Lancaster County Treasurer Announces Specialty and Message Plates Still Available for Transfer

Lincoln, NE – May 10, 2018 – The Lancaster County Treasurer’s Office has approximately 7,000 unclaimed specialty and message plates that were purchased by Lancaster County citizens during the 2017 plate year that are waiting to be picked up.

The plates can still be picked up at the Treasurer’s Office located at 625 North 46th Street. “I understand that life gets busy, and a purchase like this may be easy to forget as it takes a while to process the plates”, Lancaster County Treasurer Andy Stebbing said.

If you ordered specialty or message plates last year and are still interested in placing the plates on your vehicle, you have several options Stebbing noted. “If your vehicle is up for registration renewal, visit our 625 North 46th St location and we will transfer the plates at no additional cost.” If it isn’t time to renew your vehicle, you still can transfer the plates, however it will cost a state mandated fee of \$12.10. All specialty and message plates are available for pick up at the N. 46th Street location. If you have ordered specialty or message plates and have changed your mind please email CTOMVD@lancaster.ne.gov or call 402-441-7497 to relinquish the plates.

Stebbing said, “My hope is that this reminder will bring citizens in to collect the plates that they ordered from the state and reduce our plate inventory”. Citizens with questions about the specialty and message plates can call the Lancaster County Treasurer’s office at 402-441-7497.

The mission of the Lancaster County Treasurer’s office is to provide excellence in public services while maintaining public trust, fairness and integrity. The Lancaster County Treasurers Office exists solely for the needs of its customers.
