Interests & Experiences

Please tell us about yourself and why you want to serve.

Why are you interested in serving on a board or commission?

I have been a member of the Armenian/Russian speaking community in Nebraska for 30 years. Through my various work experience as a translator and a Family Advocate, I have helped many with their various needs throughout this time. These include medical translation, providing general and specific knowledge about the programs available to them,, and assisting them in filling out paperwork for these various programs. As an immigrant myself and going through the process of reaching the American dream, I understand the process and have been determined to ensure the process is as easy as I can make it for all those I serve. Now I want help these individuals in a different way by bringing my knowledge and experience to these boards.
