Valued Diamond Vogel Architectural Coatings Customers,

The year 2022 has been one of the most challenging for the paint and coatings industry. The inflation of raw material costs continues to impact every aspect of manufacturing our products. Both demands for raw materials, our supplier's ability to deliver them, and greater demand for coatings in the market continue to raise our prices.

Despite significant efforts to mitigate these rising costs, we now have reached a point where we must counteract these dramatic and unrelenting costs. As a result, a price increase of 10% on Architectural products will go into effect for our North American customers on October 4, 2022. Our High Performance products are not included in this increase.

We understand these increases are difficult. However, this adjustment is needed to continue our mission to deliver the best products for the best value to you and your customers.

Thank you for being a loyal customer and for supporting Diamond Vogel. We continue to work diligently to give you the great products you deserve. Your local Diamond Vogel Architectural Coatings Representative will contact you soon to update the product pricing specific to your business.

Sincerely,

Jeff Powell
