

In November, 2013 the Police Standards Advisory Council adopted a physical fitness entrance standard for all incoming basic students. The purpose of the entrance testing is to ensure that the student has the physical capabilities to be able to perform the required essential job tasks necessary for certification.

The entrance fitness test is modeled after the Cooper Institute® Test and will consist of the following:

1. Vertical Jump – (1-2 minutes recovery)
2. 1 minute sit-ups – (5 minutes recovery)
3. 300 Meter Sprint – Measured 300 Meters on flat surface & timed (5-10 minutes recovery)
4. 1 minute push-up – (5 minutes recovery)
5. 1.5 mile run – Measured 1.5 miles on flat surface & timed (cool down 5 minutes)

These tests will be administered in the above listed order with the prescribed recovery periods between each test. Recovery between each test should be active (i.e. slow walking, gentle stretching)

To successfully complete the Physical Fitness Test, you must score an overall average of 30% on all testing completed which is based on gender and age norms.

The applicant is NOT required to score 30% on each individual test so long as your scores average to 30%. This test is scored based upon age and gender, so the percentages will vary for each applicant based upon those factors. The 30% for each age and gender grouping is as follows:

	Men 30% Standards				Women 30% Standards			
	20-29 yrs	30-39 yrs	40-49 yrs	50-59 yrs	20-29 yrs	30-39 yrs	40-49 yrs	50-59 yrs
