax or fee after demand, the tax or fee would be a lien in favor of the gaming commission upon all property and rights to property owned by the person thereafter and prior to the expiration of the lien. This process is described in greater detail. LB561	<a href="#">(Briese) Rename and change powers and duties of the State Racing Commission and provide regulation and enforcement regarding sports wagering and other gambling activities at licensed racetrack enclosures</a>  Regarding the State Racing Commission, not later than 60 days after 7/15/2021, the Governor would appoint two additional at-large members who would serve until 3/31/2025, and until a successor is appointed and qualified. Their compensation would be \$1,000 a month, which may be adjusted every two years based on the CPI for Urban Wage Earners and Clerical Workers. No member would be able to have any personal financial interest in any licensed racetrack enclosure or authorized gaming operator as defined in the Nebraska Racetrack Gaming Act for the duration of the member's term. The commission would appoint or employ deputies, investigators, inspectors, agents, security personnel, and other persons as deemed necessary to administer and effectively enforce all provisions of the regulation of horseracing and the Nebraska Racetrack Gaming Act.  LB 560 was amended by AM 278 and AM 119 and then was amended into LB 561 as Committee Amendment 426. LB 560 is a bill to bring the necessary statutory structure to enact the voter initiative language that was approved in the November 2020 General Election. This bill combines the Nebraska Gaming Commission created by the voter initiative with the State Racing Commission so that The Nebraska Racing and Gaming Commission can administer both gaming and horseracing regulatory authority. It creates a number of powers and duties for the Commission and it provides for specific penalties for violating the act, specifically for criminal activity such as counterfeiting and cheating at casinos. LB 560 includes necessary definitions and language to properly regulate and implement the Gaming Act as passed by the Nebraska voters.  AM 278 is a committee amendment that strikes original section 13 of the bill. It also creates the Racetrack Gaming Fund for the administration of the Racetrack Gaming Act. This amendment also makes a very small technical change to the definition of "Authorized sporting event" in the bill, without changing the definition. AM 119 was also adopted by the committee. This bill makes changes to the Nebraska County and City Lottery Act to allow keno to be played on an electronic ticket as well as paper tickets. Payment for these electronic games is limited to cash, coins, a debit card, or a direct link to an account with a financial institution in the name of the player, and credit cards are not accepted at all. Any purchase of a ticket for a keno game, electronic or in paper, can only be made in person at the location of the lottery operator or licensed location. Reasonable safeguards must be approved by the department to ensure that electronic tickets are only accessible to individuals nineteen years of age or older, and only within the confines of the location detection procedures which establish permitted boundaries for play. Additionally, an easy and obvious method for a player to make a complaint must be posted at the location where the licensed operator is selling keno tickets. 	On the Second Round of Final Reading, a compromise amendment was filed by Senator Lathrop that did three things: First, it provides for regulation of keno in Casinos in the same way that keno in your cities is regulated now (length of games etc). Second, requires that sports betting be done in a Casino either at a terminal or via an individual. No electronic betting. Third, it prohibits betting on in state sports contests involving an instate college or university. Thus, no betting on Nebraska or Creighton games (or others) where they are in Nebraska.				<a href="#">Briese AM863 filed</a> <a href="#">Briese FA13 filed</a> <a href="#">Notice of hearing for March 29, 2021 on AM639</a> <a href="#">Enrollment and Review ER25 filed</a> <a href="#">Placed on Select File with ER25</a> <a href="#">General Affairs AM641 adopted</a> <a href="#">Advanced to Enrollment and Review Initial</a> <a href="#">General Affairs AM640 adopted</a> <a href="#">General Affairs AM640 pending</a> <a href="#">General Affairs AM639 adopted</a> <a href="#">General Affairs AM641 filed</a> <a href="#">General Affairs AM640 filed</a> <a href="#">General Affairs AM426 divided</a> <a href="#">General Affairs AM639 filed</a> <a href="#">Placed on General File with AM426</a> <a href="#">General Affairs AM426 filed</a> <a href="#">General Affairs priority bill</a> <a href="#">Notice of hearing for February 01, 2021</a> <a href="#">Referred to General Affairs Committee</a> <a href="#">Date of introduction</a>

**2021 Standing**

[Rename and change powers and duties of the State Racing Commission, change keno provisions, and provide for sports wagering and change regulation and enforcement of gambling activities at licensed racetrack enclosures](#)  
This bill is a companion of LB560, which sets up the regulatory framework for The Nebraska Racing and Gaming Commission as one entity, administering both gaming and horseracing. By itself, LB561 changes the membership of the Racing Commission for the said merger, and it held considerable support from both commissioners and market advisors during the General Affairs Committee on February 1. That's when the Committee merged it with LB560 upon advancing it, classifying it as AM426 therein.

	<p>However, once on General File, the Committee and Senator Breise separated AM426 into specific amendments, perhaps because Senators preferred respective portions of the legislation over another. Nevertheless, the body adopted all three portions (AM639, AM640, and AM641) by March 17.</p> <p>During the Select file, Senator Briese attempted two more changes to this new commission's regulation, including compliance measures and certain sporting events for their purview. After an initial loss to strike Sections 27-31 of the bill, Senator Hilgers's AM 1256 ensured that deletion also became part of LB560 on May 10. Then, once Senator Lathrop touched up the definitions for authorized sporting events and keno games, the bill went back through Enrollment and Review on May 13.</p>				
LB568	<p>(Pansing Brooks) Change provisions relating to truancy, juvenile courts, the Community-based Juvenile Services Aid Program, the Commission Grant Program, and compulsory education</p> <p><b>This bill would accommodate for excessive absenteeism from juveniles. When a county attorney received a referral from a school that a juvenile is excessively absent, after a school has made a brief assessment, the county attorney would work with the school to refer the juvenile and his or her family to community-based resources available to address the juvenile's behaviors, provide crisis intervention, and maintain the juvenile safely in the home.</b></p> <p>The majority of the changes in LB568 are to replace the term "truancy" with "excessive absenteeism". Section 4 would amend Sec. 43-247 to remove school truancy from the juvenile court's (3)(b) jurisdiction. This section would clarify that a juvenile court may address excessive absenteeism in other cases, but is no longer an independent basis for juvenile court jurisdiction. Section 9 would amend Sec. 43-260.03 to add providing services to juveniles with excessive absences from school to the goals of juvenile pretrial diversion programs. Section 10 would amend Sec. 43-260.04, Section 11 would amend Sec. 43-260.05, Section 12 would amend Sec. 43-274, and Section 13 would amend Sec. 43-276 to include and harmonize references to allow juvenile diversion programs to offer such services. Section 16 would amend Sec. 43-2404.02 to expand the allowable uses of the Community-based Juvenile Services Aid distributed to counties to include reducing the risk of juveniles coming into contact with the juvenile justice system. Section 17 would amend Sec. 43-2404.03 to change the intent of the Legislature to appropriate \$10 million per year to the Community-based Juvenile Services Aid Program. The current stated amount is \$5 million. Section 18 would amend Sec. 43-2405 to make a change related to applicants for Community-based Juvenile Services Aid. Under current law, the applicants (counties and tribes) are allowed to "give consideration to contracting with private nonprofit agencies for the provision of programs". This section would eliminate the reference to "private nonprofit". The effect of this change is unclear. Applicants are not currently specifically restricted from "giving consideration" to agencies that are not private nonprofits.</p> <p>The Committee amendment would change Section 17 to change the increase in Community-based Juvenile Services Aid to \$8.5 million and delay the change until FY2024.</p> <p>Nebraska Association of School Boards position: Follow Nebraska County Attorneys Association Position: Oppose Nebraska Association of County Officials position: Support</p>	Monitor	Judiciary	02/05/2021	Select File 05/18/2021 Judiciary Priority Bill

	2021 Standing				
	Change abandoned motor vehicle provisions As introduced, this bill not only requires the State Patrol to follow the same guidelines that towers use when notifying lienholders about an abandoned vehicle, but it also doubles the valuation of said vehicles. First, the body sent this measure to the Transportation and Telecommunications Committee, where they heard proponents from towing associations. Then on February 17, the committee advanced the bill with AM 107, requiring law enforcement to send notice to both the last registered owner and the lienholder. Once the Legislature adopted that change, the body passed the bill on April 29, 45-0-4, and the Governor later approved it on May 5. Passed (Awaiting Gov Approval) None

LB644	<p>(Hansen, B.) Adopt the Property Tax Request Act, change dates relating to tax levies, and change provisions relating to property tax refunds</p> <p>This bill would adopt the Property Tax Request Act. A political subdivision would be able to set its property tax request at an amount that exceeds its property tax request in the prior year if (a) a public hearing is held and notice of such hearing is provided in compliance with any rules in this section, and (b) the governing body of such political subdivision passes a resolution or an ordinance that complies with this section. Each political subdivision within a county that seeks to set its property tax request at an amount that exceeds its property tax request in the prior year would participate in a joint public hearing. The hearing process is described in detail. Any resolution or ordinance setting a property tax request under this section would be certified and forwarded to the county clerk on or before October 15th of the year for which the tax request is to apply.</p> <p>The Committee advanced the bill with AM755. The amendment changes the political subdivisions that are affected by this bill to be: a county, city, school district, or community college. If the political subdivision includes area in more than one county, the county in which the principal headquarters are located will be the location of the joint public hearing. The information required to be published on the postcard that is mailed to all affected property taxpayers found in Section 4 will now require the date, time and location for the joint public hearing, a listing of each political subdivision that will be participating in the joint public hearing, a telephone number for each political subdivision and the amount of each participating political subdivision's property tax request. Additional information on the postcard will be the name of the county that will be holding the joint public hearing, the parcel number and the name and address of the property owner, the prior year and the current year assessed valuation, the amount of property taxes due in the prior year and the amount of property taxes due for the current year and the change in</p> <p>the amount of property taxes due. The due date for filing the budget with the Auditor of Public Accounts for all political subdivisions is moved to September 27. The operative date remains as January 1, 2022.</p> <p>Between General and Select File, parties negotiated an agreement on the bill. That compromise was embodied in AM1019. The amendment provides that if a county, city, school district, or community college decides to increase its property tax request by more than the allowable growth percentage, those political subdivisions need to hold a joint public hearing. Document	Description	Position	Committee	Hearing Date	Status
	<p>Real growth percentage means the percentage obtained by dividing the political subdivision's real growth value by the political subdivision's total real property valuation from the prior year. Real growth value includes the increase in a political subdivision's real property valuation from the prior year to the current year due to: improvements to real property because of new construction and additions to existing buildings, any other improvements to real property which increase the value of such property, annexation of real property by the political subdivision, and a change in the use of real property; and the annual increase in the excess value for any tax increment financing project. Excess value means an amount equal to the assessed value of the real property included in a TIF project minus the redevelopment project valuation. This includes both inflationary growth and the increase in the valuation because of the improvements. The amendment also defines the terms property tax request, redevelopment project valuation and tax increment financing project.</p> <p>The amendment clarifies that only counties with a population of greater than 25,000 inhabitants are required to post notice of the joint public hearing on their website. The amendment provides an outline on the process for the county to collect the information to be included on the postcard and mail the postcard 7 calendar days before the joint public hearing. The cost of creating and mailing the postcards, including staff time, materials, and postage will be divided among the political subdivisions participating in the joint public hearing.</p> <p>The timeline for the joint public hearing and the filing of the budget is also changed. The joint public hearing is required to be held on or after September 17th and prior to September 29th. The date to file the budget is changed to September 30th. The deadline for the county board of equalization to levy necessary taxes is changed to "on or before October 20th." Clarifying changes suggested by the State Auditor's office are also made regarding the levy requests to the county board of equalization.</p> <p>The amendment clarifies that each political subdivision will designate one representative to attend the joint public hearing on behalf of the political subdivision. Also clarified is that the joint public hearing will be held after 6 p.m. local time. The amendment provides that any member of the public will be allowed to speak at the joint public hearing and will be given a reasonable amount of time to do so. This language is consistent with language regarding the public speaking at the hearing on the proposed budget statement. The amendment adds language that an inadvertent failure to comply with the Property Tax Request Act shall not invalidate the property tax request or constitute an unauthorized levy. Also, the failure of a taxpayer to receive a postcard shall not invalidate the property tax request or constitute an unauthorized levy.</p> <p>Finally, the amendment requires the county clerk or his or her designee to prepare a report of the joint public hearing that includes the names of the representatives from the political subdivisions and the names and addresses of each person who speaks at the joint public hearing and the name of any organization they represent. The report needs to be delivered to the political subdivisions participating in the joint public hearing within 10 days after the hearing.</p> <p>Nebraska Association of School Boards position: Oppose Nebraska State Chamber position: Support Nebraska Association of County Officials position: Oppose Greater Nebraska Schools Association position: Oppose - Testify League of Nebraska Municipalities position: Oppose</p>				<p><a href="#">Halloran AM854 pending</a> <a href="#">Halloran AM854 filed</a> <a href="#">Halloran AM854 pending</a> <a href="#">Revenue AM755 pending</a> <a href="#">McCollister name added</a> <a href="#">Placed on General File with AM755</a> <a href="#">Revenue AM755 filed</a> <a href="#">Hansen, B. priority bill</a> <a href="#">Notice of hearing for February 10, 2021</a> <a href="#">Referred to Revenue Committee</a> <a href="#">Date of introduction</a></p>

	<p><b>Advanced by the Revenue Committee as Senator Ben Hansen's personal priority bill for the 2021 session, LB644 was filibustered on General File due to the burdensome nature on political subdivisions and the limitations it would place on growth of cities and counties. Senator Hansen, while working with opponents, largely watered down the measure requiring postcards to be sent notifying taxpayers of joint public hearings when a subdivisions tax request will be more than allowable growth plus real growth. The bill was passed on Final Reading as amended on a vote of 42-0-7 without debate before being presented to the governor and approved on May 24th.</b></p>

Each government entity that considers entering into a contract with an expected value of \$200,000 or more over the life of the contract, including any renewals, would, before the government entity solicits bids, proposals, offers, or other applicable expressions of interest, determine whether subcontracting opportunities are probable under the contract. **LANCASTER COUNTY BOARD OF COMMISSIONERS  
LEGISLATIVE RETREAT  
THURSDAY, AUGUST 26, 2021  
LANCASTER COUNTY SHERIFF'S TRAINING CLASSROOMS B & C  
8:30 A.M.**

**LEGISLATIVE PROPOSALS FOR 2022 SESSION**

**I. NEW PROPOSALS**

- 1. Priority for Placement at State Hospitals for the Mentally Ill.**  
Section 83-338 sets priorities for admission to state hospitals for the mentally ill. The priorities do not necessarily reflect the public health and safety concerns related to clients awaiting placement at the Regional Center. These wait times adversely impact available capacity at the Mental Health Crisis Center, among others.
- 2. Recovery of Costs for Lodging Mentally Incompetent Criminal Defendants in County Jails Pending Transfer to DHHS for Restoration of Competency to Stand Trial.**  
Neb. Rev. Stat. § 29-1823 (Supp. 2019, as amended by LB881(2020) § 18) provides that when a trial court determines that a criminal defendant is mentally incompetent to stand trial and that there is a substantial probability the defendant will become competent in the reasonably foreseeable future, the trial court shall order the defendant to be restored to competency to stand trial by committing the defendant to the care of the Nebraska Department of Health and Human Services ("DHHS"). Despite a commitment, DHHS does not immediately accept transfer of these defendants from county jails. Instead, while these defendants await transfer to DHHS, county jails continue to lodge these defendants at the cost of counties. An amendment is sought to require DHHS to accept transfer of these defendants within thirty days of the judicial order of commitment to DHHS and to allow counties to recover from DHHS the costs of lodging these defendants in the interim.
- 3. Appropriations Bill to Cover Costs of State Public Assistance Programs (Medicaid).**  
Pursuant to Section 68-130, counties currently pay the cost of maintaining office and service facilities for the Department of Health and Human Service ("DHHS") to administer Medicaid. A bill is sought to appropriate adequate funds to pay the cost of maintaining DHHS' Medicaid office and service facilities.

**4. Medication Assisted Treatment (MAT) in Problem-Solving Courts.**

Medication-assisted treatment (MAT) is the use of medications approved by the Food and Drug Administration, in combination with counseling and behavioral therapies, to provide a “whole-patient” approach to the treatment of substance use disorders. Research shows that a combination of medication and therapy successfully can treat these disorders, and for some people struggling with addiction, MAT can help sustain recovery. MAT is used primarily for the treatment of addiction to opioids.

The intent of this legislation is to utilize Nebraska’s Opioid Settlement dollars to ensure participants in, and graduates of, Problem-Solving Courts have access to a diagnostic interview, and when indicated by the diagnostic interview, MAT, including on-going medication management with the prescribing medical provider. Any Problem-Solving Court Coordinator may file an affidavit with the Department of Health and Human Services (Department) requesting payment for a diagnostic interview for MAT for any program participant who presents with a history of opioid use. When a recommendation for MAT is made by the medical provider, the Problem-Solving Court Coordinator may file an affidavit with the Department requesting payment for the MAT prescribed by the medical provider.

To ensure sustained recovery, graduates of a Problem-Solving Court who successfully have completed all program requirements may file with the Department an affidavit (i) requesting that MAT necessary for the graduate’s opioid addiction treatment be provided and (ii) affirming that such MAT has been prescribed by the graduate’s medical provider as necessary for the graduate’s opioid maintenance treatment. The Department shall provide the graduate MAT so long as the graduate’s treating physician continues to prescribe and certify that MAT is necessary for the graduate’s opioid maintenance treatment.

**5. Court Technology.**

As circumstances have changed in the last 24 months and technological changes have become necessary in the county courthouse for the benefit of both the criminal and civil systems, Lancaster County continues to face costs associated with updating court rooms. The Board of Commissioners encourages review of existing, unexpended dollars in the Nebraska State budget that could be repurposed to assist counties with technology costs.

**6. State ARPA Appropriations.**

The Board of Commissioners encourages utilization of State-level ARPA appropriations to make meaningful impacts in areas including, but not

limited to, Medicaid provider reimbursement levels and public health department support.

## II. PENDING LEGISLATION AND INTERIM STUDIES

7. **LB663 (Geist) Require the Nebraska Commission on Law Enforcement and Criminal Justice to create a mental health indicator in a criminal justice information system to alert emergency dispatch operators.** This legislation is our version of sharing of mental health information. Senator Geist made some changes to the draft in the last hours before introduction that limited the scope of the bill. The bill remains alive for re-prioritization and debate in 2022.
8. **LB242 (Brandt) Provide for county bridges under the Political Subdivisions Construction Alternatives Act. SUPPORT.** This bill would allow for a longer payment period and for design-build for bridges. As noted in reports throughout the session, we sent over a re-worked version of the amendment that incorporated some of the language from LB414 this year. Senator Brandt indicated that he wanted this bill to be held over for the 2022 session. The bill is currently 14th in worksheet order to come up next session. The bill remains alive for re-prioritization and debate in 2022.
9. **LB73 (Geist) Direct a portion of the proceeds from the Nebraska Racetrack Gaming Act to county agricultural societies. SUPPORT.** For the Nebraska Racetrack Gaming Act, 25% of the tax is already remitted to the county treasurer of the county in which the licensed racetrack enclosure is located. 10% of the distribution remitted would be distributed to the county agricultural society in the county in which the licensed racetrack enclosure is located if such county agricultural society has been formed in the county under the County Agricultural Society Act. Following any distribution to a county agricultural society, the remaining funds would be distributed by the county treasurer. The General Affairs Committee advanced LB73 on Tuesday, April 13, 2021 on a vote of 6 to 2 (Yes: Wayne, Lowe, Briese, Brewer, Brandt, Arch No: J. Cavanaugh, Groene). The bill remains alive for re-prioritization and debate in 2022.
10. **LR215 (Hansen, M.) Interim study to examine set fee and fine amounts and the costs experienced by county governments when administering the associated services.**

## III. PRIOR PROPOSALS

11. **Change provisions regarding appeals of certain zoning decisions by county planning commissions and county boards. (previously introduced as LB1057 (2020) (Lowe))**

The Nebraska Supreme Court has ruled there are two procedures under which an appeal can be made to the district court from a decision rendered by a county board on a zoning request for a special or conditional permit: 1) a petition in error under §25-1901; or 2) an appeal pursuant to §25-1937. See Olmer v. Madison County Bd. of Comm'rs, 275 Neb. 852, 752 N.W. 2d 124. When reviewing a decision under a petition in error the district court determines whether the county board acted within its jurisdiction and whether the decision rendered is supported by sufficient relevant evidence. Under §25-1937, the district court decides the appeal de novo, which requires the district court to conduct a trial to produce a new record on the appeal, and then rule independently based on that record. Under this procedure the district court may be required to conduct a new public hearing to create a record. The Supreme Court noted the potential burden that could be placed on the district court for appeals conducted under §25-1937. The simple solution is to amend §23-114.01(5) to provide that all appeals are made pursuant to the petition in error process under §25-1901.

12. **Authorize a Reasonable Fee for the Filing of a Petition to Vacate or Abandon a County Public Road under Neb. Rev. Stat. § 39-1723**

Counties are not authorized to charge a fee for a petition filed under §39-1723 requesting the vacation or abandonment of a county road. When a petition is filed the county is obligated to perform a study as defined under §39-1722. The vacation study required to be conducted can be costly, and counties should be allowed to charge a reasonable filing fee for the petition to help cover the cost of the study.

13. **Broaden Enforcement Remedies for Special Permit Violations to Include Financial Sanctions to Cover Damages Caused by the Violation**

Neb. Rev. Stat. §23-114.05 sets forth a county's enforcement authority when the terms, conditions and requirements of a special permit have been violated by the permit holder. Sanctions may include criminal charges, injunctive relief, or termination of the special permit. Special permit violations could be enforced more effectively and economically if counties are given the authority to impose financial sanctions for damages caused by the violation and to help cover the cost of enforcement.

14. **Reasonable Fees for Services Provided by the County Engineer for Issuance of Driveway Permits, Right-of-Way Utility Permits, Subdivision Reviews, and Load Permits**

The Lancaster County Engineer's Office spends a significant amount of time issuing driveway permits, right-of-way permits for utilities, vehicle load permits, and reviewing proposed land subdivisions. These services primarily benefit individual companies or persons. Enabling legislation is necessary to give counties the authority to charge a reasonable fee for these services.

15. **Infrastructure Funding Mechanisms**

The number of structurally deficient county bridges in Nebraska is increasing at an alarming rate. Amending Neb. Rev. Stat. § 23-120(3)(b) to include county bridges could provide a steady source of revenue to address this public safety issue.

In addition, revising Neb. Rev. Stat. § 13-2914 to include road, street, and/or highway projects within the scope of allowable design-build or construction management at risk contracts under the Political Subdivisions Construction Alternatives Act may allow for creative financing for certain infrastructure projects.

16. **Automatic expungement of Criminal Records**

A criminal conviction for even a minor offense can have a devastating impact on a person's life by affecting opportunities for education, employment, housing, etc. For this reason, most states have procedures for the expungement or sealing of criminal records, including convictions for most misdemeanors. However, petitioning for a clean record can be confusing and expensive. Research shows that most people who could expunge their criminal record never do so. Two states, Pennsylvania and Utah, have addressed this issue by adopting legislation for the automatic expungement of criminal records. In Nebraska expungement is available on a limited basis under Neb. Rev. Stat. §29-3523. Automatic expungement could be an important component of criminal justice reform in Nebraska.

17. **House Arrest for Work Release and Child Support Inmates**

Administering work release for inmates is time consuming and costly. If these inmates qualify for work release then perhaps they are trust worthy enough for house arrest rather than serving their time at the

jail. Also, inmates serving time for nonsupport of their children should also be placed on house arrest to give them the opportunity to maintain or find employment in order to support their children.

**18. Make Texting/Emailing a Primary Criminal Offense**

Under Neb. Rev. Stat. § 60-6,179.01(4) the criminal offense of reading, writing or sending a written communication while operating a motor vehicle which is motion can only be enforced “...as a secondary action when a driver of a motor vehicle has been cited or charged with a traffic violation or some other offense.” Nebraska is one of only a few states which don’t enforce this conduct as a primary offense. Texting or emailing while operating a moving motor vehicle is a serious problem which jeopardizes the safety of the traveling public, and should be enforceable as a primary offense

**IV. STANDING PRIORITIES**

**1. Property Tax Relief**

Property tax relief continues to be the top legislative priority for Lancaster County. It is of utmost importance that Lancaster County preserve its ability to utilize Inheritance Tax revenue to provide significant property tax relief to Lancaster County residents.

In addition, pressure on the property tax can be reduced by eliminating unfunded mandates that primarily benefit the State, including the obligation of counties to pay rent for certain Health and Human Services facilities under Neb. Rev. Stat. § 68-130.

Finally, decreasing reliance on the property tax can be achieved by diversifying county revenue sources. Potential new revenue sources for counties could include:

- Tobacco tax increase
- Occupation tax on wineries
- Remove sales tax exemption on soda, energy drinks, and candy, and earmark the proceeds for property tax relief
- Increase statutory fees to keep pace with the cost of the service being provided
- Establish reasonable fees for services provided by the county engineers for issuance of driveway permits, right-of-way permits, subdivision reviews, load permits, and for petitions to vacate or abandon a county public road

**2. Funding for Adult Criminal Justice System Reform**

Lancaster County's jail population and probation housing costs have increased as a direct result of 2015 Neb. Laws LB 605. Funding for the County Justice Reinvestment Grant Program created under LB 605 should be maintained or increased to help offset these additional costs. Additional property tax savings could be realized through criminal justice reforms such as no cash bail, and mandating home arrest for inmates who qualify for work release and for persons convicted for nonsupport of their children.

**3. Funding for Juvenile Justice Reform**

Juvenile justice reform under 2013 Neb. Laws LB 561 is not being adequately funded. With the passage of 2018 Neb. Laws LB 1112, adequate funding becomes even more critical. Additional funding should be appropriated for community-based post adjudication services, and existing funding levels for the Juvenile Justice Community Based Aid Program should be maintained or increased.

**4. Public Building Commissions, Joint Public Agencies, and Interlocal Cooperation**

Public building commissions, joint public agencies, and interlocal cooperation are vital to Lancaster County's ability to provide sustainable services to a safe, healthy, and diverse community. The power to cooperate with other governmental entities to benefit our citizens through these joint entities and agreements must be preserved.

Neb. Rev. Stat. §§ 13-1301 through 13-1312 allow Lancaster County and the City of Lincoln to utilize the Public Building Commission to jointly acquire, construct, remodel, renovate, and finance buildings, structures, and facilities for their joint use. Without this mechanism, our citizens would lose the benefits of economies of operation that add to the effectiveness of the City of Lincoln and Lancaster County and would have to suffer the inconvenience of separate City of Lincoln and Lancaster County buildings, structures, and facilities.

Similarly, the Interlocal Cooperation Act, Neb. Rev. Stat. §§ 13-801 to 13-827, and the Joint Public Agency Act, Neb. Rev. Stat. §§ 13-2501 to 13-2550, allow Lancaster County to make the most efficient use of its taxing authority and other powers by enabling it to cooperate with other

governmental units on a basis of mutual advantage and thereby to provide services and facilities in a manner and pursuant to forms of governmental organization that accord best with geographic, economic, population, and other factors influencing the needs and development of the local community. The sum of the cooperation between Lancaster County and other governmental units provides a greater benefit to all of our citizens than each partner could provide in isolation.

## V. PENDING LEGISLATION ON WATCH LIST

1. **LB568 (Pansing Brooks) Change provisions relating to truancy, juvenile courts, the Community-based Juvenile Services Aid Program, the Commission Grant Program, and compulsory education. NO POSITION TAKEN IN 2021.**

Human Services requests that this bill be prioritized this session. LB568 provides that juvenile diversion should be offered to all youth with truancy referrals. This increase in the amount of diversion referrals likely will require at least three additional diversion caseworkers in the Human Services Department. Therefore, an amendment to LB568 should be sought to provide funding to counties to support this mandated service. LB568 also changes language in reference to the distribution of community-based aid. To preserve Lancaster County's current funding levels, it is suggested that formula-based distribution be retained. Finally, although AM264 currently sets funding at \$8.65 million, it is important to ensure that other amendments do not reduce the funding level below current levels, as was proposed in the original bill.

2. **LR11CA (Erdman) Constitutional amendment to require enactment of a consumption tax and prohibit certain other forms of taxation. OPPOSE.** Senator Erdman declared LR11CA to be his priority for this session. The Revenue Committee did advance LR11CA. The resolution was debated for approximately 6 hours on Wednesday, May 5, 2021. The bill failed to advance to Select File. Those members of the delegation and how they voted are noted here: YES (Against our position): Geist, Hilgers. NO/NOT VOTING (With our Position): Bostar, M. Hansen, Pansing-Brooks, Wishart, Brandt, Dorn, Morfeld. The bill remains alive for re-prioritization and debate in 2022.
3. **LB310 (Clements) Change inheritance tax rates and exemption amount. OPPOSE** The bill would fundamentally change the amounts collected under the inheritance tax and almost phase it out. We have already touched base with NACO and with Douglas County regarding work on this issue this interim. We think it very important to begin to collect

data on the potential impact to counties over the interim. The bill remains alive for re-prioritization and debate in 2022.

4. **LB408 (Briese) Adopt the Property Tax Request Act.** This bill would adopt the Property Tax Request Act. Definitions are included for approved bonds, political subdivision, property tax request, and real growth value. A political subdivision's property tax request for any year would not exceed its property tax request in the prior year by more than 3%, except as otherwise provided in this section. A political subdivision would be able to exceed the limit provided in this section by an amount approved by a majority of registered voters voting on the issue in a primary, general, or special election at which the issue is placed before the registered voters. The limit in this section would not apply to that portion of a political subdivision's property tax request that is needed to pay the principal and interest on approved bonds and that will be derived from the real growth value for the political subdivision. The debate occurred Thursday, April 22, 2021 and after 8 hours of debate, the bill failed on a cloture motion. Those members of the delegation and how they voted are noted here: YES (Against our position) Brandt, Dorn, Geist, Hilgers. NO/NOT VOTING (With our Position) Bostar, Matt Hansen, Morfeld, Pansing-Brooks, Wishart. The bill remains alive for re-prioritization and debate in 2022.
5. **LB444 (Hansen, M.) Change provisions relating to credit against jail terms.** If a person is arrested on one charge and prosecuted on another charge growing out of conduct which occurred prior to such person's arrest, credit against the term of any sentence resulting from such prosecution would be given for all time spent in custody under the former charge which has not been credited against another sentence. The bill has been advanced by the Judiciary Committee and placed on General File on a 7-0-1 vote. The bill remains alive for re-prioritization and debate in 2022.
6. **LB111 (Albrecht) Change provisions relating to various offenses involving public safety. SUPPORT.** Relating to public safety crimes and offenses, criminal mischief or unauthorized application of graffiti would be a Class IV felony if the property involved in the offense belongs to a peace officer, active-duty member in the armed services of the US, judge, or elected or appointed government official and the offense was committed with the intent to harass or intimidate such person because of such person's status. The bill remains alive for re-prioritization and debate in 2022.

7. **LB557 (M. Hansen) Change provisions relating to public records and include body-worn camera recordings in certain circumstances.** This bill contains multiple provisions including what is noted in the one liner that would require recordings on body cameras to be open records and required to provide them to the media. The bill also bifurcates a request made by a Nebraska resident for public records to allow for up to 8 hours of research to be done on the same; but it also makes it possible to bill non-resident requesters for a percentage of the researcher's salary. The hearing on this bill was held on February 25, 2021. The bill was advanced by the Government, Military and Veterans Affairs Committee on an 8-0 vote that would eliminates all provisions of the bill as introduced except the material relating to recordings from body-worn cameras that "depict or record circumstances in which a person died while being apprehended by" law enforcement or "while in the custody of" law enforcement or detention personnel. With AM 1021, these records would be subject to disclosure upon request, but only after the conclusion of related grand jury proceedings. The bill remains alive for re-prioritization and debate in 2022.
8. **LB339 (Bostelman) Require a utility coordination plan for certain highway and bridge contracts.** Introduced by Senator Bostelman at the request of the Associated General Contractors, the bill would require any contract exceeding \$50,000 for the construction, reconstruction, improvement, maintenance, or repair of a road, street, highway, bridge, or other related structure to which the Department of Transportation or any city of the metropolitan class, any city of the primary or first class, or any county with more than 25,000 inhabitants is a party would require a utility coordination plan. The bill remains alive for re-prioritization and debate in 2022.
9. **LB657 (Vargas) Require the office of Legislative Research to prepare racial impact statements for legislative bills. SUPPORT.** Beginning in the second session of the 107th Legislature, the office of Legislative Research would prepare and provide racial impact statements for designated bills or resolutions as determined by the Executive Board of the Legislative Council. A racial impact statement would clearly summarize the estimated impact of a bill on racial populations in the state and the estimated impact of the bill on racial disparities in the state. The bill remains alive for re-prioritization and debate in 2022.
10. **LB201 (Pansing-Brooks) Change provisions relating to jurisdiction over juveniles.** Douglas County Support. Relating to juveniles, the accused would be able to be arraigned in county court or district court if the alleged offense is a traffic offense and the accused was 11 years of age or older at the time the alleged traffic offense was committed, or if the accused were 16 or 17 years of age when an alleged offense was

committed, following a transfer from juvenile court. The juvenile court would have exclusive original jurisdiction as to any juvenile who was under 18 years (no longer 16) of age at the time the alleged offense was committed, except those proceedings initiated under this subdivision would be able to be transferred to county court or district court if the juvenile was 14, 15, 16, or 17 years of age at the time the alleged offense was committed. The hearing for LB201 was held on January 28th, 2021 by the Judiciary Committee. Proponent testimony was presented by the Juvenile Division of the Lancaster County Public Defender's Office and the Administrator of Juvenile Reform Efforts. In opposition was the Nebraska County Attorneys Association. The bill remains alive for re-prioritization and debate in 2022.

11. **Require appointment of counsel in eviction proceedings and provide for a filing fee. NEUTRAL.** Douglas County Bill of Concern. This bill was heard in the Judiciary Committee on February 4th. Proponents of the bill came from various housing advocacy groups throughout the state. Opposition to the bill came from property owners and landlords. Our neutral testimony was dropped for the hearing. The only question that came up regarding our fiscal note was about Douglas County being able to do the program for \$1 Million and Lancaster at \$2 Million. The bill remains held in committee. The bill remains alive for re-prioritization and debate in 2022.
12. **LB525 (Wishart) Provide duties and requirements for transitional housing facilities and change powers of the Office of Inspector General of the Nebraska Correctional System. MONITOR.** The bill was advanced to General File by the Judiciary Committee with AM602 which was attached for your review to our report on April 1, 2021. This bill will be held over for the 2022 session.
13. **LB165 (Erdman) Change provisions relating to the assessment of real property that suffers significant property damage. OPPOSE.** Relating to property taxes, damaged real property would replace the term destroyed real property. Any events causing significant property damage that occurs with enough frequency in this state would be made to grant property tax relief to owners of real property adversely affected by such events. Significant property damage would no longer include damage exceeding 20% of the property's assessed value in the current tax year as determined by the county assessor. The county assessor would also inspect and review all properties for which a report has been filed under this section and would submit a comprehensive report of all such properties to the county board of equalization on or before July 20 of the current assessment year. The bill remains held in committee. However,

Senator Erdman did attempt to attach the provisions of this bill to LB595. We worked in cooperation with NACO to defeat the amendment. How our delegation voted: AGAINST/NOT VOTING ON AM1140 (with county position): Bostar, Geist, M. Hansen, Morfeld, Pansing-Brooks, Wishart. SUPPORT AM1140 (against county position): Brandt, Dorn, Hilgers. On May 7, 2021, Senator Erdman received an Attorney General's opinion on LB165. The opinion concludes that the bill does not plainly violate the uniformity clause. This bill will be held over for the 2022 session. The bill remains alive for re-prioritization and debate in 2022.

14. **LB335 (Flood) Require announcement of the average cost of incarceration at sentencing for sentences served at the Department of Correctional Services. MONITOR.** Beginning 9/15/2022, when sentencing a defendant to any term of imprisonment in an institution of the department, the court would announce in open court and on the record the total estimated cost to the taxpayers of such term of imprisonment. On or before 8/1/2022, and on or before each August 1 thereafter the Department would calculate the average cost of imprisonment for inmates in Department institutions for the preceding year and report such amount or amounts to the commission in a form and manner prescribed by the commission. The bill remains alive for re-prioritization and debate in 2022.
15. **LR3CA (Slama) Constitutional amendment to require verification of identity prior to voting. OPPOSE.** This constitutional amendment would require verification of identity prior to voting to combat voter fraud, preserve the relative power of each eligible citizen's right to vote, modernize the election infrastructure of the state, and ensure the integrity of the elections of the state to preserve the public confidence in the legitimacy of the elected government. A poll worker would review a photograph or digital image of each voter to verify the identity of the voter in a manner determined by the Legislature prior to allowing the voter to vote. The bill remains alive for re-prioritization and debate in 2022.
16. **LB613 (Erdman) Change provisions relating to hearings and decisions on appeals under the Tax Equalization and Review Commission Act. OPPOSE. *Douglas County Bill of High Concern.*** This bill adds a 'speedy hearing right' to TERC appeals; if no decision by TERC has been reached within nine months after the filing date of the appeal, the appeal shall be decided in favor of the property owner. The bill remains alive for re-prioritization and debate in 2022.

17. **LB622 (Friesen) Limit the growth of real property valuations and provide for adjustments to assessed values. *Douglas County Bill of High Concern.*** This bill will create an annual limit on real property value increases at 3% over the previous year for both “agricultural and horticulture” and “non-agricultural” and calls for action by the Tax Commissioner to reduce if the increase exceeds 3%. The bill remains alive for re-prioritization and debate in 2022.
18. **LB179 (Linehan) Transition from elected to appointed county assessors. OPPOSE.** Starting on 1/1/2023, the county board of every county which has an elected county assessor would appoint a county assessor or designate the county clerk to serve as county assessor. Each county having a population of more than 3,500 inhabitants and having more than 1,200 tax returns in any tax year would have a county assessor appointed by the county board and each other county would have a county assessor or would have the county clerk serve as county assessor as determined by the county board. The bill remains alive for re-prioritization and debate in 2022.
19. **LB178 (Lindstrom) Adopt the Infrastructure Improvement and Replacement Assistance Act and provide for a turnback of state sales tax revenue. *Sarpy Bill of Interest.*** Introduced at the request of the League of Nebraska Municipalities. This bill would adopt the Infrastructure Improvement and Replacement Assistance Act and provide for a turnback of state sales tax revenue. The state would assist political subdivisions and sewer and water utilities by turning back a percentage of certain state sales tax revenue to political subdivisions and sewer and water utilities. For sales tax imposed from 7/1/2021 through 6/30/2022, 36.36%. For sales tax imposed from 7/1/2022 through 6/30/2024, 54.54%. For sales tax imposed after 7/1/2024, 72.72%. Funds received would be used exclusively to assist in paying for infrastructure improvements, paying for redevelopment and replacement of obsolete water or sewer facilities, or repaying bonds issued and pledged for such work. Another purpose would be to use the funds to defer increases in sewer and water rates. The bill was advanced by the Revenue Committee and reported to General File on March 2, 2021. The bill remains alive for re-prioritization and debate in 2022.

OPPOSE.** Beginning 9/1/2021, no wind energy generation project would be constructed unless the county in which the project would be located has zoning regulations or a zoning resolution meeting the requirements of this section. The zoning provisions would address fixed-distance setbacks, noise standards, any noise-measuring instruments, decommissioning terms and conditions, and fees for conditional use permits for wind energy generation projects.

The procedure used to measure noise would meet the requirements of the American National Standards Institute, the International Electrotechnical Commission, or the International Organization for Standardization for the measurement of sound. The bill remains alive for re-prioritization and debate in 2022.

21. **LB577 (Bostar) Establish Election Day as a holiday and change provisions relating to early voting and automatic voter registration. NEUTRAL.** Election Day, the first Tuesday following the first Monday in November in each even-numbered year, would be a holiday. If a voter registration application is submitted under this section with the signature of the applicant but the applicant is not eligible to register to vote, the submission would not be considered a violation of section 32-1502 or 32-1503 and the document submitted would not be considered a valid or completed voter registration application for purposes of registration or enforcement of the Election Act unless the applicant has willfully and knowingly taken affirmative steps to register to vote knowing that he or she is not eligible to do so. An applicant would be given the opportunity to choose not to use his or her information for voter registration, otherwise the applicant would complete the voter registration portion that is transmitted to the election commissioner or county clerk to register the applicant to vote or update his or her voter registration record. The bill remains alive for re-prioritization and debate in 2022.
  
22. **LB329 (Wayne) Change provisions relating to taxes imposed on the average wholesale price of gasoline. SUPPORT.** Introduced at the request of the League of Nebraska Municipalities. The minimum average wholesale price of gasoline to be used to calculate the tax in this section for tax periods, beginning on and after 7/1/2021, would be \$2.44. In no case would the average wholesale price of gasoline be less than the minimum amount required under this subsection. The Department would use at least 35% of the amount allocated to the Highway Cash Fund to pay for surface transportation projects, as defined in section 29-2702 (money received; disposition), of the highest priority as determined by the Department. The bill remains alive for re-prioritization and debate in 2022.
  
23. **LB636 (Cavanaugh, J) Eliminate cash bail bonds, appearance bonds, and related provisions.** Relating to criminal procedure, cash bail bonds, appearance bonds, and all related provisions would be eliminated. A judge would be able to release a defendant on personal recognizance. In determining this, the judge would be able to take into account, among

other things, the nature and circumstances of the offense, yet to be collected evidence, alleged victims, potential witnesses, or members of the general public, the defendant's family ties, employment, the length of the defendant's residence in the community, the defendant's record of criminal convictions, and the defendant's record of appearances at court proceedings or of flight to avoid prosecution or of failure to appear at court proceedings. Other considerations for releasing someone on personal recognizance are listed in detail. The approval or denial process is also described. The bill remains alive for re-prioritization and debate in 2022.
