Reviewed Trainings Calendar:

- Amber & Lacey was recorded & will have a link available soon.
- Family Engagement training with Luke Bossard went well. Jenni will send-out the post-training survey.
- Push Out – we have the books & the video. Want to do a screening in person, we will plan for some time in April in the Chambers. Sara will check with Karen on a date.
- Cheryl Turner, Resiliency training – Sara will connect with her about doing something in March or April on a Wednesday or Friday morning.
 - Sara also found a curriculum from WhyTry that might be good. She learned about it on her visit to Operation Peacekeeper in Stockton, CA and is waiting to hear back.
 - WhyTry was very supplies heavy (duffel bags full of materials). Want to know if this one is as well.
 - Will aim for something in June.
- Healthy, Wealthy, & Wise might fit with Life Skills. Sara contacted NCJR about the curriculum and is waiting to hear back.
- Race & Culture specific training – Steve will connect with Matt & Ishma. Push this to May.
- Life Skills – no update
- County Attorney Training – we received a grant in Oct 2019 and still have about \$200,000 to train attorneys statewide. NJJA has stepped up to host a training. Let us know if you have any topics that would be good.

Do we want to start considering next fiscal year topics?

- We could send out a survey providing some ideas & offer an open-ended question.
- Can list what we've already done.
- Social media & mental health (Joe Beckman is the keynote at NJJA)
 - Being safe online
 - Setting boundaries

Let us know if you have staff funded through CBA that you want to send to Heartland or NJJA.

Next Meeting: TBD (early May)
