INDEPENDENT AUDITOR'S REPORT

Board of Commissioners
Lancaster County, Nebraska

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Lancaster County, Nebraska (County), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, each major fund, and aggregate remaining fund information of the County as of June 30, 2015, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information as listed on the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining statements and schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133 *Audits of States, Local Governments, and Non-Profit Organizations* are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 27, 2016 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities Year Ended June 30, 2015

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances -- total governmental funds	\$	4,728,144
<p>Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which assets capitalized exceeded the amount of depreciation expense in the current period.</p>		
Depreciation expense		(7,483,632)
Capital assets capitalized		6,187,006
		(1,296,626)
<p>Contributions of capital assets are reported as capital contributions in the statement of activities.</p>		
		1,543,258
<p>In the statement of activities, the gain or loss from the disposal of capital assets is reported, whereas in the governmental funds, only any proceeds from the disposal increase financial resources. Thus, the change in net position differs from the change in fund balances by the cost of capital assets disposed.</p>		
		(1,459,632)
<p>Governmental funds recognize property tax revenues as revenues when received within 60 days of the end of the fiscal year. However, in the statement of activities, property tax revenues are recognized based on the total taxes levied. This is the amount of property tax revenues due to the County but not collected within 60 days of the fiscal year end.</p>		
		(131,506)
<p>Capital lease proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position.</p>		
		(8,250,000)
<p>Refunding of capital lease liabilities resulted in a gain recognized as revenue in the governmental funds but deferred on the statement of net position.</p>		
		(2,095,000)
<p>The amortization of bond premiums, discounts and deferred refundings affects the long term liabilities and deferred inflows of resources in the statement of net position, but does not provide current financial resources to the governmental funds.</p>		
		130,862
<p>Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.</p>		
Bonds payable		3,015,000
Capital lease		12,219,000
		15,234,000
<p>In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due.</p>		
		6,542
<p>In the statement of activities, compensated absences are measured by the amounts earned during the year. In the governmental funds, however, expenditures for this item are measured by the amount of financial resources used (essentially, the amounts actually paid). This year, the following difference was noted:</p>		
Compensated absences paid were less than benefits earned		(142,026)
<p>Internal service funds are used by the County to charge costs of certain activities to individual funds. The activities of the internal service funds are included in government activities in the statement of activities.</p>

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of the significant accounting policies of Lancaster County, Nebraska (the County), is presented to assist in understanding the County's financial statements. The financial statements and notes are representations of the County's management who are responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Organization and Principal Activity

The County is a governmental entity established by the laws of the State of Nebraska. The County is a political subdivision of the State of Nebraska and is governed by a five member Board of Commissioners elected by the citizens of Lancaster County, Nebraska. The County's responsibilities include general social welfare; operation of a County mental health crisis center; corrections; youth center; maintenance of streets and highways not within any incorporated city, village, or sanitary and improvement district; legal court-related activities; licensing, recording, and assessment of real property; tax collection for all Nebraska public entities within the County; conducting elections; and law enforcement.

Reporting Entity

The accompanying financial statements present the County (the primary government) and its component units, entities for which the government is considered to be financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government.

The accompanying financial statements include the transactions of the County's primary government and a blended component unit, as discussed below.

Blended Component Unit - The Lancaster County Correctional Facility Joint Public Agency (JPA) was created pursuant to the Joint Public Agency Act and a Joint Public Agency Agreement dated September 9, 2008 between the County and the City of Lincoln. The JPA was created for the purpose of financing the construction, equipping and furnishing of new correctional facilities on land owned by the County and leased to the JPA pursuant to a Site Lease dated February 5, 2009, between the JPA and the County. The JPA will own the correctional facilities until the bonds are no longer outstanding, at which time the JPA will transfer ownership to the County. The County will operate and maintain the correctional facilities pursuant to a Facilities Agreement dated February 5, 2009 between the County and the JPA. The JPA is governed by a four-member board consisting of the Chair and Vice Chair of the Lancaster County Board of Commissioners, the Mayor of Lincoln, and the Chair of the Lincoln City Council.

Although legally separate from the County, the JPA is reported as a blended component of the County because its sole purpose is to finance the construction and equipping of new correctional facilities for the benefit of the County. As noted above, the County operates and maintains the facilities, and will receive title to the facilities upon repayment of 100% of the bonds issued to finance construction.

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Separate audited financial statements of the JPA may be obtained from the Lancaster County Budget & Fiscal Office, 555 South 10th Street, Suite 110, Lincoln, NE 68508.

Joint Ventures

The County has entered into two multi-governmental arrangements creating two entities that are governed by representatives from each of the participating governments. These entities are considered to be joint ventures. The County does not have an ongoing financial interest (equity interest); therefore, these joint ventures are not included in the financial statements of the County.

Lincoln-Lancaster County Public Building Commission - In 1990, the City of Lincoln, Nebraska (the City) and the County, pursuant to State Statute, activated a separate governmental entity designated as the Lincoln-Lancaster County Public Building Commission (the Commission). The purpose of this joint venture is to design, acquire, construct, maintain, operate, improve, remodel, remove and reconstruct, so long as its corporate existence continues, public buildings, structures, or facilities for use jointly by the City and the County. The City and the County each appoint two members to the five-member Commission, with the fifth member being appointed by the other four members. All property held or acquired by the Commission is held or acquired in the name of the City and the County for use by the Commission in its corporate capacity. The Commission's costs of operation and debt service are funded through rental payments made by the City and the County based upon their proportionate occupancy of such buildings to the extent not covered by a maximum property tax levy of 1.7 cents for each \$100 of actual valuation of taxable property in the County. (See also Note 4).

Separate audited financial statements of the Commission may be obtained at the Lincoln-Lancaster County Public Building Commission, 920 "0" Street, Room 203, Lincoln, Nebraska 68508.

Lancaster County Fairgrounds Joint Public Agency - The Lancaster County Fairgrounds Joint Public Agency (the Agency) was established to acquire land and construct capital improvements thereon for the establishment and expansion of the Lancaster County Fairgrounds. The Agency is not accumulating significant financial resources and is not experiencing fiscal stress that could cause an additional financial benefit or burden to the County. The Board consists of five representatives, of whom the Lancaster County Agricultural Society (the Society) appoints three and the County appoints two.

Separate audited financial statements of the Agency may be obtained from the Lancaster County Agricultural Society, 4100 North 84th Street, Lincoln, Nebraska 68508.

Basis of Presentation

Government-Wide Financial Statements - The government-wide financial statements (the statement of net position and statement of activities) report information on all the non-fiduciary activities of the primary government and its component units. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Fund Financial Statements - Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts. Funds are organized into three major categories: governmental, proprietary, and fiduciary.

Certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported as gross amounts as transfers in / out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements.

An emphasis is placed on major funds within the governmental and proprietary categories. Major individual governmental funds are reported as separate columns in the fund financial statements as applicable. All remaining governmental fund are aggregated and reported as nonmajor funds.

Major fund reporting requirements do not apply to internal service funds. The combined totals for all internal service funds are reported separately in a single column on the face of the proprietary fund financial statements.

The County reports the following major governmental funds:

General Fund. The general fund is the County's main operating fund. The general fund is used to account for all activities of the County not included in other specified funds. The general fund accounts for the normal recurring activities of the County (general government, public safety, health services, community services, etc.). These activities are funded primarily by tax revenues.

Highway Fund. The highway fund is a capital project fund. It accounts for repairs and improvements made to County highways.

LANCASTER COUNTY, NEBRASKA

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Additionally, the government reports the following fund types:

Special Revenue Funds account for the proceeds of specific revenue sources (other than for major capital projects) that legally restrict expenditures for specified purposes.

Capital Projects Funds account for financial resources to be used for the acquisition or construction of major capital facilities or improvements.

The *Debt Service Fund* is used to account for the accumulation of resources that are restricted, committed, or assigned for the payment of principal and interest on long-term obligations of governmental funds.

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the County or to other governmental units on a cost-reimbursement basis. For the County, this includes risk management services, for workers' compensation, general liability and health insurance.

Employee Benefit Trust Funds include the pension trust fund and other postemployment benefit trust fund, which are used to report resources that are required to be held in trust for the members and beneficiaries of the County's defined contribution retirement plan, and defined contribution postemployment health plan, respectively.

Agency Funds are used to report resources held by the County in a purely custodial capacity, for tax collections and related distributions to other governments, as well as other amounts held for remittance to individuals, private organizations, or other governments.

Measurement Focus / Basis of Accounting

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when the related payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

LANCASTER COUNTY, NEBRASKA

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property taxes associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period, except to the extent amounts are not collected within 60 days of the end of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Charges for services to patients are recognized at the date the service is provided, net of estimated uncollectible amounts. All other revenue items are considered to be measurable and available only when cash is received by the government.

The proprietary, pension and other postemployment benefit trust fund financial statements are accounted for using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recognized when earned and expenses are recognized when incurred, regardless of the timing of the related cash flows. The agency funds have no measurement focus, but utilize the *accrual basis of accounting* for reporting assets and liabilities.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the internal service funds are charges to governmental agencies for services provided. Operating expenses include the cost of services, and administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Cash and Cash Equivalents

For financial statement purposes, all highly liquid investments with original maturities of three months or less, are considered cash equivalents.

Investments

Investments for the government are recorded at fair value. The County's investment policy allows investments as authorized by Nebraska State Statute 77-2387, which includes U.S. government obligations and short-term interest bearing investments consisting of certificates of deposit and other income producing securities. It is also the County's policy to report interest earned but not received in a separate account from the principal.

Patient and Insurance Receivables / Due from Other Government Agencies

Due from other government agencies consists of a variety of amounts due from federal or state agencies, or other local municipalities and agencies. Patient and insurance receivables consist of amounts billed for services provided by the Community Mental Health Center. Such receivables are recorded net of contractual adjustments made upon payment. Additionally, patient and insurance receivables are shown net of an allowance for doubtful accounts, estimated based on historical collection trends, a patient's credit history and current economic conditions.

LANCASTER COUNTY, NEBRASKA

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Taxes Receivable

Taxes receivable are all considered collectible by management. Based on prior experience with receipt of taxes, no allowance for doubtful accounts has been provided related to taxes receivable. Tax amounts not received within 60 days after year-end are recorded as deferred inflows of resources on the balance sheet of the governmental fund financial statements.

Capital Assets and Depreciation

Capital assets are those assets which have been acquired for general government purposes. Capital assets are recorded at historical cost or estimated replacement cost if actual historical cost is not known. Contributed assets, including those from the federal government, are recorded at estimated fair value on the date received. The County's capitalization threshold for equipment, buildings, and infrastructure is \$5,000. Infrastructure assets include roads, bridges, and culverts. Depreciation is calculated using the straight-line method with a mid-month convention.

The estimated useful lives for capital assets are as follows:

	Years
Land improvements	20 - 50
Buildings	25 - 50
Machinery and equipment	5 - 20
Vehicles	8
Infrastructure	20 - 50

The County determined historical infrastructure costs by reference to historical records or by appraisal. Current cost is adjusted for the price change from the date of construction or acquisition to the current date.

Deferred Inflows of Resources / Deferred Outflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The County does not have any items that qualify for reporting in this category.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. The separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The government has two types of items, unavailable revenue and deferred amounts on refunding, which qualify for reporting in this category. Unavailable revenue, which arises only under a modified accrual basis of accounting, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes. This amount is deferred and recognized as an inflow of resources in the period that the amount becomes available. Deferred amounts on refunding, which is reported only in the government-wide statement of net position, results from the difference in the carrying value of the refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

LANCASTER COUNTY, NEBRASKA

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Compensated Absences

It is the County's policy to permit employees to earn annual vacation and sick leave at various rates during their period of employment. In the event of termination, an employee is reimbursed for accumulated vacation time up to a maximum carryover of 240 hours. Employees do not receive payment of unused sick leave upon termination of employment except for retirement, death, or if the employee has 15 years of service and has in excess of 1,000 hours of extended sick leave.

Net Position

In the government-wide financial statement, net position represents the difference between total assets and total liabilities.

Net investment in capital assets - Consists of capital assets net of accumulated depreciation and net of outstanding balances of any debt used to finance those assets, such as capital leases and bonds.

Restricted net position - Consists of net position with constraints placed on their use by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or (2) law through constitutional provisions or enabling legislation.

Unrestricted net position - Consists of amounts that do not meet the definition of either net investment in capital assets or restricted net position.

Fund Balance

As prescribed by GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, fund balance classifications are based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. Fund balances are classified as follows:

Nonspendable fund balance - Assets legally or contractually required to be maintained or are not in spendable form, such as fund balance associated with inventories, prepaids, long-term loans and notes receivable, and property held for resale (unless the proceeds are restricted, committed, or assigned).

Restricted fund balance - Amount that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

Committed fund balance - Amounts that can be used only for the specific purposes determined by a formal action of the Board of Commissioners (the County's highest level of decision-making authority).

Assigned fund balance - Amounts that are intended to be used by the government for specific purposes but do not meet the criteria to be classified as restricted or committed. Intent is expressed by (1) The County Board of Commissioners or (2) a body or official to whom that has been given the authority to assign fund balance. The Board has delegated authority to the Lancaster County Budget and Fiscal officer to assign amounts to be used for specific purpose as prescribed by the County's Fund Balance Policy.

LANCASTER COUNTY, NEBRASKA

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Unassigned fund balance - The residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications.

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. The County considers restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Property Taxes

Based on the valuation as of January 1, property taxes are levied by the County Board on or before October 15 of each year for all political subdivisions in the County. Real estate and personal property taxes are due December 31 of the year in which the property is appraised. One-half of the taxes become delinquent April 1 and August 1 of the following year.

Counties are permitted by the State Constitution to levy a tax up to \$.50 per \$100 of assessed valuation for general governmental services other than the payment of principal and interest on bonded debt. They may levy taxes in addition to the \$.50 limitation upon a vote of the people. The tax levy remained below the \$.50 limitation for 2015.

Also, \$.05 of the \$.50 limit may only be levied to provide services offered jointly with another government under an inter-local agreement. The County may share \$.15 of its levy authority with rural fire districts and other political subdivisions no longer having any levy authority.

Additionally, the legislature, as part of a property tax relief package, prohibited counties from adopting a budget containing "restricted funds" which are greater than 2.5% of the prior year budgeted restricted funds, plus the percentage change in valuation increase attributable to new construction and additions to buildings in excess of 2.5%. Restricted funds include property taxes, payments in-lieu-of taxes, and state aid less amounts budgeted for capital improvements and bonded indebtedness.

Budgets and Budgetary Accounting

The County follows the procedures described below in establishing the budgetary data reflected in the County's financial statements in accordance with the statutory requirements of the Nebraska Budget Act.

On or before August 1, the County Board of Commissioners prepares and transmits a budget for the County showing the projected requirements, outstanding warrants, operating reserve, cash on hand at the close of the preceding fiscal year, projected revenue collected from sources other than property tax and amount to be raised by property taxation.

LANCASTER COUNTY, NEBRASKA

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The budget is prepared on the modified cash basis of accounting, which includes cash receipts and disbursements, modified for encumbrances. Encumbrances, as described below, are also reflected as expenditures for budgetary purposes. At least one public hearing must be held by the County Board of Commissioners.

On or before September 20 each year, the County Board of Commissioners, after the action of the State Board of Equalization and Assessment has been certified to the County Clerk, the budget, as revised, is adopted and the amounts provided therein are appropriated.

Encumbrances, which are purchase orders, contracts, and other commitments for the expenditures of funds, are recorded for budgetary purposes as expenditures in order to reserve that portion of the applicable appropriation. At the end of each budget period, unencumbered, unexpended appropriations lapse. Appropriations in the governmental fund types are charges for encumbrances when commitments are made.

Use of Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates employed.

2. CASH AND INVESTMENTS

Pooled Cash and Investments

The County has pooled cash resources of the various funds for investment purposes. Each fund's portion of total cash and investments is summarized by fund type on the combining balance sheets. Interest earned on pooled funds, except for interest earned on the pension trust, is credited to the County General Fund in accordance with Nebraska State Statute Section 77-2315, R.R.S. 1943.

Custodial credit risk, deposits. In the case of deposits, this is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The County's policy requires compliance with the provisions of state law. The Public Funds Deposit Security Act, State Statute Sections 77-2386 to 77-23,106, requires banks either to give bonds or to pledge government securities (types of which are specifically identified in the statutes) to the County Treasurer in the amount of the County's deposits. The statutes allow pledged securities to be reduced by the amount of the deposits insured by the Federal Deposit Insurance Corporation (FDIC).

At June 30, 2015, the bank balance of the County's pooled cash deposits, including certificates of deposit, amounted to \$26,314,201. All deposit balances were covered by FDIC insurance, or pledged collateral held by the County's agent in the County's name.

LANCASTER COUNTY, NEBRASKA

NOTES TO FINANCIAL STATEMENTS

2. CASH AND INVESTMENTS (CONTINUED)

Custodial credit risk, investments. For an investment, this is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

At June 30, 2015, the County held the following investments:

Investment Type	Maturities	Fair Value
Insured Sweep Accounts	N/A	\$ 41,892,182
Money markets	N/A	13,234,183
Total investments		<u>\$ 55,126,365</u>

Interest rate risk. This is the risk that changes in interest rates will adversely affect the fair value of an investment. In accordance with State law and its investment policy, the County manages its exposure to declines in fair values by changes in interest rates by limiting all investments to maturities of two years or less.

Credit risk. This is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State law and internal policies limit the types of investments the County may make, as described previously.

Concentration of credit risk. This is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The County's investment policy places no limits on the amount the County may invest in any one issuer.

Pooled deposits and investments at June 30, 2015 appear in the financial statements as summarized below:

Carrying amount of deposits	\$ 27,972,365
Carrying amount of investments	55,126,365
Total	<u>\$ 83,098,730</u>
Cash, including investments - governmental funds balance sheet	\$ 41,792,038
Cash, including investments - internal service funds, statement of net position	<u>6,241,784</u>
Cash, including investments - governmental activities, statement of net position	48,033,822
Cash, including investments - agency funds	<u>35,064,908</u>
Total	<u>\$ 83,098,730</u>

LANCASTER COUNTY, NEBRASKA

NOTES TO FINANCIAL STATEMENTS

2. CASH AND INVESTMENTS (CONTINUED)

Pension Trust Fund Investments

The pension program operates in compliance with all state and federal statutes, particularly Nebraska State Statute 30-3209. County pension funds are invested according to a plan developed and reviewed annually by the County. The plan defines the purposes of the assets, identifies the parties responsible for managing the investment process, establishes both broad and specific written guidelines for the investment of the fund's assets, and establishes criteria to monitor and evaluate the performance of the investment managers.

The plan authorizes investments in a variety of funds, which include investments in: stable value funds, domestic and foreign common and preferred stocks, corporate bonds, cash-equivalent securities, certificates of deposits of insured institutions, money market funds, and government bonds. They can be in mutual funds or privately managed accounts. Investments in the employees' retirement system are valued at fair value.

At June 30, 2015, the investments in the employees' retirement system were as follows:

Investment Type	Fair Value	Concentration
Stable value fund (fixed income)	\$ 39,485,442	31.62%
Fixed income	9,284,579	7.43%
Mutual funds - domestic equities	50,255,943	40.23%
Mutual funds - international equities	19,878,869	15.91%
Mutual funds - balanced funds	3,240,554	2.59%
Variable annuity	2,778,105	2.22%
Total	<u>\$ 124,923,492</u>	<u>100.00%</u>

Concentration of credit risk. There are fixed income securities guidelines: Maximum of 2% of any single corporate issuer and 5% for other issuers; no limit on fixed income treasury or agency issues of the U.S. government.

Credit risk. Credit risk is the risk that an issuer of an investment will not fulfill its obligations. While the plan does not have a policy specific to credit risk of fixed income funds, the investment policy requires that all funds be benchmarked against a relevant index, with performance of the fund measured at least annually in the context of rolling three-year periods for the trailing five-year period. As of June 30, 2015, the fixed income funds of the plan held investments with credit ratings ranging from AAA to B, with approximately 52% and 87% in AAA securities.

Interest rate risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. While the plan does not have a policy specific to interest rate risk for fixed income funds, investment performance is measured at least annually, as described above. As of June 30, 2015, the fixed income funds of the plan had effective durations of 6.0 years and 5.33 years.

Other Postemployment Benefit Trust Fund Investments

The other postemployment benefit (OPEB) trust operates in compliance with all state and federal statutes, particularly Nebraska State Statute 23-1118. County funds are invested according to a plan developed and reviewed annually by the County.

As of June 30, 2015, 91% of the trust's investments were in a balanced mutual fund, which in turn invests in a combination of stocks, bonds, and money markets, generally reflecting a moderate to conservative orientation. The overall credit quality of fixed income securities in the fund ranged from AAA to B, with approximately 55% in AAA securities, and 17% in AA or A securities.

3. CAPITAL ASSETS

The changes in capital assets designated for the operation of the County for the year ended June 30, 2015 are as follows:

	Balance June 30, 2014	Additions	Deletions	Balance June 30, 2015
Non-depreciable assets:				
Land	\$ 10,745,601	\$ 101,045	\$ --	\$ 10,846,646

Prior Period Adjustment. During 2015, the County determined their proportionate share on certain Public Building Commission capital leases was not allocated correctly. This correction resulted in a net increase to net position of \$1,058,500.

Generally, compensated absences are liquidated by the fund where each employee’s regular salary is charged (primarily the General Fund and various special revenue funds).

Bonds Payable

County. \$4,640,000 Limited Tax Building Bonds, Series 2004, were issued on June 30, 2004, payable in scheduled semiannual installments including principal amounts ranging from \$320,000 to \$610,000 plus interest, due on May 1 and November 1, commencing November 1, 2005, with interest ranging from 3.20% to 4.00%, final payment was made on November 1, 2014.

JPA. \$64,390,000 Limited Tax General Obligation Bonds, Series 2009, were issued on February 12, 2009, with interest payable in scheduled semiannual installments due annually on June 1 and December 1, and with principal amounts payable annually on December 1, ranging from \$2,390,000 to \$4,670,000, commencing June 1, 2009, with interest rates ranging from 1.00% to 5.00%, final payment due December 1, 2028.

Capital Leases Payable

Public Building Commission. The Public Building Commission (PBC) has assisted in the financing of buildings and facilities for Lancaster County and the City of Lincoln through the issuance of revenue bonds and by entering into lease agreements with the Board of County Commissioners and the City Council. This includes leases for the City / County Building, the 233 Building, the K Street Power Plant, the Justice and Law Enforcement Building, the 9th and J Building, Downtown Senior Center, Health Department Building, Courthouse Plaza, Northeast Senior Center, Benesch Building, and the 27th Street Police Building.

4. LONG-TERM LIABILITIES (CONTINUED)

The PBC uses the premises for the purpose of providing space to the County and City departments, agencies and functions. The PBC is responsible for furnishing services, including heat, water, electricity, air conditioning, elevator service, cleaning services and maintenance and repair to the City and County departments inhabiting the space. The costs to the PBC are funded through charges to the inhabitants based upon the number of square feet of space allocated annually, as outlined in the respective lease agreements with the City and County. The amount charged to the inhabitants is based on total expenditures incurred in the previous year. These charges are then allocated based on square footage held by the inhabitant. This is done each year.

In January 2015, the PBC issued Series 2015 refunding bonds to currently refund certain maturities of its Series 2004 and Series 2005 bonds. As a result, the County recognized a refunding of a portion of its capital lease payable to the PBC. The County's proportionate share of the refunding resulted in a new capital lease of \$8,250,000. Additionally, the Series 2015 bond proceeds were used to refund \$10,345,000 of capital leases, resulting in a refunding gain to the County of \$2,095,000.

As of June 30, 2015, the PBC has bonds outstanding of \$26,635,000 attributable to several revenue bond issues, proceeds of which were used to acquire, construct and/or renovate certain buildings occupied by the City and County. The County's proportionate share of such buildings is recorded as capital assets, and the corresponding debt is recorded as a capital lease in the County's financial statements. The leases for the buildings continue until the related bonds have been fully paid and are no longer outstanding. The bonds have final maturity dates ranging from fiscal 2025 to 2030.

City of Lincoln VOIP. The County entered into a sublease agreement with the City of Lincoln for the acquisition, installation and implementation of certain voice over internet protocol (VOIP) communication equipment. Such lease qualifies as a capital lease, and includes a final maturity of May 1, 2016.

Principal and interest requirements to maturity on capital lease obligations and bonds outstanding at June 30, 2015 are as follows:

5. INTERFUND TRANSFERS

A summary of interfund transfers is as follows:

	Transfers in				Total
	General fund	Capital Project Highway fund	Other governmental funds	Internal service funds	
<u>Transfers out</u>					
General fund	\$ --	\$ 279,117	\$ 7,141,408	\$ 100,000	\$ 7,520,525

Interfund transfers reflect the flow of resources from one fund to another fund, generally from the fund in which the resources are received or reside, to the fund in which the resources will be expended. During the year ended June 30, 2015, the most significant transfer was \$6,246,436 from the General Fund to the Bridge and Special Road Fund for budgeted capital projects.

6. DEFICIT FUND EQUITY

At June 30, 2015, the Workers' Compensation fund had a deficit of \$1,043,427, which will be recovered from future internal charges to the County's other funds.

7. POST-EMPLOYMENT BENEFITS

Post-Employment Health Plans

Plan Description. The Board of Commissioners has adopted the provisions of Section 23-1118, R.R.S. 1943, a Nebraska State Statute, which provides any county having a population of more than 100,000 inhabitants the authority to provide retirement benefits to its employees and establish a defined contribution retirement plan. All eligible employees of Lancaster County have historically been covered under the County's retirement plans: Lancaster County Nebraska CB PEHP and Lancaster County Nebraska Non-CB PEHP, as administered by Nationwide Retirement Solutions. Separate actuarial valuations of the plans' assets are not performed for the individual participating entities.

During fiscal 2013, the County adopted a resolution to transition from Nationwide Retirement Solutions to another provider, International City Management Association Retirement Corporation (ICMA-RC) for certain eligible employees as described below. In connection therewith, a new trust was created for the Lancaster County Post-Employment Health Plan, which provides for the County to act as trustee and administrator for the plan, resulting in the County having ongoing managerial responsibility for the plan. This new trust covers benefits for eligible employees not within a bargaining unit, and eligible employees within certain bargaining units that elected to join the new plan. Eligible employees under certain other bargaining units are still covered by the plans administered by Nationwide Retirement Solutions discussed in the first paragraph above.

LANCASTER COUNTY, NEBRASKA

NOTES TO FINANCIAL STATEMENTS

7. POST-EMPLOYMENT BENEFITS (CONTINUED)

Due to the structure of the new ICMA-RC trust, the trust qualifies as an employee benefit trust fund, and is reported as a fiduciary fund of the County. The plan and trust administered by Nationwide Retirement Solutions does not qualify as an employee benefit trust fund, and therefore is not reported within the County's financial statements.

At June 30, 2015, membership in the plans totaled 1,849 (includes active members, plus retirees receiving benefits).

Funding Policy. The County sets aside \$25 per pay period for each eligible employee. Employees are not required to contribute to the plans. Contributions to these retirement plans by the County on behalf of the participating employees amounted to \$756,330 for the year ended June 30, 2015.

Defined Contribution Retirement Pension Plan

The Lancaster County, Nebraska Employees Retirement Plan is a single-employer defined contribution plan administered by the County. The Plan does not issue a stand-alone audited financial report.

Summary of Significant Accounting Policies and Plan Asset Matters

Basis of Accounting. The Plan's financial statements (as reported in the Pension Trust Fund) are prepared using the accrual basis of accounting. Employer contributions are recognized in the period in which the contributions are due and payable in accordance with the terms of the Plan. Benefits are recognized when due and payable in accordance with the terms of the plan.

Method Used to Value Investments. Investments are reported at fair value based on quoted market prices. Investments that do not have an established market are reported at their estimated fair value.

Plan Description and Contribution Information

Plan Description. The Plan is intended to qualify as a money purchase pension plan under Code Section 401(a). The pension program operates in compliance with all state and federal statutes, particularly Nebraska State Statute 30-3209. The County's pension funds are invested according to a plan developed and reviewed annually by the County. The plan defines the purposes of the assets, identifies the parties responsible for managing the investment process, establishes both broad and specific written guidelines for the investment of fund's assets, and establishes criteria to monitor and evaluate the performance of the investment managers. For additional information on the plan's investments, see Note 2.

The plan automatically covers substantially all permanent employees who have attained age 25 and completed one year of continuous service. Upon attaining age 21 and after completing six months of continuous service, employees may voluntarily enter the plan. The employee has the choice of whether or not to participate in the plan if the employee has attained age 55 prior to the date of employment. As of June 30, 2015, membership totaled 1,153.

NOTES TO FINANCIAL STATEMENTS

7. POST-EMPLOYMENT BENEFITS (CONTINUED)

Funding Policy. For all participants employed by the County prior to July 1, 2012, the County is required to contribute 150% of each participant's mandatory contribution. The participant's mandatory contribution is 5.2% of the participant's salary. Effective July 1, 2012, the County's required contribution for participants covered by a collective bargaining agreement and who were hired on or after July 1, 2012 shall be determined in accordance with the applicable collective bargaining agreement. The County's required contribution for participants who are not covered by a collective bargaining agreement and who were hired on or after December 25, 2014 is 100% of each participant's mandatory contribution. The combined contributions cannot exceed 13% of earned income.

The employees' and employer's contributions are maintained in separate accounts. The employee account is always fully vested. The employer account vests at 20% per year for year three through seven in the plans. Several different payment options, based upon the full accumulated value of participant contributions and the vested portion of employer contributions, are available to the participant upon death, disability, early retirement at age 50, or normal retirement at age 55, with ten consecutive years of participation in the plans.

Employer and plan member contributions are recognized in the period that the contributions are due. Total employer contributions were \$3,406,251 and total employee contributions were \$2,329,823 for the year ended June 30, 2015.

8. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts: theft of, damage to, or destruction of assets; errors or omissions; injuries to employees, and natural disasters. These risks of loss are covered by various commercial insurance policies (with various deductibles) with the exception of workers' compensation, general liability, and group health insurance.

NOTES TO FINANCIAL STATEMENTS

8. RISK MANAGEMENT (CONTINUED)

Workers' Compensation and General Liability. The County has established the Workers' Compensation Loss Fund and Other Self-Insurance Loss Fund (internal service funds) to account for and finance a portion of its uninsured risks of loss. The County is self-insured up to \$900,000 per occurrence for workers' compensation risks and up to \$250,000 per occurrence for general liability risks. The self-insurance programs are administered by the Workers' Compensation and Risk Management Manager. Settled claims have not exceeded commercial coverage in any of the last three years. Commercial insurance covers the excess of the self-insured amount to a maximum of \$2,000,000 for employers' liability and \$4,750,000 for general liability.

The County utilizes the services of an actuary to prepare an analysis of the self-insured workers' compensation and general liability risks. The analysis is used to assist the County with its financial planning, budgeting, and management of the self-insurance programs.

The programs are funded on a cash basis with annual premiums charged to all governmental fund types, except Lancaster Manor Fund, based on past experience of incurred losses and remitted to the Workers' Compensation Loss and Self-Insurance Funds. Settled claims have not exceeded commercial coverage for the last three years.

Health. The County has established the Group Insurance Fund (internal service fund) to account for and finance a portion of its uninsured risk of loss. Health, prescription and dental benefits are provided through a self-funded program to County employees and all eligible dependents. The County is self-insured up to \$200,000 per individual claim.

Changes in the claims liabilities during the past two years are as follows:

	<u>Workers' Compensation</u>	<u>Other Self Insurance Loss</u>	<u>Group Insurance</u>

9. COMMITMENTS AND CONTINGENT LIABILITIES

Litigation. Several claims were filed against the County relating to several wrongful death lawsuits, injuries, and medical expenses. In management's opinion, it is premature at this time to determine the likelihood of an unfavorable outcome or the range of potential loss on these claims.

LANCASTER COUNTY, NEBRASKA

NOTES TO FINANCIAL STATEMENTS

9. COMMITMENTS AND CONTINGENT LIABILITIES (CONTINUED)

Lancaster Manor. The Lancaster Manor (a special revenue fund of the County) is not part of the Workers' Compensation Loss Fund and pays its claims on a cash basis. The County was liable for all claims incurred through December 31, 2009. When Lancaster Manor Rehabilitation Center, LLC assumed operation of the Lancaster Manor on January 1, 2010, they became responsible for any claims filed from that date forward. As of December 31, 2009, the Lancaster Manor had no liability related to contingent liabilities. The County has not set aside funds to cover this estimated liability and will pay any claims as they come due. For claims deemed probable or certain, no liability could be estimated.

West Haymarket Joint Public Agency. During fiscal 2012, the County Board approved a grant contract with the West Haymarket Joint Public Agency to provide funding for various projects in the West Haymarket area. The terms of grant contract provided for an initial \$1,000,000 to be paid upon the execution of a contract with an arena manager and up to \$500,000 annually for a period of five years thereafter. The County Board will evaluate and determine the amount of future payments, up to \$500,000 annually, to the West Haymarket Joint Public Agency on an annual basis. In 2015, the County Board approved payments of \$500,000 to the West Haymarket Joint Public Agency. As of June 30, 2015, \$125,000 was recorded with accounts payable for amounts owed as of that date.

Construction Commitments and Encumbrances. As of June 30, 2015, the County has outstanding encumbrances as follows:

General Fund	\$ 282,803
Highway Fund	3,106,487
Nonmajor Governmental Funds	<u>1,863,965</u>
Total	<u>\$ 5,253,255</u>

10. CONDUIT DEBT

From time to time, the County has issued industrial development revenue bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. The County is not obligated in any manner for the repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. At June 30, 2015, 18 series of bonds were outstanding, with an aggregate principal amount payable in the amount of \$198,445,915.

11. PENDING GOVERNMENTAL ACCOUNTING STANDARDS

GASB Statement No. 72, *Fair Value Measurement and Application*, addresses accounting and financial reporting issues related to fair value measurements. The definition of fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market guidance for determining a fair value measurement for financial reporting purposes. This statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. The provisions of this

statement are effective for financial statements for the County's fiscal year ending June 30, 2016.

GASB Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, establishes financial reporting standards for state and local governmental OPEB plans that are administered through trusts or equivalent arrangements and for governments that hold assets accumulated for purposes of providing OPEB through defined benefit OPEB plans that are not administered through a trust or equivalent arrangement. The provisions of this statement are effective for financial statements for the County's fiscal year ending June 30, 2017.

GASB Statement No. 75, *Accounting and Financial Reporting by Employers for Post-Employment Benefits Other Than Pensions*, replaces the requirements of GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Post-Employment Benefits Other Than Pensions* and requires governments to report a liability on the face of the financial statements for the OPEB that they provide. Statement No. 75 requires governments in all types of OPEB plans to present more extensive note disclosures and required supplementary information (RSI) about their OPEB liabilities. Among the new note disclosures is a description of the effect on the reported OPEB liability of using a discount rate and a healthcare cost trend rate that are one percentage point higher and one percentage point lower than assumed by the government. The new RSI includes a schedule showing the causes of increases and decreases in the OPEB liability and a schedule comparing a government's actual OPEB contributions to its contribution requirements. The provisions of this statement are effective for financial statements for the County's fiscal year ending June 30, 2018.

GASB Statement No. 77, *Tax Abatement Disclosures*, increases the disclosure requirements for tax abatements affecting the government entity and its ability to raise resources in the future. This standard applies to a reporting government's own tax abatement agreements or agreements entered into by other governments and that reduce the reporting government's tax revenues. The government that enters into the agreement must begin disclosing (1) brief descriptive information, such as the tax being abated, the authority under which tax abatements are provided, eligibility criteria, the mechanism by which taxes are abated, provision for recapturing abated taxes, and the types of commitments made by tax abatement recipients, (2) the gross dollar amount of taxes abated during the period and (3) commitments made by a government, other than to abate taxes, as part of a tax abatement agreement. For governments impacted by other governments' tax abatements, the following must be disclosed: (1) the names of the governments that entered into the agreements, (2) the specific taxes being abated, and (3) the gross dollar amount of taxes abated during the period. The provisions of this statement are effective for financial statements for the County's fiscal year ending June 30, 2017.

12. SUBSEQUENT EVENTS

The JPA issued a payment to the Lincoln / Lancaster County Public Building Commission (PBC) on September 10, 2015, in the amount of \$1,139,424 to reimburse for construction costs of a sally port in the 605 Building owned by the County. The JPA Board made the decision to use remaining bond proceeds from the Series 2009 bonds on the sally port after consulting with Bond Counsel. It was determined that the sally port was an integral part of the overall project.

LANCASTER COUNTY, NEBRASKA

NOTES TO BUDGETARY COMPARISON SCHEDULES

Year Ended June 30, 2015

NOTE A - BUDGETS AND BUDGETARY ACCOUNTING

The County follows these procedures in establishing budgetary data reflected in the required supplemental information in accordance with the statutory requirements of the Nebraska Budget Act:

On or before August 1, the County Board of Commissioners prepares and transmits a budget for each County fund showing the projected requirements, outstanding warrants, operating reserve, cash on hand at the close of the preceding fiscal year, projected revenue collected from sources other than property tax and account to be raised by property taxation. The budget is prepared on a modified cash basis of accounting, which includes cash receipts and disbursements, modified for encumbrances. Encumbrances are also reflected as expenditures for budgetary purposes. At least one public hearing must be held by the County Board.

On or before September 20, the County Board of Commissioners, after the action of the State Board of Equalization and Assessment has been certified to the County Clerk, the budget, as revised, is adopted and the amounts provided therein are appropriated.

The County Board is authorized to transfer budgeted amounts between departments within any fund through resolution; however, revisions that alter the total expenditures of any fund require that an additional public hearing be held.

NOTE B - BASIS OF ACCOUNTING

Revenues and expenditures are not presented on a basis consistent with generally accepted accounting principles (GAAP) and are instead presented on a budget basis of accounting. The revenues and expenditures differ from revenues and expenditures presented in accordance with GAAP because of the different treatment of encumbrances and accruals (revenue recognition). All unexpended appropriations will lapse at the end of the budget year. However, some appropriations may be encumbered at year end and disbursed in the following year due to the nature of the project.

NOTE C - BUDGET LAW

The County is required by state law to hold public hearings and adopt annual budgets for all funds on the cash basis of accounting. Total expenditures for each fund may not exceed the total budgeted expenditures. Any revisions to the adopted budget of total expenditures to any fund require a public hearing.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING
STANDARDS*

INDEPENDENT AUDITOR'S REPORT

Board of County Commissioners
Lancaster County, Nebraska

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Lancaster County, Nebraska (the County), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated January 27, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and

material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT
ON INTERNAL CONTROL OVER COMPLIANCE

INDEPENDENT AUDITOR'S REPORT

Board of County Commissioners
Lancaster County, Nebraska

Report on Compliance for Each Major Federal Program

We have audited Lancaster County, Nebraska's (the County) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2015. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with

the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
