Lancaster County Treasurer Announces New Online Shopping Cart Feature

Lincoln, NE – August 17, 2018 – The Lancaster County Treasurer, Andy Stebbing has announced that citizens now have access to an online shopping cart tool to select and pay multiple tax bills with one convenient transaction.

Last week, the Lancaster County Treasurer's Office rolled out the new online shopping cart tool adding the capability to pay special assessments and redeem tax certificates. Stebbing said, "The development of the new online payment options with the shopping cart tool will advance our services and supports efficient tax administration." There are approximately 6,000 delinquent parcels at the current time and the Lancaster County Treasurer's office would encourage those who still need to pay their taxes to visit Lancaster.ne.gov/treasurer to view the current amount owed and pay online. "The enhanced online payment solution is an effective alternative method to paying taxes compared to sending payment in via the postal service," Stebbing noted. "We are really proud of the innovative and customer-centered features we have been able to add to the Lancaster County Treasurer's office," said Stebbing. There is a \$1.00 service fee to use an electronic check with your bank routing number and checking account number or a 2.35% service fee with a \$2.00 minimum to use any major credit card.

Citizens with questions about delinquent taxes or the new shopping cart feature online should contact the Lancaster County Treasurer's office by calling at (402) 441-7425 or via email at cotreas@lancaster.ne.gov.

The mission of the Lancaster County Treasurer's office is to provide excellence in public services while maintaining public trust, fairness and integrity. The Lancaster County Treasurers Office exists solely for the needs of its customers.
