**STAFF MEETING MINUTES
LANCASTER COUNTY BOARD OF COMMISSIONERS
ZOOM MEETING
THURSDAY, JUNE 4, 2020
VIEWING AVAILABLE VIA YOUTUBE
8:30 A.M.**

Commissioners Present: Sean Flowerday, Chair; Rick Vest, Vice Chair; Roma Amundson, Deb Schorr and Christa Yoakum

Others Present: Kerry Eagan and Dave Derbin, Chief Administrative Officers; Ann Ames, Deputy Chief Administrative Officer; and Dan Nolte, County Clerk

Advance public notice of the Board of Commissioners Staff Meeting was posted on the County-City Building bulletin board and the Lancaster County, Nebraska web site and provided to the media on June 2, 2020.

The Chair called the meeting to order at 8:34 a.m. and announced the Open Meetings Act is available at Neb. Rev. Stat. § 84-1401-1414.

AGENDA ITEM

1. APPROVAL OF STAFF MEETING MINUTES FOR MAY 28, 2020

MOTION: Schorr moved and Yoakum seconded approval of the May 28, 2020 Staff Meeting minutes. Amundson, Schorr, Yoakum, Vest and Flowerday voted yes. Motion carried 5-0.

2. LEGISLATIVE UPDATE – Joe Kohout and Brennen Miller, Kissel, Kohout, ES Associates LLC

Kohout reviewed the weekly legislative report (Exhibit 1), noting that no decisions have been made as to possible budget adjustments.

Schorr noted the Nebraska Association of County Officials (NACO) is keeping the opening date and plans of county offices current on their website.

Schorr suggested adding Zoom meeting capabilities to public meetings when such meetings will be held in person to the 2021 legislative priorities list.

Additionally, the Open Meetings Act requirements were discussed.

3. DEPARTMENT BUDGET HEARINGS – Dennis Meyer, Budget and Fiscal Officer

A. County Engineer (703, 21, 22) – Pam Dingman, County Engineer

Dingman noted the South Beltway project cost is shared 50/50 between the County and the City of Lincoln. There will be an estimated \$200,000-\$400,000 remaining in the fund after finalization of an upcoming land acquisition. She noted there needs to be more dollars in the fund.

Meyer said Keno funds have been moved to the South Beltway fund to cover costs. He estimated \$600,000-\$700,000 will be moved to the fund. The current Keno funds total is \$1,400,000 for the East Beltway plus an additional \$300,000-\$400,000.

Dingman stated she wants to increase the hourly garage labor fee to \$78 per hour and add a 12.5% administrative fee for all parts and invoices sent outside of the County. The fee is to recover the amount of staff time and labor to assist and oversee the management of the vehicles.

Additionally, Dingman said her office manager and accounting staff positions have been filled.

Meyer reminded the Board there will be a public hearing to amend the Road and Special Bridge fund on Tuesday.

Meyer also noted Dingman's general fund transfer request for the upcoming fiscal year is \$1,800,000 more than last year's request.

Also, an additional appropriations hearing will be held June 9.

4. DISTRICT ENERGY CORPORATION RESTRUCTURING – Bill Austin, Attorney for District Energy Corporation; Jason Fortik, DEC Administrator and LES Vice President of Power Supply; and Jen Holloway, Deputy Lancaster County Attorney

Austin reviewed the memorandum (see agenda packet).

When asked to discuss the bond council, Austin noted a sizeable amount of debt will need to be reissued in the future, adding the elimination of the non-profit corporation is not foreseen as a problem.

Holloway stated the County's property interests should be retained and that Schorr and Flowerday should abstain from voting on the restructure dissolution.

Austin relayed the documents will be submitted to the District Energy Corporation in July, and then to the Lincoln City Council and the County Board.

5. RENEWAL OF INTERLOCAL AGREEMENT WITH NEBRASKA DEPARTMENT OF HEALTH AND HUMAN SERVICES AND LANCASTER COUNTY YOUTH SERVICES CENTER – Sheli Schindler, Youth Services Director

Schindler reviewed the agreement (see agenda packet) noting that the discussion is regarding the per diem rate for the Office of Juvenile Services (OJS). She stated she anticipates the County will receive \$1,647,000 for detention services from Probation, contract counties, and OJS. Currently, the estimated cost for detention services is \$2,936,337. At the current per diem rate, the County would be under collecting approximately \$1,289,000 for those services. The projected per diem rate for the upcoming year is between \$546-\$571 per day. The OJS currently pays a per diem rate of \$375 per day, while the contract counties and Probation pay \$276 per day.

Schorr asked for the percentage breakdown of youth being held between the different organizations. Schindler stated 85-90% are Probation, 1% with OJS. Holds with contract counties are rare. She added the population today is 11 youth.

Schindler requested Board direction on what per diem rate to negotiate for the upcoming year.

It was the consensus of the Board to begin negotiations at the actual cost of \$571 per day and to work with Dave Derbin, Chief Administrative Officer, on the project.

6. DISASTER DECLARATION IN RESPONSE TO IMMINENT DANGER OF CIVIL DISTURBANCE, DISORDER, AND RIOT – Jim Davidsaver, Emergency Management Director

Flowerday stated he signed the Disaster Declaration on Tuesday, June 2.

Davidsaver added the declaration was in response to the protests during the days prior. The Governor authorized National Guard resources could be deployed in Lincoln if needed. The Lincoln Police Department (LPD) was the lead city agency and Davidsaver worked with them to have an order of emergency declaration for the curfews. The Lancaster County Sheriff's Office (LSO) wanted to have the National Guard resources available if needed, so the County issued a disaster declaration for access to those resources.

Ratification of Disaster Declaration No. D-20-0002 In the Matter of Declaring a Disaster or Emergency Pursuant to Neb. Rev. Stat. §81-829.50 In Response to the Imminent Danger of Civil Disturbance, Disorder, and Riot

MOTION: Schorr moved and Amundson seconded to ratify the Chair's signature on the Disaster Declaration. Amundson, Schorr, Yoakum, Vest and Flowerday voted yes. Motion carried 5-0.

7. COVID-19 UPDATE AND RESPONSE

A. Reopening Working Group Report – David Derbin, Chief Administrative Officer

Derbin reviewed the reopening working group report (see agenda packet). He noted Kerin Petersen, Property and Facilities Director, is working with the Lincoln-Lancaster County Health Department to have consistent and readable signage. Additional COVID signage is available from the contracted office suppliers.

Schorr stated she is concerned about the number of people that are participating in the 24/7 program as it is a daily high volume area. Derbin added in addition to the retail-type counter, the Health Department will be looking more into that area.

8. ACTION ITEMS

A. Resolution No. C-20- 0027 In the Matter of Resuming the Public Speaking at the Meetings of the Lancaster County Board, Lancaster County Board of Equalization, and Lancaster County Board of Corrections

MOTION: Yoakum moved and Vest seconded to approve the resolution. Amundson, Schorr, Yoakum, Vest and Flowerday voted yes. Motion carried 5-0.

B. Ratification of Disaster Declaration No. D-20-0002 In the Matter of Declaring a Disaster or Emergency Pursuant to Neb. Rev. Stat. §81-829.50 In Response to the Imminent Danger of Civil Disturbance, Disorder, and Riot

Item moved forward on agenda.

9. CHIEF ADMINISTRATIVE OFFICER REPORT

A. Nebraska Regional Interoperability Network (Member Nominations)

Eagan reported Davidsaver would endorse Steve Cody as the nominee for the southeast region of the Nebraska Regional Interoperability Network Board (see agenda packet).

The Board requested more information on the candidates before making a decision.

B. Letter to Governor on Re-Opening Delay to June 22, 2020

It was the consensus of the Board to move ahead with the re-opening on June 15 and not write a letter to the Governor.

C. Response to George Floyd Protests

Each of the Commissioners and Sheriff Terry Wagner gave a response to the protests.

10. DEPUTY CHIEF ADMINISTRATIVE OFFICER REPORT

A. Lancaster County 2020 Priorities

No updates were given.

11. DISCUSSION OF BOARD MEMBER MEETINGS ATTENDED

A. Railroad Transportation Safety District (RTSD) – Amundson / Vest

Amundson reported she, Vest and James Michael Bowers were elected Secretary, President, and Vice President of the RTSD. Also discussed were the RTSD budget, levy restoration, and Cornhusker and 33rd project.

Vest added Schorr has agreed to serve on the RTSD Advisory Committee.

B. Chamber Coffee – Amundson / Flowerday

Schorr said an overview of the County's re-opening plan was discussed.

12. SCHEDULE OF BOARD MEMBER MEETINGS

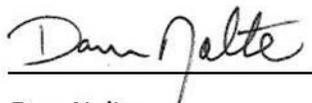

Informational only.

13. EMERGENCY ITEMS

There were no emergency items.

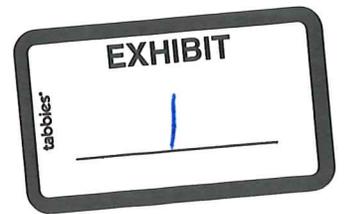

14. ADJOURNMENT

MOTION: Schorr moved and Amundson seconded to adjourn the meeting at 10:28 a.m. Schorr, Amundson, Yoakum, Vest and Flowerday voted yes. Motion carried 5-0.

LEGISLATIVE MEMORANDUM

TO: Lancaster County Board of Commissioners
FROM: Joseph D. Kohout
Brennen L. Miller
DATE: June 4, 2020
RE: Weekly Report

Good Morning. Please accept this as your weekly report for the 2020 session of the Legislature for the date noted above. Since the last report on May 28, 2020, the Legislature has remained in recess due to COVID-19 concerns. However, Speaker Scheer has announced that the Legislature will reconvene on July 20th and will adjourn Sine Die on August 13th. Further, he has indicated that in the coming weeks he will be providing a memo regarding safety procedures that will be utilized for the remaining 17 days.

INTERIM STUDIES

We have mentioned in previous reports that we should pull together ideas for interim studies. Here is what has been received:

1. 24/7 Sobriety;
2. Review of fees and fines;
3. LR183 follow up;
4. Move the cost of housing HHS Offices back to the state; and
5. Minimizing barriers for individuals being released from the County Jail to obtain a state ID

We attached draft versions of the interim studies to reports in weeks past. We encourage you to review the reports for action.

As we have previously mentioned, we will need to be cognizant of is how much time we have post-adjournment to do interim studies. With session adjourning on August 13, 2020 and elections in November, the window for interim studies will be abbreviated.

CARES ACT FUNDING

On May 27, 2020, during his daily press conference, Governor Ricketts announced how he intends the state to spend the federal CARES Act dollars distributed to Nebraska. Please note that below is a general outline of what was announced and the PowerPoint utilized by the Governor was attached to the email that contained the May 28, 2020 report. Here is how he intends to distribute the funds:

GOVERNMENTS: \$180 MILLION

State Government - \$80 Million; Local Governments - \$100 Million

Dollars will be for reimbursement of direct costs associated with COVID including PPE, overtime, sanitizing spaces, dedicated payroll for COVID public safety employees. Counties, in order to be eligible, must have 'business as usual' by June 8th (open public offices and services). Subsequent to this report, NACO has indicated that the Governor has agreed to push this back one week to June 15, 2020.

COMMUNITY CARES PROGRAM: \$85 MILLION

Behavioral Health Regions - \$5 Million; Community Collaboratives - \$20 Million; Providers and/or Non-Profits demonstrating increased demand and lower donations \$40 Million; Shelters and/or Housing - \$20 Million

Specifics of this program are being established by the Nebraska Department of Health and Human Services

SMALL BUSINESSES/LIVESTOCK STABILIZATION: \$392 MILLION

Small businesses between 5-49 employees; Livestock operations between 1-10 employees
Distributed in \$12,000 grants to all qualified

REMOTE ACCESS, WORKFORCE RETRAINING, GALLUP: \$62 MILLION

Rural broadband development - \$40 Million; Workforce Retraining - \$16 Million; Gallup Training - \$1 Million

Rural broadband development with Impacting 26,285 households in 41 communities of 1,000-5,000 in population and workforce retraining will include \$1,100 grants for students (up to 12,000 total) and Career Coaches, administration and faculty at a total of \$2.4 Million.

UNEMPLOYMENT TRUST FUND: \$427 MILLION

REQUEST FOR DELAY OF OPENING ON JUNE 15, 2002

Last week, during this meeting, we discussed a potential request of the administration to potentially consider an exception for Lancaster County from June 15 to June 22, 2020. Subsequent to this meeting, we became aware of a suggestion that Sarpy County was considering a request as well. That desire and the telephone number of Chairman Don Kelly were communicated to Chairman Flowerday.

This concludes our report for this week.

COUNTY BOARD SUMMARY REPORT

TO : County Clerk: Attn: Monet McCullen
FROM : David R. Cary, Director of Planning
RE : **County Change of Zone 20014**
(AG to AGR, 13350 North 84th Street)
DATE : June 2, 2020

1. On May 27, 2020, County Change of Zone 20014, as submitted by Raymond and Janet Stander, had public hearing before the Lincoln-Lancaster County Planning Commission. This is a request for a change of zone from AG Agricultural to AGR Agricultural zoning.
2. Attached is the Planning staff report. The applicant is requesting the change of zone to allow the 7.59 acre parcel to be subdivided into two lots.
3. The staff recommendation of denial is based upon the Analysis as set forth on pp.2-4, concluding that this request is not in conformance with the Comprehensive Plan. The area is shown as agricultural in the 2040 Lancaster County Future Land Use Plan. Approval of this change of zone to AGR would likely lead to other AGR requests on other similar lots throughout the county. Additional acreage lots throughout the county would lead to additional burden on emergency services as well as road and bridge maintenance. There are also concerns about the quantity of groundwater in the north part of the county. The staff presentation is found on p.8.
4. The applicant's testimony is found on p.9. There was no testimony in support of or in opposition to this proposed change of zone; however, a letter of opposition was provided to the Planning Commission prior to the hearing, which can be found on pp.12-13. The applicant's rebuttal is found on p.10.
5. On May 27, 2020, the Planning Commission voted 6-0 (Al-Badry, Beckius and Finnegan absent) to recommend denial of this change of zone request.

The Planning staff is scheduled to brief the County Board on this proposed zoning change at their regular staff meeting on Thursday, June 11, 2020, at 8:45 a.m., in Room 113 of the County-City Building, 555 South 10th Street, Lincoln, Nebraska. The public hearing before the County Board is currently pending.

If you need any further information, please let me know (402-441-6365).

LINCOLN/LANCASTER COUNTY PLANNING COMMISSION STAFF REPORT

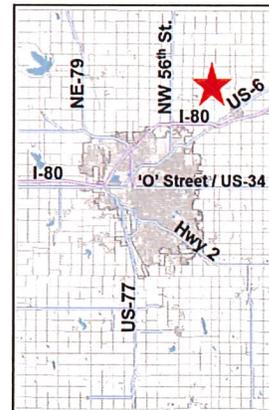

FROM THE LINCOLN/LANCASTER COUNTY PLANNING DEPARTMENT, 555 S. 10TH STREET, SUITE 213, LINCOLN, NE 68508

APPLICATION NUMBER Change of Zone #20014	FINAL ACTION? No	DEVELOPER/OWNER Raymond and Janet Stander
PLANNING COMMISSION HEARING DATE May 27, 2020	RELATED APPLICATIONS None	PROPERTY ADDRESS/LOCATION 13350 N. 84 th St.

RECOMMENDATION: DENIAL

BRIEF SUMMARY OF REQUEST

This is a request for a change of zone from AG-Agricultural to AGR-Agricultural Residential on 7.59 acres. The applicant is requesting the change of zone to allow the 7.59 acre parcel to be subdivided into two lots.

JUSTIFICATION FOR RECOMMENDATION

This request is not in conformance with the Comprehensive Plan. The area is shown as agricultural in the 2040 Lancaster County Future Land Use Plan. Approval of this change of zone to AGR would likely lead to other AGR requests on other similar lots throughout the county. Additional acreage lots throughout the county would lead to additional burden on emergency services as well as road and bridge maintenance. There are also concerns about the quantity of groundwater in the county.

COMPATIBILITY WITH THE COMPREHENSIVE PLAN

This change of zone request is not compatible with the comprehensive plan. This area is shown to remain agriculture in the Future Land Use Plan and not for acreage lots. This site does not meet the criteria for AGR zoning as outlined in the Comprehensive Plan. It is not on a paved road, the predominant land use in the area is agriculture and the only acreage lots are approximately one-half mile to the south.

KEY QUOTES FROM THE 2040 COMPREHENSIVE PLAN

- P. 12.3 - This site is shown as future Agricultural on the 2040 Lincoln Area Future Land Use Plan.
- P. 12.4 - Agricultural- Land principally in use for agricultural production. Agricultural land may be in transition to more diversified agribusiness ventures such as growing and marketing of products on site.
- P. 1.2 - Lincoln and Lancaster County: One Community Vision Statements:
 - An important relationship exists between the urban, rural, and natural landscapes. Urban and rural development

maximize the use of land in order to preserve agriculture and natural resources.

- Policies of managing urban growth, maintaining an "edge" between urban and rural land uses, and preserving prime agricultural land form a distinctive and attractive built environment for Lincoln and Lancaster County.

P. 2.7 - Preserve areas throughout the county for agricultural production by designating areas for rural residential development - thus limiting potential conflicts between farms and acreages.

P. 7.2- Encourage acreages to develop in appropriate areas and preserve farmland.

P. 7.12 - LPlan 2040 supports the preservation of land in the bulk of the County for agricultural and natural resource purposes. However, it recognizes that some parts of the County are in transition from predominantly agricultural uses to a mix that includes more residential uses. Balancing the demand for rural living and the practical challenges of integrating acreages with traditional land uses will continue.

P. 7.12 - All proposals for acreages, whether designated on the future land use map for low density residential or not, should be evaluated based on factors such as paved roads, adequate water quality and quantity, soil conditions for on-site wastewater management, availability of emergency services, agricultural productivity, land parcelization, the pattern of existing acreages, and plans for future urban development.

P. 7.12 - Areas not designated for acreages should remain agriculturally zoned and retain the current overall density of 32 dwelling units per square mile (1 dwelling unit per 20 acres). However, considerations should be given to new ways that smaller lots within the County jurisdiction can be subdivided and sold, while still maintaining that overall density and maintaining good access management along the County's section line roads.

P. 7.13 - Many families are not well informed of all the implications of rural living before they make that lifestyle choice. This includes an understanding of the state's Right to Farm law, which protects farmers from nuisance claims when conducting normal agricultural practices, and an understanding of the difference between urban and rural public services.

P. 8.5- Each rural fire district has unique challenges, including response times and water availability.

P. 8.5 - A growing population in the small towns, villages, and rural areas, as well as increased traffic, will continue to create demands for fire and emergency services.

ANALYSIS

1. This application is for a change of zone from AG-Agricultural to AGR- Agricultural Residential on 7.59 acres located at N. 84th St. and Mill Rd. The change of zone is requested so that the lot can be subdivided into two lots. The minimum lot size in AGR is 3 acres.
2. This lot was created prior to 1979. At that time the minimum lot size for AG zoning was one acre. The minimum lot size in the AG zoning district changed to 20 acres with the 1979 zoning update. There are 2 exceptions to the 20 acre rule. One is commonly referred to as a farmstead split. This requires that a house be at least 5 years old, been associated with a farm and the lot be at least 21 acres in size. The 21 acre lot is allowed to be divided into a 1 acre lot and a 20 acre lot. The existing house must be on the 1 acre lot and a new house must be on 20 acres. The second option is AG Preservation which requires a minimum of 20 acres. This can be vacant land. The 20 acres can be divided into a 3 to 5 acre lot for a house and 75% of the 20 acres must remain as some type of open space. The density is still one dwelling per 20 acres. These are 2 options to create small lots without having to rezone to AGR. The applicant's lot does not meet the criteria for either of these options.
3. An alternative to a change of zone would be for the applicant to acquire an additional 33 acres. With 40 acres, the applicant could do an AG Preservation final plat that would create 2 lots and a 30 acre outlot.
4. The property is shown to remain agricultural in the 2040 Lancaster County Future Land Use Plan. All of the land surrounding this parcel is shown to remain agricultural in the Future Land Use Plan.

5. The Comprehensive Plan on page 7.12 details factors that should be evaluated for a change of zone for acreage developments. The factors are:
 - a. **Paved Roads**—N. 84th Street and Mill Road are both county gravel roads.
 - b. **Adequate water quality and quantity**— Each lot would need a private well. No ground water information was submitted with this application. Lincoln-Lancaster County Health Department notes that there is adequate water for one additional well.
 - c. **Soil conditions** - This lot is not shown as prime farmland.
 - d. **Emergency Services**—The Lancaster County Sheriff’s office and Waverly Rural Fire would provide emergency services.
 - e. **Wastewater** - Wastewater would most likely be through private sewage systems.
 - f. **Existing acreages**— There are existing acreages approximately one-half mile to the south. Finigan’s Addition located southeast of the subject parcel was rezoned from AG to AGR in 1996. Bill Peterson Addition located approximately 3,200 feet to the south was rezoned from AG to AGR for two lots in 2006.

6. In the northeast part of the County, specifically east of Highway 77 from Waverly road to Ashland Road, there is less than ½ square mile of land designated for Low Density Residential (AGR) in the 2040 Comprehensive Plan due to water issues and lack of paved roads. All of the area shown for future AGR in the Comprehensive Plan is for the existing acreage lots northeast of Waverly Road and N. 84th Street. This is generally an agricultural area and not suitable for AGR zoning. The entire area should be studied through the comprehensive plan update and not in an unplanned matter.

The applicant’s property is not unique. There are hundreds of similar properties throughout the county. It is not on a paved road, the predominant land use in the area is agriculture and the only acreage lots are approximately one-half mile to the south. The Planning Department receives many similar requests monthly. Although this one lot would not have a significant impact on emergency services or roads, it would allow for many more similar lots to be granted a change of zone to AGR. The overall effect on the county would impact roads, bridges, water quantity and emergency services. Recently there were 2 special permits denied in the north part of the county due in part to concerns of water quantity. While this one lot would not add much demand for water, but as multiple property owners want a spot of AGR zoning it will impact water quantity.

7. The acreage lots located approximately 2,000 feet to the south of the applicant’s property were created prior to 1979 when the minimum lot size in the AG district changed to 20 acres.

8. An acreage development southwest of the applicant’s property called Finigan 3rd Addition was approved in 2004 through a Community Unit Plan (CUP). A CUP allows clustering of small lots based on an overall density of one lot per 20 acres and the zoning remains agricultural. In addition, 70 percent of the overall area must remain in open space. Finigan’s Subdivision a 14 lot subdivision along Pearle Road and Finigan Road was approved in 1977 prior to the 20 acre zoning requirement. All of the acreage lots between Waverly Road and the applicant’s property were either created prior to the 20 acre rule or through a Community Unit Plan with the AG zoning.

9. A Land Inventory Report from March 2020 identifies a potential for an additional 1,416 acreage dwelling units in the rural areas of the county. Rural Areas are defined as those areas outside of other towns zoning jurisdictions. The 1,416 units includes 312 dwelling units that are already approved by either a final plat or preliminary plat. The remaining 1,104 dwelling units, assumes at one dwelling unit per 3 acres, are potential units shown as Low Density residential on the Future Land Use Plan. Based on past building permit data, the 1,416 potential dwelling units is a 24.4 year supply.

10. This proposed change of zone is solely for the benefit of the property owner. It is not to the benefit of surrounding property owners and is not in conformance with the 2040 Lincoln-Lancaster County Comprehensive Plan.

11. Spot zoning is invalid where some or all of the following factors are present:
 1. A small parcel of land is singled out for special and privileged treatment;
 2. The singling out is not in the public interest but only for the benefit of the landowner;

3. The action is not in accord with a comprehensive plan.

All three elements are usually present for spot zoning. For this application all three elements are present.

12. Approval of this application could set a precedent and make it very difficult to deny similar applications. There are hundreds of similar lots throughout the county. This could lead to many more acreage lots throughout the county adding additional burden on emergency services, road maintenance and groundwater availability.

Re: Subdivision Request for 13350 N 84th St, Lincoln, NE
S11, T11, R7, 6th Principal Meridian, LOT 3 NW NW

No waivers are requested

We are writing to request the approval to subdivide our 7.59 acres so that our son can build a home next to us. Unfortunately, we have reached a time in our lives when we often need to rely on the help of our son, and we know that our health will continue to decline. Our son has agreed to be our Power of Attorney for our health and would be willing to move next to us to help us stay in our home for as long as possible. He has a family and pets so a trailer house or a tiny house on our property would not be feasible for him (also, we cannot afford that.)

When my parents reached the time when they needed help to stay in their home and take care of their farmstead/acreage we were blessed to live in the same town and we could help them with mowing, building repairs, snow removal, gardening, doctor and hospital visits, medication, groceries...all the needs of the elderly trying to stay in their own home. We were especially blessed when they were granted permission to subdivide their property so we could build a home next to them. I no longer had to haul mowers and other tools every day. Most importantly, I was able to ensure they were eating well, monitor medications, and respond timely when there was a medical emergency.

We would like to be able to remain in our home and be productive for as long as possible. For many years we have had large gardens to give produce to Salvation Army and other food pantries, as well as others who are not able to take care of a garden. We hope to continue to do these types of things for many years to come.

The coronavirus pandemic has reinforced the benefits of the elderly (us) being able to self-isolate outside of the cities. It would be so helpful to have younger family members nearby to help us. For so many reasons we would like to delay or eliminate the need to go to a nursing home. Although these facilities serve a need in communities, the thought of being in one is very scary to most of us.

Please consider granting us the ability to have our son nearby to help us. You can't imagine what a wonderful blessing this would be for us.

Thank you for your consideration of our request. And thank you for all you do for our communities. God bless you!

Sincerely,

Raymond L. Stander & Janet M. Stander

CHANGE OF ZONE 20014

CHANGE OF ZONE 20014

FROM AG (AGRICULTURAL DISTRICT) TO AGR (AGRICULTURAL RESIDENTIAL DISTRICT), ON
PROPERTY GENERALLY LOCATED AT 13350 NORTH 84TH STREET

PUBLIC HEARING:

May 27, 2020

Members present: Campbell, Edgerton, Joy, Ryman Yost, Scheer and Corr; Al-Badry, Beckius and Finnegan absent.

Staff Recommendation: Denial

There were no ex-parte communications disclosed.

There was no ex-parte communications disclosed relating to site visits.

Staff Presentation: Steve Henrichsen, Planning Department, came forward and stated this request is for a change of zone from AG (Agricultural) to AGR (Agricultural Residential) on 7.59 acres. The applicant is wanting to subdivide the 7.59 acres into two lots located on 84th Street and Mill Road. This area is just outside the City's 3-mile jurisdiction, which would put it in the jurisdiction of the County Board. Henrichsen explained that approval of this change of zone would likely set a precedent and lead to other AGR requests on other similar lots throughout the county. This property was split from the main property as a farmstead, which is allowed and often sold separate from the farm. The applicant wants to build a second house on the property for their children, but the minimum lot size is 20-acres and not the 3-acres they are requesting. Henrichsen stated they are recommending denial of this application. This is not consistent with the Comprehensive Plan, and the Planning Department receives inquiries for this type of application every month; this application is not unique. Henrichsen stated in the county jurisdiction alone, there are over 1,500 lots today zoned AG, which are less than 10-acres that are not in a CUP (Community Unit Plan).

Scheer stated his question is not directly related to this request, but it is related to an ADU (Accessory Dwelling Unit). He shared a couple of years ago, a resolution had passed for an ADU, which had a number of conditions that could be amended, and size was one of them. Scheer inquired if the planning staff would be willing to amending some of the conditions to make this work for the family. Henrichsen stated the limit for size is 1,000 square feet with no more than two bedrooms, and he further stated the idea for this was to have smaller accessory buildings on the site from 600 to 800 square feet and not to create a system for a second dwelling unit. He stated to keep the accessory standard, the size of the accessory buildings should be kept under 1,000 square feet.

Campbell stated that he recalls a prior Planning Commission meeting where there was a proposal from the applicant to split their lot to build a second house, which was approved, and he inquired how these cases differed. Henrichsen stated he was unsure which application he was referring to, but an applicant did come in under an extended home occupation and had a large accessory building for storage. Campbell inquired if any of the lots to the south were available. Henrichsen said no, but there is an area to the west with 12 vacant lots available by the same owner.

Joy asked if it was included that an employee or caregiver would have the ability to reside in a dwelling unit on the property, such as farm help. Henrichsen stated in theory, if they have a 40-acre property and have two dwellings on the same lot, but they would still need to meet the 1 house per 20-acre requirement. Joy wanted to clarify that they could use an adjacent owner's property to consolidate and have two dwelling units. Henrichsen said yes, it is through the AG Preservation and they would not need to have a preliminary plat.

Henrichsen noted that the Planning Department did receive a letter in opposition from Wayne Nielson, who has property a mile to the west. Henrichsen stated that Mr. Nielson's letter states he has several concerns with this being approved.

Applicant:

Janet Stander, 13350 N. 84th Street, came forward and stated they wanted to move forward with this because it is important to them and other elderly rural residents. Stander stated she was told that a large rural housing development with multiple water users could be approved, but individual requests would not. She shared that she was unsure of how a single house would be an additional burden on the water supply, emergency services, and road and bridge maintenance. They are fine with gravel roads, because paved roads will increase traffic in the area. Stander stated that this land was never cropland that needed to be preserved. They want to subdivide their lot and that would make each lot slightly larger than 3-acres, which they have heard that 3-acre lots are okay. She shared that the number of farmsteads continues to decline, and hates to see this type of lifestyle disappear. To preserve the rural lifestyle, there will need to be changes in how farmsteads are seen.

Campbell asked the Standers what would happen to their house if they were to pass. Stander shared it would be nice if their son could move into their house and the subdivided property would be occupied by next generations.

Joy asked if the size of an ADU is something that they could explore, if there were waivers to size and bedroom. Stander stated that it would not be large enough for her son's family, and they could not afford the expense; it would be harder to sell the land with the additional house.

Staff Questions:

Henrichsen stated he wanted to clarify the question previously asked by Commissioner Campbell where the applicant split their lot to build a second house, which was approved. Henrichsen shared there was a special permit for an ADU on NW 27th Street, which was an existing 20-acre property with a house and garage. One of the waivers was to add-on to an existing garage, and the second was because the existing septic system was not large enough.

There was no testimony in support or opposition.

Applicant Rebuttal:

Stander stated the property to the south was for sale, which they did bid on but were outbid. She stated they have been looking for nearby property because they knew that they would most likely be denied.

Campbell asked if they have looked at acreages to the west and south. Stander said no. Campbell asked if any of the lots for sale would fit their needs to have family close because nearby there are 12 platted lots. Stander stated they have talked about those lots and figured if they have not tried to sell them by now they are not planning on it.

Raymond Stander, 13350 N. 84th Street, came forward and asked if Commissioner Campbell was talking about the lots to the south. Campbell stated that there are also platted lots to the west. Stander stated that several have come up for sale and sold. Stander stated that to the north on Raymond Road there are about five or six 5-acre lots that have houses on them and they are not AGR. He shared that they were looking for the most efficient use of their space and their land has a very steep hill on it that is not farmable.

Edgerton moved to close the public hearing on this item, seconded by Joy and carried 6-0: Campbell, Edgerton, Joy, Ryman Yost, Scheer and Corr voting 'yes'; Al-Badry, Beckius and Finnegan absent.

CHANGE OF ZONE 20014

ACTION BY PLANNING COMMISSION:

May 27, 2020

Scheer moved recommendation of denial, seconded by Campbell.

Scheer stated that he feels very strongly about all of the arguments that Henrichsen made in defense of the recommendation to deny. The arguments regarding precedent and the Comprehensive Plan makes it difficult not to recommend denial. Scheer shared that he agrees with everything stated by the Standers in their testimony regarding the big picture about the continued decline of rural properties like this. If there were ways to allow them to continue to

live at home with the help of younger family members, that would be great. Scheer stated that a change of zone approach is not allowed within the current rules, and he further stated the only way to allow is through the ADU process with waivers. Scheer stated that he is going to support this motion, but understands what the Standers are trying to do and applauds them for their effort.

Campbell stated the reason he seconded this motion is because it is based on the Comprehensive Plan, and the complex issue that it could be opened. Campbell shared that he sympathizes with the Standers, and further stated that he thinks that the Planning Department needs to look and see if there is a way to allow this in the future, because this is not creating a new property that takes away from farmland, it already exists. The Planning Department needs to look at other options that could be pursued because this would not be taking up other land.

Edgerton stated she too agrees with her fellow commissioners, and further stated this does seem like it is a slippery slope with regards to the way the Comprehensive Plan is set up at this time. Edgerton shared they are in the process of reviewing the Comprehensive Plan at this time and that the timing for this is well placed for the conversation to continue as to whether this policy continues to support the community. If it does great, but if there are ways to accomplish other things within the boundaries, they have the process in front of them and they can look at that.

Joy stated she applauds the Standers for moving forward on this, knowing that it was stacked against them. Joy shared it is a perfect time as her fellow commissioners have mentioned to bring this forward to explore in the Plan Forward 2050. She shared there are many things that people want to do on their property that will not work with the systems in place now and maybe with the changes in today's society, it might worth pursuing. Joy stated that, unfortunately, she too would be supporting the motion.

Ryman Yost stated the idea of creating opportunities for people to have the ability to age in place and remain in their home is a significant issue and needs addressed as a community. Ryman Yost shared that she applauds what they want to do; having grown up in a small town herself, she understands the importance of family connections. She stated that this is something they can look at in the Comprehensive Plan moving forward to avoid some sort of a precedent-setting situation now, and hopefully the time is in place now to look at other options.

Corr stated that she echoes what all of her fellow commissioners have said and understands where the Standers are coming from. Corr stated that she will support the Comprehensive Plan, and further shared she is glad they are looking at the Comprehensive Plan now. This will give the group something to think about during the process.

Motion carried 6-0: Campbell, Edgerton, Joy, Ryman Yost, Scheer and Corr voting 'yes'; Al-Badry, Beckius and Finnegan absent.

Lancaster Co. Commissioners
Subject: Change of Zone 2014

Dear Members:

I'm expressing some concerns & potential problems with the request in Land use change no 2014.

Changing the use of land from Agr. zoning to Residential use can create a number of problems.

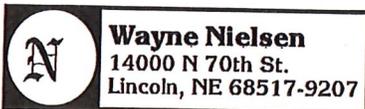

1. providing education when schools are considerable distance from the home. District and owner expense of travel.
2. The use of Agr. land next to the residential area can and does cause conflicts.
3. Residential occupants often demand paved roads, fire and police protection plus some other amenities.
4. Residential areas should be developed next to established residential areas that have services.

This used to be a small cattle seeding farmstead site years ago.

Our family has a farm operation near this site. The farming operation involves a lot of crop spraying. We also contract with the City of Lincoln (since 1992) in spreading Bio-Solids from the treatment plant. Some occupants of houses located within 1/2 mile do not like the odors from this operation. Spraying of our field crops are also a problem.

We try to work out a solution. Sometimes they do not want to cooperate under any circumstance. In that case we just leave a large area of land not covered.

I have served on the City County Planning Comm. and also worked with former Planning Director Doug Dragden years ago in developing an ~~old~~ ^{co.} older City Plan.

Dear Commissioner Flowerday,

Attached is the 2020-2021 budget for the Lancaster County Sheriff's Office. The FY2020-21 budget submitted is 3% (\$428,884) over the FY 2019-20 approved budget. Below are highlights of the proposed operating budget line items that show an increase or decrease deserving explanation.

Areas of change in excess of 10% and/or \$25,000:

Overtime, (61310) \$31,931 (9%) mainly due to two years of salary increases approved by the Board, one of which was overlooked in last year's budget and increased UNL functions which are reimbursed.

Uniforms, (63220) \$15,684 (45%) As we have discussed with the Board during mid-year budget review we adjusted this amount to the actual expenses from the past year.

Medical Supplies (63410) \$1,700 (131%) Mainly to replace Personal Protective Equipment used during the COVID-19 pandemic. Should be reimbursable by FEMA.

Computer Software Maint/Lic, Object Code 64175, \$37,837 (59%) Licenses for our Mobile Data Computers which heretofore was part of LPD's CAD system and paid by the city as well as software costs that were paid with forfeited assets and now transferred to the general budget.

Information Services (64285), increased \$221,495 (167%) A recalculation in the billing from I.S.

G.I.S. (64288) \$15,261 (180%) A recalculation in the billing from I.S.

Cell Phones: \$10,672 (28%) County owned cell phones for investigators/fugitive task force due to defense attorneys subpoenaing cell phones for texts/email information.

Lodging (64715) \$2,731 (23%) and Fares (64720) \$11,500 (62%) we have increased these line items to accurately account for actual travel expenses from previous years due to the increase in prisoner extraditions.

Enrollment Fees and Tuition (65670) \$3,600 (32%) Required for employee training. Equates to \$108 per employee.

Other Operating Supplies (63335) \$4,000 (24%) decrease due to a new line item, Small Hand Tools, 63280, and Minor Equipment 63335 to track these items more efficiently in our inventory.

If you have any questions regarding the submitted FY2020-21 budget, please don't hesitate to contact me.

Sincerely,

INSTRUCTIONS

Completing the Certification Form Compliance with the Equal Employment Opportunity Plan (EEOP) Requirements

The federal regulations implementing the Omnibus Crime Control and Safe Streets Act (Safe Streets Act) of 1968, as amended, require some recipients of financial assistance from the U.S. Department of Justice subject to the statute's administrative provisions to create, keep on file, submit to the Office for Civil Rights (OCR) at the Office of Justice Programs (OJP) for review, and implement an Equal Employment Opportunity Plan (EEOP). See 28 C.F.R. pt. 42, subpt. E. All awards from the Office of Community Oriented Policing Services (COPS) are subject to the EEOP requirements; many awards from OJP, including awards from the Bureau of Justice Assistance (BJA), the Office of Juvenile Justice and Delinquency Prevention (OJJDP), and the Office for Victims of Crime (OVC) are subject to the EEOP requirements; and many awards from the Office on Violence Against Women (OVW) are also subject to the EEOP requirements. If you have any questions as to whether your award from the U.S. Department of Justice is subject to the Safe Streets Act's EEOP requirements, please consult your grant award document, your program manager, or the OCR.

Recipients should complete *either* Section A *or* Section B *or* Section C, not all three. If recipient completes Section A *or* C and sub-grants a single award over \$500,000, in addition, please complete Section D.

Section A

The regulations exempt some recipients from all of the EEOP requirements. Your organization may claim an exemption from all of the EEOP requirements if it meets any of the following criteria: it is a nonprofit organization, an educational institution, a medical institution, or an Indian tribe; *or* it received an award under \$25,000; *or* it has less than fifty employees. To claim the complete exemption from the EEOP requirements, complete Section A.

Section B

Although the regulations require some recipients to create, maintain on file, and implement an EEOP, the regulations allow some recipients to forego submitting the EEOP to the OCR for review. Recipients that (1) are a unit of state or local government, an agency of state or local government, or a private business; *and* (2) have fifty or more employees; *and* (3) have received a single grant award of \$25,000 or more, but less than \$500,000, may claim the limited exemption from the submission requirement by completing Section B. In completing Section B, the recipient should note that the EEOP on file has been prepared within twenty-four months of the date of the most recent grant award.

Section C

Recipients that (1) are a unit of state or local government, an agency of state or local government, or a private business, *and* (2) have fifty or more employees, *and* (3) have received a single grant award of \$500,000 or more, must prepare, maintain on file, *submit to the OCR for review*, and implement an EEOP. Recipients that have submitted an EEOP Utilization Report (or in the process of submitting one) to the OCR, should complete Section C.

Section D

Recipients that (1) receive a single award over \$500,000; *and* (2) subaward a single award of \$500,000 or more must provide a list; including, name, address and DUNS # of each such sub-recipient by completing Section D.

Submission Process

Recipients should download the online Certification Form, complete required sections, have the appropriate official sign it, electronically scan the signed document, and then send the signed document to the following e-mail address: EEOPForms@usdoj.gov. *The document must have the following title: EEOP Certification.* If you have questions about completing or submitting the Certification Form, please contact the Office for Civil Rights, Office of Justice Programs, 810 7th Street, NW, Washington, DC 20531 (Telephone: (202) 307-0690 and TTY: (202) 307-2027).

Policy Statement:

The County of Lancaster, Nebraska, will provide equal employment opportunity to all persons. The Human Resources Office shall develop and maintain a plan which supports equal opportunity in recruitment and selection, job structure, promotion policies, training to improve job performance and upward mobility, and all other related personnel procedures and practices.

Discrimination against any person in recruitment, examination, selection, appointment, rate of pay, promotion and transfer, retention, daily working conditions, testing and training, awards, compensation and benefits, disciplinary measures or any other aspects of employment or personnel administration because of race, color, religion, sex, disability,

national origin, age, marital status, political opinions or affiliations or other unlawful basis is prohibited. Discrimination on the basis of age, sex, or disability is prohibited except where specific age, sex, or physical requirements constitute a bona fide occupational qualification necessary for proper and efficient administration.

Retaliation, intimidation, coercion, or harassment against any applicant for employment or employee who may file a grievance under the County Personnel rules, Union Contracts, or in accordance with existing rights of appeal to appropriate governmental authorities is prohibited.

Lancaster County is committed to complying with all applicable federal and state civil rights laws that pertain to employment.

Employees who answer affirmatively to any of the foregoing questions should be asked to go home and should be directed to contact their personal physician. The employee should not return to work until the employee satisfies the conditions promulgated by the Return to Work Protocol below.

All screening must be performed confidentially, and all information arising from the screening must be kept confidential, in accordance with the Americans with Disabilities Act.

C. Daily Temperature Screening

Upon arrival at work or as close to arrival as possible, the employee shall have his or her temperature taken by his or her supervisor or supervisor’s designee. The employee’s temperature should first be taken with a non-contact thermometer.

The employee shall wear a face covering when having his or her temperature taken. The temperature taker shall wear a face covering, eye protection (goggles or disposable face shield) and disposable gloves. The temperature taker does not need to use new PPE between employees if using a non-contact thermometer and there was no physical contact with the employee. In the event a temperature is rechecked with an oral or tympanic thermometer, the oral or tympanic thermometer shall be disinfected before reuse and the temperature taker shall use a clean pair of disposable gloves.

1. If the employee’s measured temperature is 100.4°F or higher:
 - i. The employee should sit and clear his or her forehead of any hair or coverings for ten minutes.

E. Face Coverings

1. Face coverings shall be worn by all employees when interacting with co-workers, members of the public or in group meetings larger than 2 people. For purposes of this Policy, a face covering shall mean cloth face coverings or masks.
2. The face covering should incorporate the following conditions at a minimum:
 - i. Fit snugly against the side of the face;
 - ii. Be secured with ties or ear loops;
 - iii. Include multiple layers of fabric if made of cloth;
 - iv. Allow for breathing without restriction; and
 - v. Be able to be laundered and machine-dried without damage or change to shape if made of cloth.
3. Face coverings shall be provided by the County; however, employees are free to provide his or her own face coverings provided they meet the conditions stated above in Section E.2.
4. Face coverings shall be appropriate for the workplace and any inappropriate depictions or materials on them will not be allowed.
5. Face coverings are not required in workplaces or worksites where the employee is the only occupant, including but not limited to private offices, cubicles, County vehicles or equipment. Face coverings are also not required in outdoor worksites that maintain adequate physical distance of at least six (6) feet between individuals.

DETERMINATION OF LEVEL OF REVIEW

ERR GRANT# 20-HO-001-LCRLF

Project Name: Lancaster County Housing Program Year: 2020

Project Location: Waverly, Malcolm, Davey, Raymond, Roca, Hickman, Denton, Sprague, Bennett, Firth, Panama, and Hallam, Nebraska.

Project Description (*Attach additional descriptive information, as appropriate to the project, including narrative, maps, photographs, site plans, budgets and other information.*):

Lancaster County, Nebraska (County), is proposing to amend the County's Economic Development Loan Program (Program) for use of Community Development Block Grant (CDBG) Program Income. The Program will be discontinued, ceasing any Economic Development activities.

The County will repurpose the CDBG funds, currently on hand (approximately \$420,000), to establish a County-wide CDBG Owner-Occupied Housing Rehabilitation Program (Housing Program). Any future CDBG funds will be applied toward the Housing Program or be returned to the Nebraska Department of Economic Development.

The County proposes to invest the CDBG funds of approximately \$420,000 (which represents the current RLF balance) as follows: approximately \$333,000 for housing rehabilitation, up to \$39,500 for housing administration, up to \$21,000 for lead-based paint services, and up to \$26,500 for general administration fees. No local match is budgeted for this project. The Housing Program includes the rehabilitation of income-eligible, owner-occupied homes, and will be made available to households located within the municipal boundaries of the communities located within Lancaster County outside of the City of Lincoln. The Housing Program will serve approximately fourteen (14) households. All Housing Program funds will primarily benefit low-to-moderate income persons. No persons will be displaced as a result of these housing activities. Any rehabilitation activities will occur during daytime hours to minimize noise. Rehabilitation practices will be implemented to minimize dust. The proposed housing rehabilitation project is anticipated to be completed within two (2) years.

The subject project has been reviewed pursuant to HUD regulations 24 CFR Part 58, "Environmental Review Procedures for Entities Assuming HUD Environmental Responsibilities," and the following determination with respect to the project is made:

- Exempt** from NEPA review requirements per 24 CFR 58.34(a)(____)
- Categorically Excluded NOT Subject** to §58.5 authorities per 24 CFR 58.35(b)(____)
- Categorically Excluded SUBJECT** to §58.5 authorities per 24 CFR 58.35(a)(____)
(A Statutory Checklist for the §58.5 authorities is attached.)
- An **Environmental Assessment** (EA) is required to be performed. (An Environmental Assessment performed in accordance with subpart E of 24 CFR Part 58 is attached.)
- An **Environmental Impact Statement** (EIS) is required to be performed.

The ERR (see §58.38) must contain all the environmental review documents, public notices and written determinations or environmental findings required by Part 58 as evidence of review, decision making and actions pertaining to a particular project. Include additional information including checklists, studies, analyses and documentation as appropriate.

LANCASTER COUNTY
BOARD

RE: Maintenance Building-Bennet Nebraska

Dear Mr. Flowerday,

Nebraska City Utilities (NCU) was recently informed of the Board's decision to close and possibly sell the maintenance facility that Lancaster County owns in Bennet Nebraska. The site is located at the intersection of Cottonwood and Tyler Street and adjoins one of our electric platform substations. NCU would like to express an interest in acquiring that building site if it becomes available.

NCU is owned by the City of Nebraska City and Bennet is the western most community that NCU provides electrical service to. NCU has been an active partner in the promotion of growth and development for the Bennet community for many years.

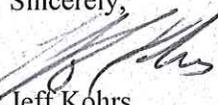

Over the years we have discussed and looked for opportunities to locate a facility in the Bennet area. Having a facility in that area would allow us to store additional material, hardware and equipment. This would in turn help us provide the resources needed to better serve our customers in a more efficient and timely manner.

The maintenance site in Bennet would certainly meet many of our needs. NCU continues to maintain a relationship with the Bennet community, and with our area customers, to provide the best affordable service as possible.

NCU would plan to keep the existing building and make necessary improvements, as needed, to provide good visibility and be a good property owner inside the Bennet city limits.

Please keep us informed of future decisions that your board makes concerning this property. I've included contact information below. Thank you for your consideration.

Sincerely,

Jeff Kohrs

Subject: FW: NRIN Board Election for SE Region Representative

Dave,

I reached out to both but did not receive any resumes from Steve or Carla.

Carla did provide a few additional details listed below.

If I get anything from Steve, I will send it to you right away.

Thank you.

Jim D.

[CAUTION] This email comes from a sender outside your organization.

Hi Jim,

I do not have any kind of prepared document but I can tell you that I have enjoyed my work on the NRIN board. I feel it is very important to have representatives from all aspects of public safety, not just Emergency Managers.

I have been in 911 since November of 2000. I have been on the NRIN board since its inception. I am very active on the board and have participated in several conferences as the NRIN representative. I have just completed the invoices for the billing for NRIN.

I enjoy the other board members and would like to keep my position on the board. I feel that the last three years efforts would be lost if a new representative has to start all over with knowledge and relationships.

Thank you so much,

Carla Zarybnicky.

Carla and Steve,

The Lancaster County Board of Commissioners plans to review the nominations for the SE Region's NRIN Board representative next week.

The commissioners asked if you have a resume or other biographical information you could provide to help them make an informed decision.

If you have something to share, please send it to me and I will forward it to my board.
