Strategic Planning Project

**Deliverable Acceptance Form (DAF)**

**Deliverable:** Environmental Scan and SWOT Analysis

**Deliverable Description:** This deliverable includes review of County documentation, demographic and economic data, programs and partnerships, results from Social Pinpoint site and the employee survey, and the documented outcomes of interviews and focus groups with County leadership and external stakeholders. The environmental scan represents the integration of all quantitative and qualitative information gathered during Phase 2 of the project and is presented in a slide deck to inform Community Forums and plan development with the County Board and County executive leadership.
