BEFORE THE BOARD OF COUNTY COMMISSIONERS
OF LANCASTER COUNTY, NEBRASKA

IN THE MATTER OF FIXING THE DATE,)
TIME AND PLACE FOR A PUBLIC)
HEARING REGARDING A REQUEST TO)
VACATE THE THIRTY FOOT WIDE PORTION)
OF SOUTH 10TH STREET LYING CONTIGUOUS)
AND ADJACENT TO THE WEST LINE OF)
BLOCK 18, PRINCETON, LANCASTER)
COUNTY, NEBRASKA)

RESOLUTION NO. R-14-0045

WHEREAS, the Board of County Commissioners of Lancaster County, Nebraska, (“the Board”), pursuant to Neb. Rev. Stat. § 39-1722 (Reissue 2008), received a report from the Lancaster County Engineer and the Lincoln-Lancaster County Planning Department regarding the vacation of the thirty foot wide portion of South 10th Street, lying contiguous and adjacent to the west line of Block 18, Princeton, Lancaster County, Nebraska; and

WHEREAS, the report from the Lancaster County Engineering Department is provided in Attachment “A”, which is attached hereto and incorporated by this reference; and

WHEREAS, the report from the Lincoln-Lancaster County Planning Department is provided in Attachment “B”, which is attached hereto and incorporated by this reference

NOW, THEREFORE, BE IT RESOLVED, by the Board as follows:

1) That a public hearing on the vacation for the aforesaid described road is hereby set for the 9th day of September, 2014, at 10:30 a.m., or as soon thereafter as is practicable, in the County Commissioners Hearing Room, Room 112, on the first floor of the County-City Building, 555 South 10th Street, Lincoln, Lancaster County, Nebraska.

2) That the Lancaster County Clerk should be and hereby is directed to publish this resolution once a week for three consecutive weeks in a legal newspaper of the County and is

further directed where possible to send copies of this resolution, either by registered or certified mail, to the owners of the land abutting on or adjacent to the portion of the road to be vacated, by mailing the same to the last known address of such owner not less than two weeks in advance of the above-referenced hearing date.

DATED this 12 day of August, 2014, at the City County Building, Lincoln, Lancaster County, Nebraska.

BY THE BOARD OF COUNTY
COMMISSIONERS OF LANCASTER
COUNTY, NEBRASKA

APPROVED AS TO FORM
this 12 day of
August, 2014.

Deputy County Attorney
for JOE KELLY

MEMORANDUM

RECEIVED

JUL 17 2014

LANCASTER COUNTY
BOARD

DATE: July 16, 2014

TO: County Board of Commissioners

FROM: Sara Hartzell, Planning

RE: Request for Vacation of a 30 foot wide portion of S. 10th Street, lying contiguous and adjacent to the west line of Block 18, Princeton, Lancaster County, Nebraska.

CC: Marvin Krout
Steve Henrichsen
Ken Schroeder
Terry Kathe

In accordance with County Resolution #14-0033, the Planning Department has reviewed the County Engineer's request to study the potential vacation of a 30 foot wide portion of S. 10th Street, lying contiguous and adjacent to the west line of Block 18, Princeton, Lancaster County, Nebraska.

This County road is not shown in the Lincoln-Lancaster County Comprehensive Plan Functional Classification Map for future paving or the Future Right-of-Way map for right-of-way acquisition, or as anything other than a local county road.

The land adjacent to this portion of road is shown on the east on the Future Land Use Plan as Future Urban Residential, is zoned R-Residential, and is within the unincorporated village of Princeton. The land adjacent on the west is shown as Future Agricultural, is zoned AG-Agricultural, and is in use as farmland.

Land to the east is in two residential parcels, the northern being owned by Martha L. Garcia (Lots 4-6, Block 18), and the southern by Larry M. and Debra S. Wathor (Lots 7 - 10, Block 18). Land to the west (Lots 28 and 39 I.T., NE Section 14-07-06) is owned by Leon H. and Nelvadine Lienemann. The Wathor's have complained of encroachment into the grass right-of-way, which they have landscaped and consider to be a part of their yard. There does not appear to be any encroachment onto the Wathor's property and all traffic appears to be staying well within the right-of-way along the east side. There may be some encroachment into the Lienemann property on the west.

This road connects Angus Blvd on the north to Broad Street on the south. If this road is vacated, both Angus Blvd and Broad Street will become dead end streets and provisions for allowing vehicles, including County maintenance vehicles, to turn around would have to be made at the ends of these two streets. The northern residential parcel (Lots 4-6) takes direct access from this road. The other two abutting properties do not appear to take access from this road. The road is well traveled and is in active use.

This vacation would not create any lots or parcels without frontage, but access to the northern residential parcel would have to be determined through the vacation process. This parcel currently takes access to S. 10th Street and its vacation would mean a new access would have to be created. It is not clear what the intent would be for turning land over to adjacent lot owners should the roadway be vacated. If the land owner to the northeast was to receive 15 feet (half the right-of-way) he/she may have to do some work to relocate the driveway on that property. If that land owner's drive remains in the same location he/she will become responsible for maintenance of that portion which was formerly maintained by the County.

Removing this road will cause a reduction in connectivity for the village. Judging by the apparent relatively high use of the road, this could cause inconvenience for other residents and visitors to the town. South 11th Street, which is the next north-south street to the east, is only built as a driveway on it's south half and does not allow for through traffic. The only other connection between Broad Street and Angus Street is S. 12th Street.

Removing this road will also leave two dead end roads with little likelihood of future cul-de-sac construction. County maintenance of this road may become difficult if snow plows and graders are not able to easily turn around without backing up.

After consulting with the County Engineer, the Planning Department would recommend exploring alternatives to resolving the issues being experienced by the Wathors. The preferred alternative would be to obtain additional land on the west to bring South 10th Street to a full 60 foot right-of-way and then regrading the roadway to ensure vehicles stay further from property lines. There may also be some options using signage to keep vehicles from crossing into the grassed shoulder.

The Planning Department does not recommend approval of vacation of this street. The vacation of this roadway does not meet the goals of the Comprehensive Plan for improving the efficiency, performance and connectivity of a balanced transportation system.

DEPARTMENT

Deputy County Surveyor

DATE: July 23, 2014
TO: Lancaster County Board of Commissioners
FROM: Ken D. Schroeder
County Surveyor
SUBJECT: RESOLUTION NO. R-14-0033
PROPOSED VACATION OF SOUTH 10TH STREET
IN UNINCORPORATED AREA OF PRINCETON

Pursuant to Resolution R-14-0033, this office has reviewed the request for vacating South 10th Street lying continuous and adjacent to the west line of Block 18 in the unincorporated area of Princeton as platted and located in the west half of Section 14, T7N, R6E, of the 6th Principal Meridian, Lancaster County, Nebraska and would offer the following comments:

- 1) South 10th Street (formerly named Sixth Street) was dedicated as a 30' wide public street by the platting of the Town of Princeton recorded in Plat Book 2, on Page 16 dated July 8th 1886.
- 2) It appears that 30' wide South 10th Street (formerly named Sixth Street) was platted as a half street right-of-way given that the recorded plat of Princeton states all streets are 60' wide except Broad and Main Street, which are 80' wide.
- 3) Currently there is a minimum width gravel roadway along South 10th Street with no substantial drainage ditch on either side.
- 4) Currently, South 10th Street provides access to one residence at 24024 South 10th Street and a secondary access for 1000 Broad Street.
- 5) South 10th Street connects Angus Blvd. on the north with Broad Street on the south and provides a significant roadway loop for safety vehicles, maintenance equipment and school buses.
- 6) It is unknown if there are existing utility easements or use in the area of proposed vacation, however, if approved a blanket utility easement should be retained.
- 7) Vacating South 10th Street would leave two dead end streets. There would then be the need to construct a turnaround at each dead end creating difficulties constructing within the limited space.

Therefore, in consideration of the above comments, this office would recommend denial of the vacation.

This office would offer a recommendation to pursue acquiring 30' for right-of-way from the adjacent land on the west to provide a standard 60' right-of-way width. The centerline of the roadway along South 10th Street could then be shifted west to be farther away from private property.
