

COMMUNITY SERVICE GUIDELINES

- Community service hours must be completed at **ONE** non-profit organization. If you are on for a Felony charge you may do 2 locations.
- Hours must be started within the **first 30 days** of your program. If hours are not started within 30 days an additional 5 hours will be added to your requirements.
- Hours may be completed at any registered non-profit. If you are unsure if it qualifies, check with your case manager before starting. Hours completed as part of a requirement for a Fraternity/Sorority do not count.
- You must provide the address of the organization, phone number, and name of the person signing off on the hours.
- It is your responsibility to track your hours on the provided time sheet or on a time sheet given to you by the organization.
- When contacting a location for hours let them know you are on diversion and must complete X number of hours in X amount of time.
- When you have completed your hours, turn in your signed time sheet and our office will request verification from the organization.
